WEDNESDAY, Dec. 2—P. M.

Gold opened at 149¾, but soon fell to 148¾@148, rallying to 149@149¼, and closing at 149. The market for Gold would be a steadily falling one but for the constant demand to fill three-day contracts by a large class of people, who act upon the theory that the Rebellion and Gold are upon the eve of falling together. Upon the street, Stocks were not active, except New-York Central, which rose to 136@136, under purchases to get stock upon which votes can be cast next week. The competing parties stick at no price, and altogether the contest is one of the most exciting in the history of the road. At the Stock Exchange, coupons of 1881 were quoted at 108¾@109; 7,30s, 106¼@106¾ for both issues. Border State Stocks weak; Tennessee 6s, 59@59½. Virginia 6s, 54½@55; Missouri 6s, 60¼@67; Canton Company, 32¼@32½; Delaware and Hudson Canal Company, 169@171; Pennsylvania, 180 bid; Quicksilver Mining Company, 6¼@63; Cumberland Coal, 31½@33½; Pacific Mail, 211@212; Central American Transit Co., 30. New-York Central dropped to 137@¾, and was offered at 133, seller 10, without buyers; Erie Railway fell from 105¼@¾ to 104½@¾; Erie Preferred, 100¾@101; Hudson River, 120½@121; Harlem, 80½@¾; Reading, 120½@¾; Michigan Central, 122½@123; Michigan Southern, 77½@77½. Illinois Central, 116@¾; Cleveland and Pittsburgh, 100½@¾; Galena and Chicago, 106½@107; Cleveland and Toledo, 112@¾; Rock Island, 102½@103; Burlington and Quincy, 112@115; Prairie du Chien, 51@52; Fort Wayne, 81½@¾. After the Board prices were lower, New-York Central holding the chief places, and falling to 135¾. Erie was weaker, closing at 104¾ on the street. Harlem, 80; Reading, 119—a fall of ½ ₱ cent; Michigan Southern fell to ¼; Illinois Central, ¼; Cleveland and Pittsburgh, ¼; Galena and Chicago, 1; Rock Island, ½; North Western, ½; Fort Wayne, ¼; Terre Haute and Alton, 3; and Cumberland Coal, 2½. At the Second Board as compared with the morning's rates, Coupons of 1881 fell ¼; Missouri 6s, ¼; New-York Central, 135½@136. Erie fell ¼, and Hudson River, ½. Harlem rose ¼. Reading fell ¼, to 118½. Michigan Central fell ¾; do. Southern, ¼. Illinois Central fell to 114½@115; Cleveland and Pittsburgh, ½, selling at 100½; Galena and Chicago fell 1; Canton 2. Quicksilver Mining Company, 62@63. Cumberland Coal rose to 30½@31. Rock Island fell ½, and Fort Wayne, ½. After the Board New-York Central fell to 135½. The closing prices were: Gold, 149½ bid; N. Y. Central, 135¾ bid; Erie, 104½ bid; Reading, 118 bid; Michigan Southern, 77 bid; Illinois Central, 114½ bid; Cleve. and Pittsburgh, 101½ bid, Rock Island, 102 bid; Fort Wayne, 80½ bid.

The business at the Sub-Treasury was: Receipts, $1,711,129 99—for Customs, $174,000; Payments, $2,644,983 94; Balance, $15,124,338 31.

Money is in good supply at 7 ₱ cent on call, but there is nothing doing at a less rate, nor are banks disposed to encourage any speculative movement. The delay in hearing from the army in Virginia, and the total absence of information as to the financial policy of the Government, make people hesitate in engaging in new monetary schemes. Parties holding commodities bought at high prices, and stocks at September quotations, are confident that borrowing is at an end by the Treasury, and that after a little legislation, legal tenders and Treasury notes at nominal interest will be reported to, and another inflation, exceeding that of 1862-3-4, be shown. On the other hand, prudent people are sure that the country has passed the necessity for using more currency, except that to be supplied by the National Banks, and that from this time, varied by spasmodic advances, prices will return to their natural position.

The deposits for 5-20s were over $750,000 today.

A Washington letter of the 1st says: "The first supply of notes for the National Bank was received this morning at the Treasury Department, and they will be distributed in a day or two. The new series of five-twenty bonds, will be ready, a part of them at least, by Saturday. It is extremely probable that this is the last description of bond bearing six per cent interest, payable in coin, which the Government will issue."

The following letter is of interest. A similar assurance on the subject of the 7.30 per cents has before been given from the Treasury Department, but may have been forgotten by many parties in interest:

TREASURY DEPARTMENT, Nov. 30, 1863.

SIR: Your letter, relative to the payment of the 7.30 Treasury Notes, is at hand. The decision of the Secretary in regard to the redemption of 7.30 notes is that being regarded as a part of the temporary loan, they will be paid in United States notes, unless holders prefer conversion to payment. The law provides that they may be converted before or at maturity (in sums not less than $500), into twenty years six per cent bonds, the principal and interest of which are payable in gold.

