to Secretary Seward's dispatch declining Napoleon's proposal to mediate.

MOVEMENTS OF GEN. HOOKER.

Gen. Hooker had interviews with the President, Secretary of War and Gen. Halleck to-day, and returned to the army to-night.

THE REVISION OF ARMY REGULATIONS.

The Board of Major and Brigadier-Generals, which has been occupied for a fortnight in revising the army regulations, is nearly ready to report. It has made a number of important changes and additions. Gen. Cadwallader, who is a member of this Board, has received orders to report after its dissolution to Gen. Hooker.

DISMISSAL OF MAJOR HAIN.

Major Augustus Haine, additional aid-de-camp, has been dismissed the service for drunkenness.

PAYMASTERS REINSTATED.

So much of General Orders No. 208 of Dec. 18, 1862, as directs the muster out of service of additional Paymasters Henry Foote and Wm. E. Hoy is recinded by direction of the President, and they are reinstated.

DISMISSED THE SERVICE.

By direction of the President, 1st Lieut. Benj. F. Silva, 10th New-York Volunteer Cavalry, is dismissed the service, for allowing his command to be surprised by the enemy and captured while doing picket duty, Dec. 19, 1862.

THE GREAT UNION MEETING.

Daniel S. Dickinson is expected to be one of the speakers at the great Union meeting at the Capitol to-morrow.

IMPORTANT MOVEMENT IN NAVAL MOVEMENT IN NAVAL ARTILLERY.

The article on ordnance in the Paris *Moniteur* has attracted considerable attention here. The result of the attack on Fort McAllister has not been considered so satisfactory as newspapers have intimated. Our leading artillerists have just discovered that our guns do not carry powder enough; and it is stated on the best authority, that this Government has ordered cannon, which, instead of the present maximum of 35 lbs. of powder, will bear the explosion of 60, and possibly 70 lbs. A 450-pound shot driven by 60 lbs. of powder, will be the most destructive missile in Europe or America. At this time, preparations to supply such guns are in progress. So that France will find that the largeness of a shot has had less to do with the failure of our vessels to destroy a Rebel stronghold, than the insufficient charge of powder.

DEATHS IN HOSPITAL.

The following deaths have occurred in the Hospitals here since our last report:

Francis Howe, C, 9 N. H.	Jas. Bate, Serg., H, 7 Mich. C.
Rob. McClesland, G, 123 Pa.	Ed W. Whitney, 5 Me. Art.

To the Associated Press.

WASHINGTON, Monday, March 30, 1863.

SWISS CONSUL.

The President has recognized Jules Lane as Consul of the Swiss Confederation for the States of Missouri, Illinois and Kansas, and the Territory of Nebraska, to reside at St. Louis.

NOTHING FURTHER FROM VICKSBURG.

The Navy Department, up to 1 o'clock to-day, had received no dispatches confirmatory of the late report from Cairo that 6 iron-clads and 20 transports, with 15,000 men, had passed through the Vicksburg cut-off, and that Fort Greenwood had been surprised and captured, &c.

THE PAYMENT OF THE SOLDIERS.

The Paymasters for troops in North and South Carolina have been ordered to hold themselves in readiness to repair to their respective stations with money for our soldiers in those States. All of our troops will now be paid to the 1st of March, $80,000,000 being required for that purpose.

LETTERS OF MARQUE AND REPRISAL.

A misapprehension exists as to letters of marque and reprisal. The Navy Department has nothing to do with the subject, which belongs to the State Department.

REBELS SUPPLYING THEMSELVES IN THE SHENANDOAH VALLEY.

The Shenandoah Valley from Front Royal to Berryville having never yet been fully drained of its agricultural supplies like other portions, may account for the reported presence in that section of Gen. Fitzhugh Lee, who was said to be lurking about Front Royal with his scouts and pickets, ranging down among the Bull Run mountains. They recently burned the temporary bridge with which our forces had replaced the stone bridge over Bull Run, destroyed in the first campaign. There is no doubt Rebel agents are collecting grain and other supplies in Loudon and Fauquier Counties.

REPORTS BY REBEL DESERTERS.

