MONDAY, April 27, P. M.

The Stock market was very active this morning and the tendency of quotations was upward. The excitement in some of the leading shares was very great. Erie Common sold to the extent of 8,000 shares, improving from 82⅞ to 84¼. Preferred was also strong at 101⅞@102. Pacific Mail improved ¼ ⅌ cent. Hudson River was weak at 114¼ at the close; Harlem sold to fair extent at 69⅞@70. In the Western shares the movement was large at full prices. Governments were in fair demand at full prices. The Bond market was firm. For 3d Mortgage Hudson River 118 was bid, and no bonds offered. At the Second Board the market was strong at the opening, but under large realizing sales the full prices were not maintained. The business was large and the orders among the commission houses were well distributed, and indicated that the public were taking a large interest in the Stock movement. The demand for Cleveland and Pittsburg is unabated; some large amounts were taken to-day for permanent investment at 79. The earnings of the road for the year will, it is stated, not fall far short of $1,800,000. Those of Fort Wayne for the same period are estimated at $5,000,000, making the aggregate earnings of the two roads at $6,800,000, of which Cleveland and Pittsburg receives 26 ⅌ cent, or $1,768,000. Under the present arrangement, the expenses are estimated by the Company as low as 40 ⅌ cent of the gross earnings. Calling them 50 ⅌ cent, would give the Cleveland and Pittsburg road net $884,000, deduct for interest and rents $352,000, leaving $532,000; applicable to dividends, on $3,882,712, of stock, or nearly 15 ⅌ cent. At the 4 o'clock Board, the movement was active, with some reaction from the highest point. At the latest moment the market was strong at: U. S. 6s, 1881, Registered, 105⅛@106; U. S. 6s, 1881, Coupons, 106@106⅛; U. S. Treasury Notes, 7 3-10, April and October, 100@100⅛; U. In foreign bills the market has been irregular, under the fluctuations in gold. The quotation for gold is nominally 165@166.

Gold has been heavy during the day, under various influences, and, after selling at 154⅛, closed, with wide fluctuations, at 149⅞, bid. The generally favorable condition of the military situation checks the disposition to speculate in the precious metal.
