Markets—CAREFULLY REPORTED FOR THE N. Y. TRIBUNE. FRIDAY, Feb. 26, 1864.

ASHES—The market is steady, the supply light, and the demand moderate; sales of Pots at $6 87; Pearls at $10.

FLOUR AND MEAL—The market for Western and State Flour is less active, and the low grades are 5@10c. lower, in sympathy with the heaviness in exchange, but most holders are not free sellers, apart from speculators. Trade and Family brands are very irregular and in limited request. The sales are 7,600 bbls. at $6 15@$6 30 for Superfine State; $6 50@$6 75 for Extra do.; $6 15@$7 for Fancy do.; $6 70@$7 for the low grades of Western Extra; $7 30@$7 50 for Shipping Ohio; $7 40@$7 75 for trade and family brands, and $7 40@$10 for St. Louis Extras. Canadian Flour is in limited demand and is heavy; sales of 350 bbls. at $6 00@$6 25 for the low grades of Extra, and $6 30@$7 75 for trade and family do.

Southern Flour is rather quiet and prices are lower, without leading to activity; sales of 350 bbls. at $7 25@$7 60 for mixed to good Superfine Extra Country and Baltimore, and $7 75@$10 50 for Trade and Family brands. Rye Flour is in fair request and is firmer; sales of 300 bbls. at $5 50@$6 40. Corn Meal is steady and in moderate demand; sales of 400 bbls. at $3 30 for Jersey and $5 for Brandywine.

COTTON—There has been some falling off in the demand since our last report, and we hear of only about 1,000 bales being sold to-day; prices are nominally the same, and we still quote at 80c. for Middlings.

COFFEE—The market for all kinds remains quiet, but without signs of weakness on the part of holders, and full previous rates are still demanded; we have only to note a sale of 600 bags Rio, at 26c.

CHEMICALS—A very fair demand prevails, and prices are higher; sales of 25 tons Soda Ash, at $2 12½; 10 tons of Caustic Soda, at 9c.; 20 tons Sal-Soda, at $2 25; 300 kegs Bi-Carbonate Soda, at 7½c.; 250 cases Bleaching Powders, on the spot, at 10c., and 200 do., to arrive, at 7c.

COPPER—Refined Ingot is in good demand, and prices are quite firm; sales of 100,000 lb Minnesota at 42c., and 150,000 lb Sabinacre at 42½@43c., cash.

COCOA—We find a moderate business doing, at steady rates; sales of 50 bags Cumaná at 22c., in bond.

FISH—The market is inactive, owing to the meager supply offering, and the extreme prices asked; sales of 3,000 boxes Smoked Herring, to arrive, and 100 bbls. Cod and Scale Fish, on private terms.

GRAIN—The Wheat market is more active, but prices are slightly lower, in sympathy with exchange, especially for common qualities. The demand is mainly for export, but is fair for milling; the sales are 120,000 bushels, and consist of fair for milling; the sales are 120,000 bushels, and consist of 300 bush. Prairie State at $1 38; 2,000 do. Chicago Spring at $1 35@$1 37; 21,000 do. Milwaukee Club at $1 37@$1 38; 25,200 do. Amber do. at $1 40@$1 41; 19,000 do. Red Western at $1 35@$1 37, and 22,000 do. Amber do. at $1 39@$1 42; the latter for very handsome quality. White Wheat is neglected.

Barley is rather quiet, but is held firmly; sales of 3,700 bush. good State at $1 20@$1 35. Barley Malt is firm and in moderate request; sales of 1,000 bush. State at $1 50. Oats are in good demand and are higher; sales of Canadian at 79½c.; State at 80@80½c., and Western at 80@82c. Rye is firm and in fair request; sales of 2,200 bush. Jersey and State at $1 20@$1 25. The Corn market is characterized by considerable activity, and is decidedly higher, closing with a strong upward tendency, and little to be had at any price. Even the auction sale was withdrawn when the operations on the Produce Exchange become known.

The demand is chiefly of a speculative character based on a short supply, and no receipts of moment to prospect for several months. Over one-sixth of all the corn in this market was disposed of to-day, and the bulls had decidedly the advantage of the bears. The sales reach 112,000 bush. at $1 29@$1 33 for old Western mixed, chiefly in store, the bulk of the transactions being at $1 30@$1 32; $1 16@$1 25 for Jersey and Pennsylvania new Yellow, and $1 27 for new Yellow Delaware.

HOPS are in good request for home use, but the export demand is moderate, owing to the meager supply of desirable grades offering and the extreme prices asked; sales of 160 bales good to prime quality at 20@30c., and 35 bales at 20c., the latter rate for common quality. Moldy Hops are unsalable and nominal.

