TUESDAY, March 1—P. M.

Gold opened at 159¾ and rose to 160¼, closing at 159¾@159⅞. Stocks upon the street were steady, but not active. At the Board, Government securities, without exception, were firm at full prices. Border-State stocks are firm; Tennessee 6s, 61@63; Missouri 6s, 73⅛. Canton Company was very active, and closed at 52½@52¾; Delaware and Hudson, 207¼@209¼; Pennsylvania Coal, 183@187; Central Coal, 73@73¼; Cumberland, 66¾@67; Quicksilver Mining Company, 37½@37¾; Minnesota Mining Company, 84@85; Pacific Mail, 226@228; Central Transit Co., 46@47¼; New-York Central, 135¼@135¾. Erie Railway, 115@115¼; do. Preferred, 105¼@106; Hudson River, 157¼@157¾; Harlem, 135; do. Preferred, 125¼@126; Reading, 131¼@131½; Michigan Central, 141¼@141½; do. Southern, 98¼@98½; do. Guaranteed, 143. Government Stocks continue firm, and are not offered except in small amounts. Border-State Stocks, railway, mortgages and bank shares are sparingly offered, and cannot be had in any quantity. Canton Company was active, but yesterday's rates were not sustained. Sound Coal Stocks were firm, Delaware and Hudson selling at 206; Reading 131@131½, and American Coal at 95. Central was steady, and Cumberland weak at 66¼@67; New-York Central steady; Erie was weak under fears of concessions; Hudson River and Harlem steady; Pittsburgh and Fort Wayne active and well sustained. Other Western shares were without material change. At the Second Board, and afterward upon the street, prices were barely sustained. Copper stocks are higher. Minnesota sold at 83; Canada Copper, 7½, and in demand to cover short sales. The closing prices were: Gold, 159¾@159½; Erie Railway, 113¾; Hudson River, 157½; Harlem, 135; Reading, 132; Michigan Central, 141½; Michigan Southern, 98½; Illinois Central, 133½; Cleveland & Pittsburgh, 115½; Galena, 117; Toledo, 147; Rock Island, 119½; Cumberland Coal, 67½; Chicago and North Western, 53½; Canton, 53.

Freights are rather dull and unsettled, though rather firmer for Grain. To Liverpool the engagements are: 21,000 bush. Wheat in bulk at 4½d.; 1,460 bbls. Flour at 1s. 1½d.@1s. 3d.; 300 bbls. Pork at 1s. 7½d.@1s. 9d., chiefly at the lower rate; 400 boxes Bacon at 12s. 6d.; per neutral packet, 40 hhds. Tallow at 17s. 6d., and ⅌ steamer, 14,000 bush. Wheat at 6d.; 50 bbls. Pork at 3s.; 100 tcs. Lard at 25s., and 1,000 boxes Bacon at 25s. To London, per steamer, 400 bales Hops at 4d. ⅌ lb. To Glasgow, per steamer, 7,000 bush. at 6d. To Bristol: 30 hhds. Tallow at 20s. To Antwerp: 1,200 bbls. Petroleum at 5@6d. In Charters we only learn of a neutral bark with 30,000 bushels wheat to Cork for orders, at or about 5s. ⅌ quarter, and an American bark to Cadiz with staves, at $31 for Light Pipe. The carrying rates are: To Liverpool, per American flag: Flour, 1s. 3d.; Wheat, 4@4½d.; Heavy Goods, 12s. 6d. @15s. To London, per American flag: Flour, 1s. 9d.; Wheat, 5½d.; Heavy Goods, 17s. 6d. Per foreign flag: Flour, 1s. 9.; Wheat, 6d.; Heavy Goods, 20s. @22s. 6d.

The business of the Sub-Treasury was: Receipts, $4,018,168 84; for Customs, $392,000; Payments, $4,626,313 85; Balance, $34,296,649 80.

Money is abundant at 5@6 ⅌ cent, and lenders have a good deal of trouble in employing their funds. There is a fresh demand for 5 ⅌ cent notes from Mr. Cisco, but the flow of money toward the Sub-Treasury has been checked by the action of the banks.

Sterling Exchange is firmer to bankers at 174½.

The privilege of converting the bonds of the Erie Railroad Company has a depressing effect for the moment upon its market value. The stock and bonds of the concern would stand as follows over all the bonds thus converted:

Stock as per report of 1863	114,275 shares
Fourth Mortgage, $5,100,000	
Fifth Mortgage, $1,791,500	68,915 shares
Long Dock Bonds, $2,000,000	20,000 shares
Buffalo Branch, $200,000	2,000 shares
Total Common Stock	205,190 shares
Add Preferred Stock	85,257 shares
Total Share Capital	290,647 shares

The property would be more desirable were all these creditors made proprietors, but the process of conversion is not calculated to advance market values. It will, on the other hand, be a steadily depressing element, for the higher the price of the stock, the greater the danger of a sudden increase of shares by conversion. It was understood this afternoon that a large amount of seller's options in Erie have been notified, including the 10,000 shares sold at 115¼ a few days since. New certificates of stock have made their appearance to an extent which makes it reasonable to suppose that conversions are quite active. It was stated upon the street that the Company had, through its Executive Committee, sold 24,000 shares of stock without waiting for legislative sanction. Those who know the President of the Company considered the report as a speculative rumor, to depress the stock, and wholly groundless. A private sale of $2,400,000 of stock in the present condition of the Erie Company would be without excuse, and is circulated for no honorable purpose.

The Cumberland Coal Co.'s report disappoints holders of the stock, but the property is really just where it was in December, when the mortgage bonds were renewed at a round commission, and added to the debt. The price of the stock has been advanced by a speculative clique from 30 to 70—equal to $2,000,000 in market value—in 90 days; but the mines remain, as they have always been, valueless, so far as regular income is concerned. The speculation has been an eminent success, but the time to buy has long since passed.

The aggregate exports of produce and merchandise (exclusive of specie) for the past week was $3,596,520.

There has been introduced into the General Assembly of Ohio a law authorizing railway companies which have or may in future issue bonds convertible into stock to increase their capitals to an amount sufficient to enable them to comply with such agreements. Bondholders can at any time demand the stock, which is to be placed on the same footing with the old stock. The President at each annual meeting is required to file a detailed statement of the bonds so converted and the stock issued, and the law to take effect immediately. Under such a law as this the bonds of the Cleveland and Pittsburgh can be converted into stock.

The following supplement has been applied for by the Pennsylvania Coal Company from the Pennsylvania Legislature:
