☞ IMPORTANT CAUTION. ☜

It is a singular fact and one much to be regretted that valuable medicines, as soon as they become popular, and have received the test and approval of a discriminating public, are sure to be counterfeited, and thus a bad and spurious article is immediately palmed upon the unsuspecting for the genuine. This has been notoriously the case with all popular tried and truly valuable medicines for years past, and will probably continue to be the case for years to come.

The base and contemptible counterfeit in this way meanly takes advantage of all the efforts and advertising used by the proprietors of the genuine article, to get their medicines into use and deserved popularity. It is therefore not less the duty than it contributes to the safety of every honest individual in the community to expose, frown down, and forever after DISTRUST all HEARTLESS INGRATES who thus irresponsibly trifle with health and life.

☞ THEREFORE TAKE NOTICE. ☜

There is a person by the name of J. B. ROCHEFORT, now engaged in selling a Pill done up in boxes in exact and perfect imitation of the genuine INDIAN VEGETABLE PILLS, with the omission of only one word on the Boxes—viz. WRIGHT. The Pills sold by this Rochefort are evidently intended as a fraud and imposition upon the community, or they would not have been done up in such exact imitation of the genuine. This person is still hovering with a great theatrical swagger. He was recently known as a very poor player in Baltimore, under the musical cognomen of Jim Brown, and is about twenty five years of age. It is almost beyond a doubt that he is supplied with the Pills from a Druggist firm in this city, who have heretofore been notoriously connected with counterfeit medicines. As soon as proof is obtained the fountain head of this nefarious business will be exposed, that the community may shun them as they would a serpent.

IN THE MEAN TIME THE PUBLIC ARE CAUTIONED

against buying WRIGHT'S INDIAN VEGETABLE PILLS of any one who does not exhibit a certificate of agency signed by the agent for the New England States, and bearing date since January 1840. Also take particular notice that the following wording is on the boxes—Wright's Indian Vegetable Pills—(Red. Purgative) of the North American College of Health.

The Indian Vegetable Pills are a certain cure for disease in its every variety of form, because they thoroughly cleanse the stomach and bowels, induce a proper discharge by the lungs, skin and kidney, and stimulate the blood to purify itself. In other words they open all the minutest drains, and leave NATURE (*the Grand Physician*) free to drive disease from the body. The above orifices, or drains, are the common sewers of the body, through which all morbid and corrupt humors (the cause of disease) are carried off and so long as they are all kept open, and discharge freely their allotted portions of impurity, the body will continue in health; but when from eating improper food, breathing impure air, sudden transitions from heat to cold, over exhaustion or any other cause, the bowels become costive, the pores of the skin become closed, or the kidneys fail to perform their functions properly, the impurities which should be drained from the body by these outlets, will be retained, and continue to accumulate until the body becomes literally loaded with disease. If the channels of our mighty rivers should become blocked up, would not the accumulated waters find new outlets, or the country become inundated? Just so with the human body; if the natural drains become closed, the stagnant and corrupt humors will find vent in the various forms of disease such as Fevers, Small Pox, Measles, Rheumatism, Gout, Apoplexy, &c. or Death will end our sufferings. Therefore, when sickness at the stomach, pains in the back and side, quick pulse, burning skin, or any other unpleasant symptoms, indicate that one or more of the natural drains are not discharging freely, and the constitution is about to commence a struggle for the restoration of health, no time should be lost in administering a few brisk doses of the Indian Purgative (*Indian Vegetable Pills.*) By so doing, all the functions of the body will be restored to order, and the foul humors (the cause of every inflammation or pain we suffer) will be removed in so easy and natural a manner, that the body will be restored as if by a charm. The above Pills may be taken at ALL times and under ALL circumstances, with perfect safety.—They are *all complaints* and all ages, and are to the home consumption as food; consequently the can *never injure* even the most delicate. Like our food, they are digestible; therefore they enter into the circulation and impart an energy to the blood, which enables it to flow with freedom quite to the extremities and consequently to keep the pores of the skin open. They are tone and perfect purifiers of the blood; because they drain all corrupt humors from the life giving flood. They impart strength and vigor to the whole system, and their effects are always beneficial; because they only remove those humors which are opposed to health. They aid and improve digestion, and sound sleep follows their use; because they cleanse the stomach and bowels of those slimy humors which not only irritate and excite the nervous system, but paralyze and weaken the digestive organs. In short they possess all they good properties that can be claimed for any medicine; and what his very remarkable, it is merely impossible to use them without benefit.

Price 25 cents per Box, with full directions. Office and General Depot for the New England States, No. 198 Tremont Street, near Court street, Boston.