HAY is in limited demand; the supply is increasing, and the market consequently is heavy; sales of 200 bales at $1 20@$1 15 ⅌ 100 lb.

HEMP—Manila is firm and in moderate request; sales of 200 bales at 14½@15c. cash. Other kinds are quiet but firm.

IRON—The market is quiet but firm for Scotch Pig at $36 ⅌ ton, cash. The advice from the other side do not appear to have any depressing effect on this market, notwithstanding the decline in gold and exchange. American Pig is scarce and quite unsettled. The demand for all kinds of Iron is greater than ever known before, and respecting prices it is only necessary to state that the Delaware and Lackawanna Company recently took up a portion of the rails on their road, which were in use ever three years, and sold them for $65 ⅌ ton; these rails when new only cost $60, and now after being over three years in use, any quantity of them could be disposed of this moment at $67@$70 ⅌ ton, cash.

LEAD—Pig is in moderate demand, and the market is firmer; sales of 100 tons at $10 75@$11 for Spanish, and $11 25 for English ⅌ 100 lb. cash.

LIME is still devoid of activity, but the market is steady; sales of 500 bbls. Common Rockland at $1 35, cash.

LATH are steady and in fair demand; sales of 100,000 Eastern at $1 50, 3 mos.

MOLASSES—Prices remain very firm, and for home use a good, steady inquiry still prevails; we quote sales of 200 bbls. (new crop) New Orleans, at 84@87c., and, within a day or two, a cargo embracing about 600 hhds. Cuba Trinidad, at 80c.

OILS—City Linseed is very quiet, but steady at $1 132@$1 60, in cks. and in bbls. Crude Whale and Sperm remain quiet, but firm at $1 05@$1 12 for the former, and $1 65@$1 65 for the latter. Other descriptions are also inactive, but there is no disposition to realize unless at full former rates.

PROVISIONS—The Pork market continues quite active, but prices are again lower. For future delivery we note sales of 100 bbls. two year old Mess, buyer, March, at $22 37½; 300 bbls. one year old do., buyer, same month, at $22 50, and 1,000 bbls. New Mess, also buyer, same month, on private terms. The sales on the spot are 2,350 bbls. at $21 37½@$21 50 for Old Mess; $22@$22 25 for Mess, the latter rate for fresh inspected; $22 25@$22 50 for New Mess; $16 50@$16 75 for old Prime; $21 12½@$21 25 for Western Prime Mess and $18 for sour and musty Mess. Beef is more active, and the market is steady; sales of 1,000 bbls. at $12 50@$14 for Plain Mess, and $14 37½@$16 for extra Mess. Prime Beef is firm and in moderate demand; sales of 100 tcs. India Mess at $29 50. Beef Hams are steady, at $30 75@$31 for Western. Cut Meats are firm and in fair request; sales of 500 pkgs. at 9@9½c. for shoulders; 11½c. for short cut hams and 14½c. for long cut do. Bacon is quiet; sales of 300 boxes at 11½c. for Cumberland cut, and 11½c. for short-ribbed. Dressed Hogs are lower in consequence of the liberal receipts. We quote Western at 9@9½c. Lard is heavy; sales of 1,000 pkgs. at 12½@13½c. for old, and 13½@14c. for new.

PETROLEUM continues inactive, and though the arrivals are light prices are without essential change. The demand is mostly confined to the absolute wants of the local trade, there being very little inquiry for shipment under the unfavorable news from Europe, and prices being too high to render it practicable to speculate to the extent to any extent so late in the season, as the prospect is, with the continuation of fine, mild weather, of an early opening of canal and river navigation, and this will be the means of drawing forward more liberal supplies. The suspension of Congress on the Internal Revenue bill also tends to check the demand at the moment. The sales are 1,200 bbls. Crude at 7½c., including 500 do., buyer's option in March, at 8½c., low gravity; 1,000 do. Refined at 47½@48c. for bonded, including one lot of 1,000 bbls. at 48c. Refined free is in fair request at 92@93c. for full to prime white quality.

RICE—Both buyer and seller seem indisposed to operate, and the amount of business in consequence is very light. We have only to report 250 bags Rangoon, in bond, at 2¾@2⅞c., cash.

SUGARS—Raw Sugars still remain in the same quiet state which has prevailed for the past week; but, as before noticed, holders are not inclined to press sales, and, as a general thing, are firm, at 12@12½c. for fair to good refining. The transactions to-day embrace about 100 hhds. at 12½c. for New-Orleans; 12⅝@12½c. for Cuba; 15 hhds. Clarified Cuba at 12½c., and 100 hhds. Martinique at 12½c. Refined are quoted at 14@16c. for Hards.

