AN 8% PROPOSITION

FOR several days we have offered through the columns of the St. Louis papers an 8% dividend paying, preferred stock, these dividends being payable 2% each quarter. A great many have taken the trouble to come to our offices, and after carefully investigating our plans and resources have invested.

We believe it will pay you to see us and avail yourself of the excellent opportunity to get 8% upon your money in a good solid business proposition. We are not new in the business, and offer you no prospects, but a bona-fide working plant already in operation. We are constantly adding to our equipments and earning capacities.

The American Lead & Baryta Co. has, as its holdings, lead, zinc and baryta, vast timber tracts, good farms and stores; in all, 26,000 acres of land.

For several years our offices have been located in the Wainwright Building, from which we have just moved to our new centrally located offices in the Mercantile Club Building, at Seventh and Locust streets, representing several companies organized under the same management. In the past three years we have paid over $400,000 in dividends to the stockholders, who number at the present time nearly 1,000, including bankers, merchants, business men, professional men, school teachers, and in fact every walk in life, to whom we can refer.

The holder of this preferred stock, upon 60 days' notice, can have the same redeemed at this office for its face value.