The regular appointed Agents can receive their supplies of the above popular Pills, as heretofore, from the only office and general depot for the New England States, 198 Tremont street, Boston. Pedlars or travelling agents are not allowed to sell the genuine Indian vegetable Pills, therefore never purchase from them, for if you do you will be sure to obtain a dangerous and even fatal article. n51

MOFFAT'S VEGETABLE LIFE MEDICINES.—These medicines are indebted for their name to their manifest and sensible action in purifying the springs and channels of life, and cooling them with renewed tone and vigor. In many hundred certified cases which have been made public, and in almost every species of disease to which the human frame is liable, the happy effects of MOFFAT'S LIFE PILLS AND PHŒNIX BITTERS have been gratefully and publicly acknowledged by the persons benefited, and who were previously unacquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act.

The LIFE MEDICINES recommend themselves to diseases of every form and description. Their first operation is to loosen from the coats of the stomach and bowels, the various impurities and crudities constantly settling around them; and to remove the hardened fæces which collect in the convolutions of the smallest intestines. Other medicines only partially cleanse these, and leave such collected masses behind as to produce habitual costiveness, with all its train of evils, or sudden diarrhœa, with its imminent danger. This fact is well known to all regular anatomists, who examine the human bowels after death; and hence the prejudice of these well informed men against quack medicines—or medicines prepared and heralded to the public by ignorant persons. The second effect of the Life Medicines is to cleanse the kidneys and the bladder, and by this means, the liver and the lungs, the healthfulness of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and the lungs before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses freely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek.

Moffat's Vegetable Life Medicines have been thoroughly tested, and pronounced a sovereign remedy for Dyspepsia, Flatulency, Palpitation of the Heart, Loss of Appetite, Heart-burn and Head-ache, Restlessness, Ill-temper, Anxiety, Languor and Melancholy, Costiveness, Diarrhœa, Cholera, Fevers of all kinds, Rheumatism, Gout, Dropsies of all kinds, Gravel, Worms, Asthma and Consumption, Scurvy Ulcers Inveterate Sores, Scorbutic Eruptions and Bad Complexions, Eruptive complaints, sallow, Cloudy, and other disagreeable Complexions, Salt Rheum, Erysipelas, Common Colds and Influenza, and various other complaints which afflict the human frame. In Fever and Ague, particularly, the Life Medicines have been most eminently successful; so much so that in the Fever and Ague districts, Physicians almost universally prescribe them.

All that Mr. Moffat requires of his patients is to be particular in taking the Life Medicines strictly according to the directions. It is not a newspaper puffer, or by anything that he himself may say in their favor, that he hopes to gain credit. It is alone by the results of a fair trial.

MOFFAT'S MEDICAL MANUAL; deserved as a dumb—guide to health.—This little pamphlet, edited by W. B. Moffat, 375 Broadway, New York, has been published for the purpose of explaining more fully Mr. Moffat's theory of diseases, and will be found highly interesting to persons seeking health. It treats upon prevalent diseases, and the causes thereof. Price, 25 cents—for sale by Mr Moffat's Agents generally.

These Valuable Medicines are for sale by Robert Moody Druggist, & General agent, (to whom all applications for agencies should be addressed, post paid) Burlington, Vt. Jan. 4, 1841.

INQUIRE—ASK THOSE WHO KNOW.

Those only who know by trial or immediate observation, can form any idea of the effects, of the perfect relief, of the almost like cures effected in cases of the PILES, RHEUMATISM, all SWELLINGS, and all EXTERNAL PAINS, no matter how severe, by the use of HAYS' Liniment. Find one who has used it that will not land it above all things ever used, and you will find—what cannot be found. ☞ For the relief of suffering human beings who may be afflicted, I beg you to ask—ask of those who know—ask the Hon. ALFRED CONKLIN, U. S. Judge for that district, residing near Auburn; ask MATTHEW J. MYERS, Esq. Albany, N. Y; ask Gen. DUFF GREEN, late of Washington city, each of these gentlemen know of cases unconquerable by all other remedies or physicians, though tried for many years, that have been cured by the use of the genuine *Hay's Liniment.* Thousands of other persons know similar cases. We appeal to their sense of justice—their human feelings. ☞ It is but a duty you owe to your suffering fellow-beings to let this great remedy be known. Speak of it then to all your friends. This will save much pain where the newspapers are not read, or where readers are incredulous, because so many worthless articles are advertised for the same purpose. To buyers we say, if all who have used it do not say it is beyond all praise, then do not take it. The proprietor will not allow this article to be paid for unless it cures, when all the directions are fully followed. Will any one suffering refuse now to try it? If he does, he ought to be pitied more for his obstinacy than his suffering. ☞ Mr. Hays would never consent to offer this article, were he not compelled by his sense of moral—of religious duty—to do all in his power for the victims of distress and misery. For this purpose he would sooner devote a fortune, than secure a dollar for any worthless article. ☞ *LOOK OUT.* Some swindlers have counterfeited the article, and put it up with various devices. Do not be imposed upon. One thing only will protect you—it is the name of *Comstock & Co*; that name must be always on the wrapper, or you are cheated. Do not forget it. Take this direction with you, and test by that, or never buy; for it is impossible for any other to be true or genuine.

