Proposals.

ORDNANCE OFFICE, WAR DEPARTMENT,
WASHINGTON, Oct. 2, 1863.

SEALED PROPOSALS will be received at this office until the 20th day of October next, for BANDING and HOOPING the 42-pounder guns at the Forts and Arsenals of the United States in the Atlantic States, amounting in number to 200 more or less.

The guns will be delivered at, and removed from, the establishment where the work is to be done at the cost of the United States.

Proposals for those on the Pacific coast—about 50 in number—will be received until the 15th of December next, and in the case of those the guns will be delivered at San Francisco or its vicinity.

The guns are to be turned down to a true cylinder for the length of twenty-seven inches from the rear of the muzzle, prepared to take a band of the best wrought iron, the interior diameter of which will be twenty inches, and its thickness three inches.

The band is to be bored with a new Rush of pure ingot copper, one inch in diameter and about nine and a half inches long, and bored with a vent of two-tenths of an inch.

Transfers of the gun in its original form and with the band put on can be seen at this office, at the Watertown Arsenal, Mass., at the Watervliet Arsenal, and at the New-York Arsenal, No. 45 Worth-st., City of New-York; at the Arsenal at Bridesburg, Pa.; and at Allegheny Arsenal, Pittsburgh, Pa.; at the Fort Monroe Arsenal, Va.; at Louisville, Ky., and Rock Island Arsenal.

The work is to be done to the entire satisfaction of the officer who will be appointed to superintend it; and payment will be made in full for each gun upon his certificate of inspection and receipt.

Proposals will state the price per gun for the whole quantity, distinctly to detail the manner in which it is proposed to put on the bands, the number they will bind per hour, and the time within which they will be required to do the whole work. The method and the time required for fitting the rear of the gun to the piece will be important elements in considering the bids and awarding the contract.

No bids will be considered from any parties but such as are actually engaged in the manufacture of iron and heavy machinery, and who are, in the opinion of this Department, fully prepared to execute the work. In the case of parties not known to this Department, evidence to the foregoing effect must accompany the proposal.

Bond with satisfactory sureties, to the amount of fifty per cent of the bid, will be required for the fulfilment of the contract, and the Government reserves the right to reject any or all bids, if deemed unnecessary.

Proposals will be indorsed "Proposals for Banding 42-Pounders," and will be addressed to Brigadier-General George D. Ramsay, Chief of Ordnance, Washington City.

GEORGE D. RAMSAY,
Brigadier-General, Chief of Ordnance.

Bids will be considered for the whole or any part over less than 10,000 staves at the quantity required. Performing offers which may be accepted, will be required to give security for the faithful performance of any contract which may be made with them, and are requested to mention the names of such persons in their offers.