Deserters recently from the Rebel lines speak of the general good health of the troops composing the Army of the Rappahannock, notwithstanding the coarseness and scarcity of their food. The information of these deserters is limited, owing to the extreme caution of the commanding officers in preventing one brigade from communicating with another as to their relative strength, position, &c. Their impression is, however, that the army has not been largely diminished, and that the places of the old troops withdrawn have been partially supplied with new levies. The Rebels are still engaged extending their earthworks all along the line of the Rappahannock, particularly toward Port Royal.

THE RESPONSE OF A PLUCKY INDIAN.

In the interview, to-day, with the Ute Chiefs, whose tribe occupy a portion of Colorado Territory, the Commissioner of Indian Affairs informed them if they created a disturbance with the whites a sufficient military force would be sent to put them down; whereupon the head Chief coolly expressed a doubt whether the Government has the power to do so. These Indians, though of roving habits, claim the ownership of large tracts of land.

The War in Kentucky.

LOUISVILLE, Monday, March 30, 1863.

Passengers from Winchester report that Humphrey Marshall, with a heavy infantry force is near Mount Sterling.

The Rebels are driving stock from all the places they occupy temporarily towards that place. Many citizens in Mount Sterling are coming toward Lexington.

All is quiet along the Nashville Railroad.

From San Francisco—Rumored Movement by Secessionists to Capture the Arms of the State.

SAN FRANCISCO, Monday, March 30, 1863.

Arrived—Ship Rangoon from New-York, and the steamer Brother Jonathan, from the Northern coast, bringing $60,000 in treasure.

There has been considerable excitement for the past three days in consequence of rumors that 200 Secessionists, secretly organized in Napa County, were about to make a sudden night attack on the Benicia Military Station and Mare Island Navy-Yard, for the purpose of capturing the arms and magazines, leaving the State nearly unprotected in the event of success. The rumors were so far credited by the Government officials that the steamer Saginaw was ordered to the island on Saturday, and the Benicia garrison kept under arms night and day. Nothing has transpired to confirm the rumors, but the officials appear to have information which is withheld from the public.

THE WAR IN THE SOUTH-WEST.

The Raid Into Kentucky a Failure.

15,000 Union Troops at Savannah, Tenn.

GRENADA IN OUR POSSESSION.

Grant's Forces Surrounding Vicksburg.

Great Destitution in Rebeldom.

EAST TENNESSEANS STARVING.

THE SUNFLOWER RIVER EXPEDITION.

CINCINNATI, Monday, March 30, 1863.

The Rebel raid in Kentucky has proved a failure.

The Commercial's Murfreesboro special dispatch says: "The Rebels report 15,000 Federals at Savannah, Tennessee; that Grenada is in our possession, and that Gen. Grant's forces are surrounding Vicksburg."

The Anderson (Pennsylvania) cavalry troop has been mustered out of the service.

The Montgomery Advertiser contains a patriotic appeal from Yancey, Clay, Curry, and other Rebel Congressmen from Alabama, to the Southern people to plant corn and raise hogs and beef.

The reports touching the scanty supplies of the Rebels are well confirmed.

The Advertiser publishes an official advertisement of the Rebel Commissary appealing to the public for food, supplies of bacon, for which he is authorized to pay 50 cents a pound, or to give one and a half pounds of sugar for one of bacon.

The people in East Tennessee are in a starving condition. Flour was $55 a barrel at Knoxville.

Memphis dispatches say it is known for certain that the Sunflower River expedition has arrived safely at its destination, and that a large force under Gen. Sherman has landed above Haine's Bluff.

Negro Camps at Cairo Broken Up.

CAIRO, Monday, March 30, 1863.

By an order from Gen. Hurlburt, all negro camps in Cairo and Columbus are to be broken up. All not in actual service of the United States will be sent to Island No. 10 and set to work.

Adjt.-Gen. Thomas reviewed the troops at Cairo to-day.

The Anderson Cavalry.

PHILADELPHIA, Monday, March 30, 1863.

It is understood here that the portion of the Anderson Cavalry mentioned to-day in a Cincinnati dispatch as having been mustered out of service, consisted only of the original troop, the main part of whom have been made officers of cavalry regiments, only about 20 remaining.

