☞ The faculty unite in recommending the celebrated external remedy, Hunt's Liniment.

The following letter from the highly esteemed physicians who have been attached to the Mount Pleasant State Prisons for many years, is the best evidence of the value of this celebrated Liniment.

Sing Sing, December 26, 1845.

My Dear Sir:—I received your note of yesterday, asking my opinion in relation to Hunt's Liniment, as prepared by Mr. George E. Stanton.—Knowing its composition, and having frequently used it, I can recommend it to you as a safe external remedy, and in my opinion the best liniment now in use. Very respectfully yours,

Col. P. Van Cortlant, A. K. HOFFMANT.

I fully concur in the above, W. N. BELCHER.

FEVER SORE.—The following letter has just been received from the hands of Dr. Benjamin D. Miller, of the cure of an old indolent ulcer, or Fever Sore. This person has been under the hands of several Physicians, and used every remedy yet found no relief, till he was induced to try Hunt's Liniment, which effected a perfect cure

Pinesbridge June 12, 1845.

Geo. Stanton, Esq.—Dear Sir:—For six years I have suffered with what is commonly called a fever sore on my leg. I can scarcely describe to you all I have endured for this long period, by this dreadful complaint, only about half of the time have I been able to work. I had it examined by several physicians, and tried many of the remedies of the day for this kind of disease, but none of them afforded me any relief. I sent for Dr. Miller and he recommended me to use Hunt's Liniment. I did so, and after using five bottles I am entirely well of a hideous sore, that I supposed would hang on me for life. I feel like a new man, and heartily recommend this Liniment to all suffering persons, that they may be relieved at once.

Most respectfully yours, OWEN O'SLAVIN.

Remember this Liniment is sold at the extraordinary low price of 25 cents a bottle. Who would hesitate when certain relief is to be had for a small sum.

Sold by every respectable druggist and merchant throughout the country.

Mrs. E. KIDDER'S

DYSENTERY CORDIAL

An immediate and perfect Cure for Cholera morbus, Dysentery, Diarrhea, Summer Complaints of Children, Sea Sickness, General Debility, &c.

WHERE this all-powerful antidote is at hand, Cholera, Dysentery and Chronic Diarrhoea are no longer to be seriously feared, or looked upon with terror—as this Cordial will most assuredly cure the disease in the source of a few hours, if taken at the commencement.

It has been before the public for more than sixteen years, and was the first article made known to the public as an immediate and perfect remedy for these complaints. It has been thoroughly tested in every country and every climate, and its effect has everywhere proved the same—SURE TO CURE, even where the disease has advanced to the last stage. The public may rest assured that it contains neither opium, or mineral substances, or anything that is in the least injurious to the constitution.

Cholera and Common Cholera Morbus.

This Cordial immediately checks the vomiting, relieves the pains, stops the Diarrhoea and restores the bowels to a perfectly regular and healthy state, however severe the attack may be, or however low the patient may have become, it invariably restores.

Severest Cases of Dysentery,

are immediately counteracted, the pains are allayed, the bowels healed, and not unfrequently the bowels become perfectly regulated and restored in the short space of ten or twelve hours.

Chronic Diarrhoea.

Either in children or adults, of months or years continuance, are most readily cured with this Cordial, notwithstanding they may be reduced to a mere skeleton; it immediately strengthens, and shortly restores them to perfect health.

Cholera Infantum

It has saved the lives of many thousand children when reduced to death's door by this complaint; it gives them immediate relief, and they very soon recover.

Sea Sickness

It is a most pleasant and desirable remedy for Sea Sickness. It checks the vomiting, and readily restores the patient. It invariably checks vomiting, produced from any cause whatever.

Children that are Teething,

if inclined to Diarrhoea, should always be provided with this medicine, as it will keep the bowels regulated, and keep off the cramps. It is wholesome, safe and pleasant to the taste, and children are fond of it, and will take it without trouble or dislike.

For General Debility and Dyspepsia.

It is almost excellent restorative, giving a healthy tone to both the stomach and bowels, and prevents food from pressing or distressing the stomach.

☞ CAUTION.

Beware of those impositions which are daily palmed upon the public bearing the name of my article, which is *Cholera Morbus, Dysentery and Diarrhoea Cordial*, which name impostors have borrowed. Also, they have copied my advertisements and prefatory addresses. Doubtless they have done this for the purpose of palming off their useless and worthless articles at the expense and reputation of this original and most popular medicine that ever came before the public.

Be sure that you obtain Mrs E. Kidder's Cholera Morbus, Dysentery and Diarrhoea Cordial, and you will get the only true and original article, which has ever been held in the highest estimation by the public throughout the whole country.

It is put up in bottles holding nearly a quart, intended for family use, and sold at $1 per bottle.

Sold by MRS E. KIDDER,
No. 100 Court Street, Boston

who is the inventer and sole proprietor. Druggists and Apothecaries supplied as formerly, in large or small quantities.

Agents—Briggs & Drury, and for sale by Stoddard & Gookin, and Clement & Lincomb, Rutland, and by dealers in medicine generally. 26tm