SPICES—An active, speculative inquiry prevails for nearly all the articles under this head, but the offerings are so light that business is restricted. The largest operations still have been in Pepper, of which we note sales of 2,700 bags at 23½@23¾c., now held at Mistake. Of other kinds, we have only to note sales of 150 cases Cassia-buds at 27½@30c., and 40 cases Cassia, in bond, on private terms.

SEEDS—The market for Clover Seed is steady, and the demand is fair; sales of 170 bags at 14@14½c. Timothy Seed is quiet but firm at $3 20@$3 50 ⅌ bush. Flax Seed is firm but inactive, at $3 45@$3 55 ⅌ bush. or 56 lb. Calcutta Linseed is less active, but the market is quite firm at $4 10@$4 15 ⅌ bush. or 52 lb. on the spot; but sales of 1,500 bags and 2,500 pockets have been made in Boston at $4 05, cash.

SPELTER is in good demand, and the market is quite firm; sales of 300 tons Belgian, to arrive, at 8½c.; 25 tons Lehigh, at 8½c., and 100 tons Silesian at 8½c., cash.

TOBACCO is rather quiet owing to the uncertainty of the tax bill; sales of 125 hhds. Kentucky at 12½@16c.; 117 cases Seed Leaf at 14@65c.

TEA—The market is firm and the demand fair; sales of 225 Souchongs, 1,200 Natural-Leaf Japans, 2,000 Greens, and 1,000 do. in English order, at full prices.

TIN—Block Tin is firm and in moderate request at previous rates. Plates are in light supply and are firm and in limited demand; sales of 800 boxes Charcoal Terne at $14 50, and 350 do. ½ X, on private terms.

TALLOW—The market is fairly active, but at lower rates; sales of 160,000 lbs. at 9½@9¾c. for Eastern and City.

WHISKY—The market is lower, but a fair inquiry is noticeable at the concession; sales of 600 bbls. at 90c. for State and 87@88c. for Western.

Receipts of Produce.

FEB. 26.—5,000 bbls. Flour, 1,000 bush. Wheat, 1,200 bags Corn Meal, 6,000 bush. Oats, 8,000 do. Malt, 1,300 pkgs. Lard, 87 pkgs. Ashes, 2,000 pkgs. Provisions, 1,700 pkgs. Butter, 100 pkgs. Oil Cake, 2,000 pkgs. Petroleum, 2,300 Dressed Hogs.

LAW INTELLIGENCE.

SUPREME COURT—CIRCUIT—FEB. 26.—Before Justice PECKHAM.

ANOTHER OF THE RIOT CASES.

Michael Jost agt. The Mayor, Aldermen, &c.

This is another of the many riot cases now pending against the city arising from the ravages of the mob during the July riots. The plaintiff claims damages for the destruction of the fixtures, stock, &c., of his barber-shop in Avenue A, in the sum of $1,997.

The Assistant Counsel to the Corporation adopted the same course in this case as in the actions tried in the early part of the week, by moving to dismiss the complaint, on the ground that it was not shown that the goods were destroyed by the mob.

The Court denied the motion, and submitted the case to the Jury, who rendered a verdict for the plaintiff for $707 65.

John J. Freedman and James M. Smith for plaintiff; John K. Hackett, Assistant Counsel to the Corporation, for the defendant.

CHAMBERS—FEB. 25.—Before Justice BARNARD.

TWO DIVORCES GRANTED.

Pauline Smith agt. Charles Smith, Hannah M. Dunham agt. Mahlon S. Dunham.—Judgments of divorce granted; the plaintiffs to have custody of the children.

COURT OF COMMON PLEAS—SPECIAL TERM—FEB. 26. Before Judge CARDOZO.

DECISIONS.

Mooney agt. Borso.—See opinion.

Giles agt. Howell. Bail reduced to $1,000. Motion in other respects denied. No costs.

Slemm agt. Dakin. Motion denied without costs.

Bostwick agt. Frankenheimer. See memorandum.

UNITED STATES CIRCUIT COURT—FEB. 26.—Before Judge NELSON.

PRIZE CASE ON APPEAL.

U. S. agt. Schooner Albert, her Tackle, &c.

The District-Attorney to-day entered a final decree of distribution in the above case on appeal. The net proceeds amount to $6,187 06, and belong to the crew of the Tacony.

UNITED STATES MARSHAL'S OFFICE—FEB. 26. Before Marshal MURRAY.

THE RAID ON THE SUBSTITUTE BROKERS.