These have been honorably discharged, having performed two years' active service in the field. The Anderson Cavalry Regiment will continue its organization intact.

Capture of Contraband, Boots and Night Gowns.

BALTIMORE, Monday, March 30, 1863.

A carpet bag was seized by the Provost Marshal's officer to-day, while on the way to Richmond, and was found to contain packages addressed to various distinguished individuals in Rebellion from Baltimore Secessionists.

Among other things a splendid pair of boots for Jeff. Davis, and two fine linen night-gowns elaborately embroidered, a present for Mrs. Jeff. Davis from some of our feminine Rebels, were found. It has been suggested to send these night-gowns to Mrs. Lincoln.

Meeting for the Aid of Soldiers and Sailors.

CINCINNATI, Monday, March 30, 1863.

An enthusiastic meeting in behalf of the United States Christian Commission for the Army and Navy, was held to-night. The Rev. L. M. R. Thompson, D. D., the Rev. B. M. Childlaw, the Rev. A. S. Thompson, and Gen. Burnside, made stirring addresses.

The General fully indorsed the Commission in its labors of love for the sailor and soldier, and the audience testified its appreciation of the work by liberal contributions.

Promotions in New-York Regiments.

ALBANY, Monday, March 30, 1863.

The following are promotions in the New-York regiments:

107th, Newton P. Colby, Lieutenant-Colonel; Wm. F. Fox, Major; 42d, Jas. E. Mallon, Colonel; 91st, George W. Stackhouse, Major.

Col. De Forest, 81st Regiment, has resigned.

News from Mexico.

SAN FRANCISCO, Monday, March 30, 1863.

Dates from the City of Mexico to the 10th of March have been received. The army, having provisions for three months, had advanced within eight miles of Puebla.

The camps were visible from the tower of the Puebla Cathedral. Some skirmishing had taken place. The Mexicans were expecting an attack in a few days, and were making every possible preparation for a desperate resistance.

Court of Appeals.

ALBANY, Monday, March 30, 1863.

In the Court of Appeals, Tuesday and Wednesday are set apart for a hearing in the case of Ross agt. Ross No. 13.

Opening of Navigation.

If the genial sunshine of yesterday should continue during the week there is every reason to believe that the North River will be open for the season, and navigation fully resumed by Monday next. The river is now quite free of ice between this city and Poughkeepsie, and above that point in spots. The Daniel S. Miller, the first boat of the season, started for Coxsackie last Saturday evening, but got fast in the ice at Bristol, where she still remained yesterday morning. The heavy rains of the last week and the succeeding mild weather wrought a decided change in the river in the vicinity of Albany, and opened ferry communication in that locality. Navigation was suspended earlier last year than for several years previous, many of the boats being laid up on the 5th of December. On the 31 of April, 1862, notwithstanding the ice in the river, navigation was resumed, a boat that day reaching Albany from Coxsackie.

During the last two months, a large number of mechanics have been engaged in repairing and overhauling the river boats and getting them in readiness for business. Some changes have been made, in consequence of the purchase or charter of boats by Government, but, with a few general exceptions, very nearly the same craft will be employed this year as last. Between here and Kingston and intermediate places, steamboats have already commenced running, and are many days the westerly side of the city from West Tenth street to the Battery will awaken from its hybernation, and once more teem with all the life, activity, and enterprise which characterize our vast commerce with the interior.

We refer to some of the most prominent lines that have completed the arrangements for the coming season. The New World and Isaac Newton will form the People's Line between here and Albany; the Francis Skiddy and C. Vanderbilt the line between this city and Troy, and the Daniel Drew and Armenia the day line. The Francis Skiddy will be laid up as a spare boat as soon as the great steamer Dictator is completed. It is stated that a new and spacious day boat will be placed on the Albany route in a few days by Mr. Van Santford of the Swiftsure Line. She now lies at the foot of Franklin street. Her boilers and machinery are in, and joiners are engaged in completing her upper works.

The steamers Connecticut and Oregon will form the New-York and Hudson Line, and will commence operations on Wednesday. The Knickerbocker and J. W. Baldwin will run to Rondout and Kingston. The Thomas Cornell, as soon as completed, will take the place of the Baldwin. The steamer R. Donaldson will run to Barrytown. The Rip Van Winkle to Saugerties. The Thomas Powell to Catskill. The Isaac P. Smith to Haverstraw. Mary Powell to Newburgh, Poughkeepsie and Rondout. Aurora to Yonkers and Haverstraw. The Broadway to Yonkers, &c. Mohawk to Newburg. The Wm. Kent to Poughkeepsie, and the Thomas Hulse to Fort Lee. In connection with the navigation on the North River we give the following table showing the date of the opening of the Hudson for the last thirteen years.

1850	March 10	1857	March 18
1851	Feb'y 28	1858	March 19
1852	March 26	1859	March 3
1853	March 29	1860	March 6
1854	March 17	1861	March 6
1855	March 27	1862	April 3
1856	April 16		

Navigation on the Connecticut River was resumed a few days ago, and during the usual season the steamer City of Hartford will run between here and Hartford, and the Elm City and Granite State between New-York and New-Haven. Sound navigation has been uninterrupted this Winter. The Metropolis, Bay State, Empire State and State of Maine will form the Fall River line, and the Plymouth Rock and Commonwealth the Stonington line, and the City of Boston and the City of New-York, by way of Norwich, to Boston for the season.

The formal opening of the canals of the State will not probably be earlier than the 25th of April, and we learn that preparations are making for an extensive business during the coming season. A line of steam packets for passengers and freight between Utica and Syracuse has been projected.

Navigation between New-York and Newark is open, and freight boats run regularly, making two trips a day. The steamer Thomas P. Way has been taken off the passenger route and Chicoppe substituted.

The Morris Canal will soon be ready for the passage of boats. Water was let in last week and operations will probably commence during the present week.

NIBLO'S GARDEN.—A crowded and delighted audience welcomed last evening the return of Matilda Heron to this theater, and the revival of "Edith; or, the Earl's Daughter." Of the quality of the play we have heretofore spoken, as well as of the exceeding power and effectiveness with which the vital incidents of the novel are wrought into a dramatic form. Miss Heron's acting exhibits the same vigor and intensity as at the time of its original representations, earlier in the season; and the ardent applause of the audience showed unabated interest in the drama as well as unfeigned appreciation of Miss Heron's noble personation of the leading character. The general performance was all that could be wished for. "Edith" will be repeated every evening this week.

DEATH OF THE CAPTAIN OF THE QUEEN OF THE WEST.

The Picayune learns from *The Louisiana Democrat* of March 4 that Capt. J. D. Thompson, who commanded the Queen of the West when she sailed under Union colors, died in Alexandria on the 25th ult., and was buried in one of the city cemeteries on the following morning. *The Democrat* says that Capt. Thompson was wounded in the leg on the Atchafalaya, and was taken prisoner when his boat was captured at Fort De Russey, Red River. He was taken to the house of a private family and had every attention given him by the physicians who attended him, and was well and kindly nursed.

TO MILITARY MEN.

From Milton P. Pierce, esq., Commandant Pierce's Sharpshooters, Buffalo, N. Y.—"Every Drill-Master, or officer who drills his men, suffers to a greater or less extent from Irritation of the Throat. I have at times suffered severely, especially when afflicted with a cold so common to camp life. A few weeks since I was suffering from Sore Throat and Excessive Hoarseness, when a friend of mine (a clergyman) advised me to use your "BRONCHIAL TROCHES." I tried them and found the relief almost instantaneous. I keep them in my pocket when on drill and find them a sure relief. No officer should be without "BROWN'S BRONCHIAL TROCHES." I cannot forbear to record, unsolicited, my humble testimonial in favor of your "BRONCHIAL TROCHES."

CATARRH CURED
BY
DR. VON EISENBERG.

From The Journal of Commerce.

EXCITING NEWS FOR THE DEAF.—An instrument called Dr. Von Eisenberg's Air Passage Expander and Regulator, a gigantic machine, weighing nearly five hundred pounds, about five feet in hight, a most wonderful apparatus for restoring sight and hearing, has just arrived for Dr. Von Eisenberg, the celebrated Oculist and Aurist, and will be on exhibition at the Doctor's office, No. 816 Broadway, for a few days previous to its use. The instrument is constructed decidedly on the most scientific principles. To give a detailed description would require a greater space than we can now spare. Our Oculist and Aurist seems to do everything in the line of his profession on a gigantic scale. The new instrument for restoring hearing to the deaf and sight to the blind is so constructed that it cannot fail to open the most obstructed air passages. His new consulting rooms, No. 816 Broadway, are correspondingly magnificent, and his practice as Aurist and Oculist large and eminently successful.

