the popular and dashing cavalry Commander, which alone is worth the price of subscription.

THE BISMARCK TRIBUNE

IS PUBLISHED

Seventy-Five Miles Nearer the Black Hills Gold Discoveries than any other Newspaper, and gives more Reliable Information concerning them than any other.

Persons looking for homes in the West, especially in the Red River and Missouri valleys, or at any point in the Northern Pacific country, will find more interesting and at the same time valuable information in the Bismarck Tribune than in any other newspaper.

All persons interested in the Northern Pacific should be among its subscribers.

Bismarck is situated at the present terminus of the Northern Pacific, on the Missouri river, in a prairie region having a deep rich soil, well adapted to agricultural purposes. Three lines of steamers ply on Missouri in connection with the Northern Pacific to Carroll, 600 miles above Bismarck, and to Fort Benton, 1800 miles above, while the Yellowstone river is navigable for 500 miles, giving Bismarck 1800 miles of navigable rivers above it, directly tributary to it, as well as a large extent of country below it.

It is located seventy-five miles nearer the Black Hills than any other railroad town, and affords the best outfit and inlet to the New Eldorado—not only the shortest but the safest and best route.