Patrick Flannigan, a recruiting officer of Tammany Hall, was arrested, charged with defrauding Thomas Beatly out of $200 bounty money.

Beatly was employed at the Government Bakery on David's Island, and was proceeding to his work when he was accosted by Flannigan, who induced him to enlist and took him to Lafayette Hall, where he was enlisted, Flannigan giving him $100 and keeping $200. The wife of the recruit was in very destitute circumstances, having but a short time since given birth to a child, making the case still more distressing.

The accused denied having received the money, but the Marshal procured certified copies of all the papers, showing that Flannigan drew the money, and he accordingly sent him before Major-Gen. Dix, when he concluded to disgorge the money.

SURROGATE'S COURT—FEB. 26.—Before Surrogate TUCKER.

WILLS ADMITTED.

Last wills and testaments of the following-named parties have been duly admitted to probate during the past week:

Lewis Smith, James Cherkesworth, John Cook, Sarah M. Jarvis, Maria A. Paff, James M. Glover, George Lawes, Elizabeth Potton, Frederick Osterle.

They contain no provisions of public interest.

SUPERIOR COURT—SPECIAL TERM—FEB. 26.—Before Justice FABROUR.

DECISIONS.

Oscar H. Clough agt. Patrick Murray.—Reference ordered to the Hon. Joseph S. Bosworth to hear and determine and report.

In the matter of the application, &c., of Theresa Fredericks for the appointment of a guardian, &c.

Christian Dodsfield, &c., agt. William Dipple.—Application granted.

F. Perez de Rio agt. Joseph Morrison; Rebecca R. Sniffen agt. Francis A. Sniffen.—Papers not in proper form.

Edward Keufe et al. agt. Winslow W. Burlick et al.—Case settled.

WILL SOON MAKE SUGAR.—F. L. Stewart of Murrysville, Westmoreland Co., Pa., says that he has satisfied himself by numerous experiments of the following facts in regard to true, unadulterated Chinese cane.

I. The juice of this cane contains uniformly not less than 16 to 18 per cent of true crystallizable cane sugar.

II. When completely ripe, all parts of the stalk of this cane contain crystallizable sugar—the juice from the lower joint, however, being purer, richer in sugar, and more abundant than from the upper half.

III. No grape sugar (glucose) in appreciable quantity is found in the plant after it has fully matured.

IV. Any uncrystallizable sugar found in the strup is a modified form of crystallizable cane sugar, the production of which is incident to imperfect methods of manufacture.

V. Crystallizable sugar cannot be extracted uniformly from the best cane, unless certain impurities contained in the juice be removed.

VI. The soil best suited to the growth of the plant and to its saccharine qualities is a sandy loam or clay loam, or almost any good upland soil, such as is better adapted to wheat than to Indian corn. The most congenial climate seems to be that of which the mean Summer temperature is about 75° Fah. It will ripen generally where the Summer mean does not rise above 70°, as at Pittsburgh, Cleveland, Chicago, Ill., Madison, Wis., and Southern Minnesota.

VII. No more difficulty necessarily attends the manufacture of sugar from the sorgo than from the Louisiana cane—the expense of production would be considerably less—the product equal in quality, and in quantity nearly equal to that obtained from the juice of the latter.

The method by which the results above stated were obtained is entirely different, however, from that pursued by the sugar-growers of Louisiana or elsewhere; it is specially adapted to the nature and peculiarities of the juice of the sorgo.

A detailed account of it will be given to the public as soon as it can be prepared for the press.

I. We do not understand this proposition. Does Mr. Stewart intend to say that 16 to 18 per cent of the juice is sugar? If not then, what is the per cent based upon? That 100 lbs. of juice will give 16 or 18 lbs. of sugar, must be incorrect.

PEACHES KILLED IN THE WEST.—The cold at New-Year's not only killed the buds on the peach trees at the West, but in many instances the trees are entirely frozen to death. On the highest land of Missouri, the trees have generally escaped injury. In the lower country described by a varying radius of fifteen or twenty miles around St. Louis, the destruction of fruit trees and vines has been very extensive, perhaps total—or nearly so. There will, of course, be this year a very serious diminution in the total fruit-crop of Missouri and Illinois, as well as of other States, and scarcity and high prices in this department may reasonably be calculated upon.

FLAX SEED has been added to the exports of California.

Mails Close at the Post-Office.

For Great Britain and the Continent, by steamer City of Manchester, Saturday, Feb. 27.....10½ a. m.
For New-Orleans, by steamer George Cromwell, Saturday, Feb. 27.....2 p. m.
For California, Oregon, Washington Territory, and the Sandwich Islands, daily (Sundays excepted).....3½ p. m. and 3½ p. m.