TO THE BALD-HEADED & OTHERS

Does any, know a neighbor or a friend who has been Bald, and whose head is now covered with fine hair? One whose coat collar was covered with dandruff, though brushed every hour—which has now vanished entirely? Or one whose hairs at early age were turning grey, who now has not a grey hair? Children whose heads were covered with scurf,—whose hair would not grow, that are now growing the fullest crops of hair? Some cases must be known to most persons. Ask them the cause, and you will be told that these things have been done by the use of the *Balm of Columbia.* Of 20 years growth is this article, its demand increasing annually some hundred per cent,—though it has discovered no opposition by attempting for the same purpose, now assailed by almost numberless nostrums each preparation that will ruin the hair if used to any extent. Can more than these facts be wanted—refer to the recommendations by a list of names of respectability, unequalled by any other article. Look to these things—buy this article. Stay and preserve your hair by one use, or if bald restore it. Ladies, attend to this—hundreds in fashionable life are using it as the only article really fit for the toilet. Long hair is very apt to fall out. Ladies, use the Balm of Columbia in time to save yourselves the disgrace of baldness by neglect of your persons. It is your duty, as mortalities to preserve the beauties of nature, with which a bountiful Creator has endowed you; use the Balm, for it will do it.

CAUTION TO BE REMEMBERED.

Several most flagrant attempts have been made to counterfeit the true Balm of Columbia. Some of the spurious have gone so far as to counterfeit the splendid wrappers, and the Falls of Niagara, and every external mark except the name of Comstock, which they take not forge. To avoid impositions therefore, always look for the name of Comstock & Co. or L. S. Comstock, and never buy the article unless it has the name upon it. DISEASES OF THE LUNGS.—Decidedly the most popular remedy ever known in America *Vegetable Pulmonary Balsam* is the most valuable remedy now in use for coughs, colds, asthma or phthisic, consumption, whooping cough and pulmonary affections of every kind. Its sale is steadily increasing, and the proprietors are constantly receiving the most favorable account of its effects. The following new certificates are offered for public examination.

AN INTERESTING CASE.—Extract of a letter from Mr G. S. Clay, Kingston, Ulster co., N. Y. to the proprietors, "Yours of the 9th inst. was duly rec'd. A remarkable case was effected by the Vegetable Pulmonary Balsam in the winter and spring of 1835. The person, Mr. Moody, had been sick a long time with the consumption. His physicians had given him up. He was reduced so low as to be unable to help himself, and was raising a large quantity of blood when he commenced using the Balsam, which has effected a complete cure, and he is now as hale and hearty as ever he was. Mr. Moody has removed from this town, but he has promised me a more detailed account of his case, which I will forward you. C. S CLAY.

Kingston, N. Y. June 25, 1838.

Extract of a letter from Dr. Jacob Myers The Vegetable Pulmonary Balsam has been sold in this county for two years, and the medicine has gained an uncommon celebrity, for it scarcely in one instance failed of having the desired effect. I am by no means in favor of the many nostrums, most of which are impositions upon a credulous public, but that which I know by use to be efficacious, I cannot help but give my approbation thereto. A counterfeit preparation has been offered here by a traveling Agent, of Comstock, N. Y. and there is another article vended here that is strongly suspected to be spurious.

JACOB MYERS, M. D.

Mifflington, Juniata co. Penn, May 3, 1837 From Dr. Samuel Morrell, to the Proprietors of the Vegetable Pulmonary Balsam. I am satisfied that the Vegetable Pulmonary Balsam is a valuable medicine. It has been used in this place with complete success in an obstinate complaint of the lungs, attended with a severe cough, loss of voice, and the raising of much blood, which had previously resisted many approved prescriptions. After using the Balsam one week, the patient's voice returned and he was able to speak audibly. This case occurred some time since, and the man is now engaged not only in active but laborious business. Respectfully, &c. S. MORRELL.

It is now more than six years since I was brought very low by an affection of the lungs, and my complaint was declared to be incurable by a council of three physicians. I was then restored to as good health as I had enjoyed for many years, by using the Vegetable Pulmonary Balsam. Since my recovery I have recommended the Balsam in a great many cases of lung complaints, and so far as I can learn, its use has invariably been followed by much benefit, and in many instances it has effected cures which were wholly unexpected. The fact is proved, and the most incredible and doubting are fully convinced, as we have be evidence from the sale of 20,000 boxes of the Odontica, within the past year, that the Utopian dreams of the alchymist are realized, and a remedy discovered for preserving those important and useful appendages of the human system, by the use of the Magnetic Odontica, which by its attractive, and strengthening qualities, removes all extraneous substances from the teeth and preserves them in the natural brilliancy, and the gems in soundness and beauty.
