CITY ITEMS.

THE BROADWAY AMPHITHEATER.—Wallack's old Theater, after going through divers vicissitudes, has at last passed into competent hands, and in its present form of a first-class Circus, bids fair to become once more a favorite place of resort. The attendance on the opening night (Wednesday) was very large, and the performances—with the exception of the antics and speeches of the second clown—were the best of the kind that have been seen in New-York since the palmiest days of Nixon. The house has been thoroughly renovated and everything in the order of arrangements indicates both the desire and the capacity on the part of the management to keep a well regulated establishment. In addition to the regular evening performances there will be matinées every Wednesday and Saturday provided for the special benefit of ladies and children. It is not necessary to describe, in detail, the equestrian, gymnastic and other exercises that make up the entertainment; but we take pleasure in stating that they are in all respects unexceptionable, and that there is no place of amusement in town which we can more heartily recommend to our readers.

A concert will be given on Saturday evening, at Irving Hall. The 71st Regiment N. G. S. N. Y., with Dodworth's full band, Messrs. Deacon, Tessenger, Rochkeller, Schmelz, soloists. Twelve pieces will be performed. (The papers have a stupid way of saying that a band consists of 20 or 40 *pieces*, meaning players. They might as well say 20 or 40 bits, fragments, editions, or bootjacks. Pieces are what is played, and players play them.)

The report of Mr. Postmaster Wakeman's death, which prevailed in the city yesterday, was premature. Although for some time very sick, Mr. Wakeman was yesterday much better, and improving as fast as can be expected. In fact he rode out with Mrs. Wakeman during the day.

The National Freedmen's Relief Association sent to Newbern, N. C., by the steamer Albany, which sailed yesterday, Mrs. S. P. Freeman and Miss Kate Freeman, as teachers to the freedmen at that point.

HALF MAST.—The flags of the Russian, French and Italian ships of war lying in the North River were at half mast yesterday morning, as a mark of respect toward a Russian officer, who died last night on board of the Oslaba.

DEPARTURE OF CHIEF CLERK HAWLEY.—Among the passengers by the steamer for New-Orleans yesterday was Seth C. Hawley, esq., Chief Clerk of Metropolitan Police Department. It is rumored that he will receive a position on the staff of Gen. Bowen, Provost-Marshal of New-Orleans.

BOARD OF COUNCILMEN.—A quorum of the Board did not respond at roll-call. The Board, therefore, stands adjourned to Monday at 4 o'clock, p. m.

SUNDAY EXPRESS TRAIN TO ALBANY.—To meet the demand of public travel on the Harlem Railroad route, the managers have resolved to run express trains on Sundays between this city and Albany, leaving Albany at 9:15 a. m. and New-York at 4:25 p. m.

ANDREWS THE RIOTER.—Just before the State election the Copperhead organs made a great ado in relation to the alleged removal of Andrews the rioter from Fort Lafayette to Fort Warren. It was charged over and over again that the Unionists had caused his change of residence, and dare not bring him to trial, because some of them were implicated in his acts of riot and treason. Again and again the District-Attorney was notified that the prisoner was in safe keeping and at his disposal whenever he wished to try him. Several days ago the United States Marshal made application to the Department at Washington for Andrews that he might be surrendered to the civil authorities, when to his surprise he made the discovery that Andrews was at Fort Lafayette, and that he had not been removed to Fort Warren at all. The District-Attorney was yesterday notified of the fact that the prisoner was within easy reach, and he has made a partial promise that if he can find sufficient ground for commencing a prosecution, he will proceed with the trial.

FATAL TERMINATION OF AN AFFRAY IN WALKER STREET—A GERMAN MORTALLY WOUNDED.—At about 1½ a. m. on Thursday, an altercation ensued in front of the premises No. 87 Walker street, between a party of Italian musicians and some Germans, during which one of the latter, named John Stunn, was stabbed by one of the Italians, named Vincent de Nobilio, receiving injuries from which he died in a few moments afterward. The facts, as far as we can learn them, are as follows:

The three Italians, named respectively Jean Baptiste Fallatio, Joseph Curo, and Vincent de Nubilio, were engaged by Geo. Schleifl, keeper of a lager beer saloon at No. 87 Walker street, to furnish music for a private party given at his place on Wednesday evening. The musicians made their appearance at 7 p. m., and agreed to play until 1 o'clock a. m. on Thursday, receiving for their services the sum of $2. At the expiration of that time they declined to play any longer unless an additional amount was paid them, and the money not being forthcoming, they packed up their instruments and started to leave. They were followed by a party of Germans—a portion of those whom they had been entertaining—who attempted to detain them by force.