Very respectfully, M. B. FIELD,
Assistant Secretary of the Treasury.

Messrs. Livermore, Clews & Co. have removed to their new and spacious office, No. 32 Wall street. The improvements made by the new firm have converted the premises into one of the finest banking houses on the street.

The Galena and Chicago Union Railroad Company is in the market for a loan of $200,000 on 7 ₱ cent bonds, to be issued for the construction of a drawbridge across the Mississippi River at Clinton. The bonds will be $1,000 each, redeemable in 1884, and will be a lien upon the revenues of the road after its other indebtedness is canceled.

The Directors of the American Transit Company have made a call upon the stockholders for an installment of $5 upon each share of the capital stock, to be paid on Tuesday next. If not paid within three days after that time, the shares and all previous payments thereon will be forfeited.

Sterling bills are quoted 162½ for bankers.

The Persia took out $733,000 in specie.

The following resolution was adopted at a meeting of the stockholders of the First National Bank of this city, held this day at the Bank, No. 4 Wall-st.:

Resolved, That the business of this Bank now warrants an increase of capital, and that books for the subscription of $200,000, in shares of $100 each—making the capital $300,000—be opened at this Bank at 11 o'clock on Saturday, the 5th inst., and remain open until 2 o'clock of that day, unless the said amount is sooner subscribed, and that the amount so subscribed be payable on Monday, the 7th inst.

In this increase of capital stock due regard will be had to the provisions of the fifth article of association, which is as follows:

"The capital stock of this association shall be $200,000—but the same may be, from time to time, increased, subject to the limitations of the act, to any sum not exceeding fifty millions of dollars, and in such increase of capital each stockholder shall have the privilege of subscribing for such number of shares of the proposed increase of stock, as he may be entitled to, according to the number of shares owned by him before the increase is made. The shares of stock shall be $100 each."

From 11 to 12 o'clock on Saturday, the 5th inst., the present stockholders will have the privilege of taking their proportion of shares, according to this article of association.

SAML. E. THOMPSON, President.
JAMES CURPHY, Cashier.

The North American Fire Insurance Company have declared an interest dividend of 4 ₱ cent for the six months ending Nov. 1, 1863, payable on demand. Interest on the increased capital will date from Sept. 1.

The Atlantic Cotton Mills Company have declared a semi-annual dividend of 4 ₱ cent, payable on the 10th inst.

The Norwich (Conn.) Bank has declared a semi-annual dividend of 4 ₱ cent, free of U. S. tax, payable on the 7th inst.

The exports show a large gain upon last week but are less than for the corresponding week of last year. The following will show the exports (exclusive of specie) from New-York to foreign ports for the week ending Nov. 30, and since Jan. 1:

	1861.	1862.	1863.
Total for the week	$2,240,145	$2,868,919	$2,221,654
Previously reported	122,487,628	139,300,047	154,614,615
Total since Jan. 1	$124,817,773	$142,203,965	$156,836,269

The exports from Boston last week were $345,025, against $328,632 98 for the corresponding week in 1862. The imports for the same period were $633,586, against $202,685 for the corresponding week in 1862.

The Chicago Tribune under date of Saturday, p. m., reports:

The unsettled state of the gold market, and therefore the uncertainty of prices, have made operators more cautious. Hence the demands for money have not been so pressing, and currency relatively is not so scarce. As yet, however, bankers husband their resources, for there is no surplus.

New-York Exchange is closer. The buying price is still par @¼ discount, but the selling rate is nearly uniform at ¼. Few sell at 1-16 to customers, and one or two of the heavier houses may have conceded par on round lots, but they were the exceptions. The more usual buying price was ¼ discount.

The same authority reports the following extraordinary increase in the receipts of hogs at Chicago:

The receipts of Hogs during the present week, as posted daily on Chicago, were as follows:

MARKETS—CAREFULLY REPORTED FOR THE N. Y. TRIBUNE.
WEDNESDAY, Dec. 2, 1863.

ASHES—The market is less active, but is steady. Sales at $6 75@$8 62½ for Pots, and $9 75 for Pearls.

COTTON—Manufacturers having pretty well supplied their immediate wants, the market has relapsed into a quiet state without important change in prices, however; sales of a few hundred bales at 80c. for Middlings.

COFFEE—At the recent decline the market is pretty steady for Rio, and a fair inquiry prevails; sales of 1,000 bags on private terms. Late last evening the cargo of the Europa, 2,608 bags, was sold, but we refrained from publishing it the morning at the request of interested parties. Other kinds are quiet. We quote Rio prime at 36c.; do. good 35@35½c.; do. fair 34½@35c.; ordinary, 31@34½c.; do. fair to good cargoes 32@35c. Java Mats and Bags, 30@35c.; Ceylon, 34c.; Maracaibo, 31@34c.; Laguayra, 32@33c., all four mos., and St. Domingo, 28@29½c., cash.