From The New-York Evening Express, Feb. 14, 1863.

SENSATION AMONG THE DEAF.—The unrivaled skill of Dr. Von Eisenberg, the far-famed Oculist and Aurist, of No. 816 Broadway, has made quite a sensation among the Deaf and Blind by his wonderful cures, which attract the Deaf, Blind, and those suffering from Chronic Catarrh, from all parts of the Union to his office. The number of his certificates of really wonderful cures swells daily. For the benefit of sufferers, we submit the following, which requires no comment:

NEW-YORK, Feb. 9, 1863.

I have been completely deaf in one ear, and partially so in the other, for above seventeen years, with a disagreeable discharge from both ears, combined with continual rumbling noise in the head, for which I have been treated by a most eminent practitioner in the city without the slightest relief.

I consulted Dr. Von Eisenberg, but I must candidly say that I had no faith in his success when I did so. It is, therefore, due to Dr. Von Eisenberg to acknowledge that I am entirely cured; also, that he displayed that skill and knowledge which have procured for him such an unrivaled reputation. As I have had an opportunity of comparing his mode of treatment with that of others, I can truly state that it is not only superior, but the principles which direct his mode of restoring the hearing are, in my opinion, certain.

JOHN TAYLOR,
No. 55½ Leonard-st., New-York.

NEW-YORK, July 19, 1862.

This certifies that my mother has been for some time afflicted with partial deafness, suffering from pain and rumbling noises in the head, together with other indications of a *total loss of hearing*. Dr. Von Eisenberg removed from her ears a great quantity of matter, together with coagulated blood, relieving her instantaneously, and all without pain. It is with grateful thanks that I give this testimony to his skill.

CARROLL J. POST, No. 28 South-st.

NO. 178 MERCER-ST., NEW-YORK.

J. E. VON EISENBERG, M. D.—Dear Doctor: I have been afflicted with total deafness, and was induced to pay you a visit. No one can imagine my delight when, after one operation, my hearing was suddenly, and without pain, restored to me, for which I feel very grateful. After being totally deaf—almost shut out from the pleasure of using so necessary a sense—to have it returned, and to hear so distinctly, reflects great credit on you for the immense amount of skill you possess. I beg to thank you for what I can so truly appreciate.
I am, Sir, your obedient servant,

EDWARD TEMPLE HARRISON.

NEW-YORK, Nov. 6, 1862.

DR. VON EISENBERG—Dear Sir: Before taking leave of you, after your most successful operation on my ear, allow me to express my sincere thanks that, by your scientific surgical performance, I am enabled to hear *distinctly*, and enjoy a pleasure of which I have long been deprived—over a year. May you be rewarded by being enabled to perform many similar, to benefit other sufferers, and to your own emolument.

Allow me to present my kindest regards, and assure you of my grateful remembrance. Respectfully,

A. McDONALD REYNOLDS,
Captain Marines, United States.

CHRONIC CATARRH CURED.

READ.

NEW-YORK, March 20, 1863.

This is to certify that I have suffered from very severe CHRONIC CATARRH with a dull heaviness in my head. I felt my nose completely stopped up, accompanied by continual soreness of the THROAT; the chills stealing over me with occasional hot flushes, a great tightness of the chest and pain, so much so that every one thought it was consumption. Having heard of the great cures performed by Dr. Von Eisenberg, I consulted him with but little hope of a cure. I am now happy to be enabled to add my testimony to the great number already in the Doctor's possession as to his scientific and successful mode of treatment as he has shown in my case that skill and knowledge which have procured for him so great a reputation. I am so entirely restored to perfect health that I do most sincerely recommend all sufferers from CHRONIC CATARRH and SORE THROAT to apply at once to Dr. Von Eisenberg with a certainty of being cured.