A fracas ensued, during which it is stated that one of the Germans, named John Stunn, struck Nubilio a violent blow in the face, causing the blood to flow quite freely. Infuriated at this attack, Nubilio drew a stiletto and stabbed his assailant, inflicting several terrible gashes in the left side of the face, and three in the left shoulder. One of the wounds in the shoulder extends to a depth of several inches, severing the left subclavian artery, causing death from loss of blood in a few moments. The unfortunate man resided at No. 79 Allen street. He was a single man, aged 30, porter in a store at the corner of Broadway and Walker street, and his employers give him an excellent character. He was to have been married on Sunday next to the niece of the proprietor of the saloon in front of which the mournful tragedy occurred.

The Italians, immediately after the affray, fled, but Nubilio was soon afterward arrested by the Sixth Precinct Police, at the corner of Broadway and Lispenard street. At the time of his arrest, the blood was flowing freely from Nubilio's nose. He stated to Officer Kavery that he had been beaten by a party of Germans in Walker street. The two companions of Nubilio were subsequently arrested at their rooms, No. 65 Laurens street. One of them threw away a loaded single-barrel pistol and a quantity of cartridges, which were afterward picked up by the officer.

Coroner Ranney held an inquest on the body at the Sixth Precinct Station-House, and the jury rendered a verdict that the deceased came to his death from wounds in the shoulder inflicted by a sharp instrument in the hands of Vincent de Nubilio, and they further declared that they believed it was done in self-defense. On the condition of this verdict, Coroner Ranney discharged the prisoner, with a reproof for carrying concealed weapons. The accused is only 17 years of age, and has been in the country but two weeks.

SHOOTING AFFRAY.—At about 10 o'clock on Wednesday night, William Ketelas, while passing from his residence, No. 32 East Thirty-first street, to Fourth avenue, was met by James and Malcolm Campbell, who said, "Ketelas, is that you?" He responded in the affirmative, and they immediately replied, "You are just the man we want to see." Malcolm Campbell instantly drew a pistol and aimed it at the head of Ketelas, who seized his arm and endeavored to prevent him from using it. His assailant then handed the pistol to his brother, who discharged it, the ball passing through the cheek of Ketelas, inflicting a severe but not fatal wound. The assailants then fled, and have not as yet been arrested, although the police are in pursuit of them. No cause is assigned for the assault, all of the party having heretofore been warm friends.

GAVE HIMSELF UP.—Philip Schmidt, the stage-driver accused of causing the death of Hugh C. Carey, on Wednesday, by knocking him down during an altercation, an account of which appeared in THE TRIBUNE of a late hour on Wednesday night, came to the Thirteenth Precinct Station-House and gave himself up. Capt. Sieers locked him up to await the action of the Coroner.

MESSAGE FROM HIS HONOR THE MAYOR.

A message was received from his Honor the Mayor, returning unapproved resolution giving to Mr. Robinson of number one hundred and fifty-three Spring street permission to keep a wooden image in front of his premises.

MAYOR'S OFFICE, NEW-YORK, Nov. 6, 1863.

To the Honorable the Board of Aldermen:

GENTLEMEN: I return unapproved the resolution giving to Mr. Robinson of No. 153 Spring street permission to keep a wooden image in front of his premises. Residents of that neighborhood have sent me a very urgent remonstrance against the resolution, and it appears to me proper to refuse such permission when there are so seriously objectionable to those who reside or do business in the vicinity.

The reasons referred to in his letter appended, and presented several special objections to the granting of the proposed privilege to Mr. Robinson. If the facts are therein correctly portrayed, they deserve your favorable attention, should you again attend to this resolution. GEORGE OPDYKE, Mayor.

Which was received, laid on the table for ten days, directed to be printed at length in the minutes, and published in all the papers employed by the Corporation.

A message was received from His Honor the Mayor, refusing authority to the consolidation of Saint Gabriel's Church, in the Thirty-seventh street, between First and Second avenues, East Thirty-seventh street, between First and Second avenues, and to allow the buttresses of the tower of the church four feet beyond the line of the street.

NEW-YORK, Nov. 6, 1863.

The Honorable the Board of Aldermen.

GENTLEMEN: I return without my signature the Resolution giving authority to the congregation of St. Gabriel's Church, in East Thirty-seventh street, between First and Second avenues, to extend the buttresses of the tower of their church four feet beyond the line of the street.

I believe that we have no legal right to give this permission. It would be void if granted, and could afford no protection against the legal proceedings which might at any time be taken, by property owners of the neighborhood, to remove the structure, so far as it rested upon the street. But as de from the legal objections to this resolution, it is obviously wrong to sanction any permanent encroachments upon the streets. This permission would set a bad precedent for such encroachments, and would, I fear, be followed by many applications for similar privileges, which it would be impossible to refuse, without being amenable to the charge of partiality.

In the present case, the proposed projection would prove a permanent obstruction to the view from adjoining property. Believing that we have no authority thus to interfere with the rights of property owners, and that if we had I would be wrong to exercise it, I must withhold my approval from this resolution. GEORGE OPDYKE, Mayor.

A message was received from his Honor the Mayor relative to removal of the Volunteer Barracks from the Park to the Battery.

Which was received and referred to Committee on National Affairs.