COAL—The market for Domestic has been fairly active, but with large arrivals, prices are lower by the cargo, and many dealers have reduced their prices; sales from yard, $9 75@$11 ₱ ton. Foreign is still scarce, and is wanted; sales of 200 tuns Scotch Splint at $5 50, cash.

FLOUR AND MEAL—The market for Western and State Flour is less active and 1@2c. lower; the arrivals are fair, and Western upper Extras are lower; but State brands are firm, while Trade do. are easier and unsettled. The sales are 9,000 bbls. at $5@$5 15 for Superfine State; $5 20@$5 35 for Extra State; $5 40@$5 70 for Fancy State; $5 75@$7 25 for low grades of upper Lake Extras; $7 45@$7 55 for the low grades of Ohio; $7 60@$9 50 for Trade and Family brands, and $7 60@$11 75 for St. Louis Extras. Canadian Flour is quiet, but is firmly held. Sales of 550 bbls. at $6 25@$6 35 for the low grades of Extra, and $6 45@$9 20 for Trade and Family Extras. Southern Flour is in limited request, but is firmly held. Sales of 370 bbls. at $7 50@$8 10 for mixed to good Superfine Country Baltimore, &c., and $8 20@$10 75 for Trade and Family brands. Rye Flour is in good demand, and is quite firm. Sales of 400 bbls. at $5 75@$6, the latter for Extra. Corn Meal is dull, lower and nominal. Buckwheat Flour is salable at $3 25@3 37½ per 100 lbs.

FRUIT—The demand for all kinds continues moderate, and prices are somewhat weak, particularly for Raisins, which have arrived freely. We quote Bunch Raisins at $3 50@$3 55; Layer do., $3 90@$4 10; Citron, 35@36c., and Currants, 14@16c. Sardines are dull at about 37@38c. for half boxes, and 20½@21c. for quarter do. Of foreign green, we note sales of Havana Oranges at $7 50, and Bahamas do. at $8 ₱ bbl. Domestic dried is quiet, but steady; sales of Apples at 8@8½c. The arrivals of green Apples have been very large, but prices show no essential change. We quote at $2 25@$2 75 for mixed Western, and $3@$3 75 for selected lots do.

GRAIN—The Wheat market is more active, and is a shade better, influenced by the firmness of gold and exchange; the demand is chiefly for export, but in part for investment; the arrivals are fair and in excess of the demand, but as the season of receipts is now about over, and the stock on the market is unusually light, prices tend upward at the close. The sales are 117,500 bush., and consist of 14,000 bush. old Milwaukee Club in store, at $1 25; 43,000 do. new do., afloat, at $1 42@$1 44; 26,700 do. Amber do., afloat and in store, at $1 43@$1 46; 14,400 do. Chicago Spring at $1 40@$1 45; 7,000 do. good Red Western at $1 50; 22,800 do. Amber do. at $1 60@$1 62; 6,000 do. Canada Club at $1 42, and 900 do. good White Michigan at $1 60. Barley and barley Malt are less active, or rather dull, but prices are unchanged; the sales of common and fair State Barley were at $1 20@$1 45; Canada East do. at $1 45; $1 57 for Canada West do., and $1 15@$1 65 for good to choice State Malt. Oats are in good supply, and a shade lower, but in good demand at the concession; sales of Canada at 80@83c., and State and Western at 79@80c. Rye is still very scarce and held firmly at $1 30@$1 40; but the market is quiet. Corn arrives sparingly, but is less active and lower, closing quiet; prices, however, are very high, and relatively higher than Wheat, owing to the meager supply offering; sales of 49,000 bush. at $1 21@$1 22 for Western Mixed, in store.

HIDES—The decline in gold for a time produced considerable heaviness, but the subsequent improvement in the precious metal has made holders very firm in their views and full prices are now demanded. Business in nearly all kinds has been very limited, owing to the extreme rates demanded. We quote Rio Grande and Buenos Ayres, 28@29½c.; Orinoco, 24@27½c.; Maracaibo, 24@25c.; Matamoras, 26@27c.; Tampico, 23½@24c.; Vera Cruz, 24@24½c.; Porto Cabello, 25@26c.; Chagres, 25½@26c.; California, 29@30c.; do. dry salted, 20@21½c.; do. green salted, 13½@14c.; Dry Western, 22@23c.; green salted do., 11½@12c., and City Slaughter, 11@11½c. The stock on hand is about 175,000, against 113,000 same time last year.

HONEY—The market is not active, for want of stock, but prices are very firm. We quote Cuba in bond, at 28c., and do., duty paid, at $1 20@$1 25.

HAY—The market is quiet, and prices are not very firm; sales of 300 bales at $1 25@$1 30 ₱ 100 lb. Rye Straw is salable at $1; Oat Straw at 80c. ₱ 100 lb.
