RESULTS OF FOOD

Health and Natural Conditions Come From Right Feeding.

Man, physically, should be like a perfectly regulated machine, each part working easily in its appropriate place. A slight derangement causes undue friction and wear, and frequently ruins the entire system.

A well-known educator of Boston found a way to keep the brain and the body in that harmonious co-operation which makes a joy of living.

"Two years ago," she writes, "being in a condition of nervous exhaustion, I resigned my position as teacher, which I had held for over 40 years. Since then the entire rest has, of course, been a benefit, but the use of Grape-Nuts has removed one great cause of illness in the past, namely, constipation, and its attendant evils.

"I generally make my entire breakfast on a raw egg beaten into four spoonfuls of Grape-Nuts, with a little hot milk or hot water added. I like it extremely, my food assimilates, and my bowels take care of themselves. I find my brain power and physical endurance much greater and I know that the use of the Grape-Nuts has contributed largely to this result.

"It is with feelings of gratitude that I write this testimonial, and trust it may be the means of aiding others in their search for health." Name given by Postum Co., Battle Creek, Mich.

There's a reason.

Look in each pkg. for the little book, "The Road to Wellville."
