Amusements.

ACADEMY OF MUSIC.—The "Macbeth" entertainment given at the Academy of Music last evening for the benefit of the United States Sanitary Commission was, both artistically and financially, a brilliant success. The performance lasted until too late an hour for us to give any detailed criticism of it, but the reader need hardly be told that Miss Cushman's powerful rendering of Lady Macbeth was the great treat of the occasion, and that no actor in the country but Mr. Booth could have seconded her so well in the character of Macbeth. We have only time to add that the play was admirably cast throughout, and that the performance, beside adding some $3,000 to the fund of the noblest charity in the land, deserves to be recorded as the greatest theatrical success of the year.

NIBLO'S GARDEN.—By special request, Mr. Forrest, instead of repeating his Metamora this evening, will appear again in his favorite character of Spartacus.

GOTTSCHALK and HOPKINS'S first subscription concert in Brooklyn, on Wednesday evening, was a great success. Both pianists were deservedly applauded, especially after the second duet, "Waterfall Nymphs." Miss Abby Fay made her debut, and had a *succès d'estime*, although her ballad-singing is not as fine as her Italian efforts. Young Carlo Patti made a sensation with his violin, and Mr. L. J. Lewis was encored after his second song. Messrs. Gottschalk and Hopkins give their second concert on Saturday, at the Aquarial Hall, which was opened by them for the first time on Wednesday, and which is destined to become the fashionable and favorite *Salon de Concert* of our sister city.

Business Notices.

A WORD ABOUT AMERICAN WATCHES.—After a THOROUGH TRIAL of more than TEN YEARS the THIRTY PIECES manufactured by the AMERICAN WATCH COMPANY of Waltham, Mass., have gained a firm hold upon the favor of the public, and now no less than 80,000 of them are speeding for themselves in the pockets of the people. From a very feeble, almost beginning, the business has increased to an extent exceeding our most sanguine anticipations, and we are now justified in stating that WE MAKE MORE WATCHES THAN ANY HALF OF all the Watchmakers sold in the United States. Repeated enlargement of our factory buildings and the labor of 500 operatives, still find us unable to supply the constantly increasing demand. And we may here observe that, notwithstanding the high price of labor and materials, we actually sell our products at our prices from three current five years ago.

We refer to these facts only for the purpose of properly introducing another subject relative to our manufacture of Watches. It is our chief object here to be able to make good Watches for the million at the lowest possible price—something to take the place of the make-believe Watches, called "Anchors," "Lepines," "English Patent Levers," &c., so usually thrown upon this market, in countless numbers, by European watch-tinkers—watches which are the refuse of their factories, unsalable at home, and perfectly worthless everywhere.

This object we have accomplished, and now we have to announce that we have commenced the manufacture of Watches of the very

HIGHEST GRADE KNOWN TO CHRONOMETRY,

unequalled by anything hitherto made by ourselves, and surpassed by anything made in the world. For this purpose we have the amplest facilities. We have erected an addition to our main buildings expressly for this branch of our business, and have filled it with the best workmen in our service. Fronting by our long experience, we have remodeled the form of our Watches, introducing such improvements as have been suggested and proved to be good from time to time, and have instituted new and severe tests of locks, adjustment, and compensation. New machinery and appliances have been constructed, which perform their work with consummate delicacy and exactitude, and the choicest and most approved materials only are used. Nothing, in fact, is wanting, either in mechanical principles, material, or workmanship to insure perfection in the result.

We continue to manufacture our other well known qualities under the following names:

"APPLETON, TRACY & CO."
"P. S. BARTLETT,"
And the "Soldier's Watch,"
"WM. ELLERY."

The latter, the lowest priced watch we make, is a substantial, reliable piece, cased in sterling silver, hunting pattern, and is not liable to get out of order, either in marching, riding, or fighting. All the above described watches, including the FINEST, which is named "AMERICAN WATCH COMPANY" on the plate, are sold by watch dealers generally throughout the country.

MRS. O'LEARY, addressed to the Ladies of Brooklyn for the very large, refined, and intellectual audience that greeted her first appearance at the Athenæum, and for the warm and unabated interest with which they listened to her lecture, and their kindness in speaking so flattering of it afterward, takes pleasure in announcing this her second and perhaps last lecture in Brooklyn.

7th Regiment New-York National Guard—FOURTH COMPANY. New-York, October 21, 1863.
At a special meeting of this Company, held at the armory, the following resolutions were unanimously adopted:
Resolved, That being called upon to mourn the death of our late comrade and fellow soldier, Col. JAMES E. MALLON of the 42d Regiment, N. Y. Vols., who fell in the late engagement at Bristoe Station, Va., on Wednesday, Oct. 14, 1863, while commanding the 3d Brigade, 2d Division, 2d Corps, "Army of the Potomac," we, the members of the Fourth Co., 7th Regiment, N. Y. National Guard, desire to express the feelings we entertain in the loss of one endeared to us by the remembrance of his personal worth and integrity as an associate, and his valor and patriotism as a soldier.
Resolved, That the death of Col. Mallon has severed a fraternal bond long cemented by intimate and most pleasing fellowship, and while this Company mourns the loss of one of its most genial and useful members, the country is deprived of the service of a brave and useful soldier, and a skillful and heroic commander, who has won for himself a proud place in our nation's history.
Resolved, That we tender our heartfelt sympathy to the family of the deceased, and commend them to the Higher Power, with an earnest prayer that He will enable them to bear with fortitude their sudden and sorrowful bereavement.
Resolved, That an appropriate tablet be erected to his memory in our Armory, and that the members of this Company wear the usual badge of mourning for thirty days.
Resolved, That a copy of these resolutions be suitably engrossed and sent to the family of the deceased, and published in the daily papers.
