The mean temperature of July this year was about 2° higher than the average of the last nine years, and on the 19th the thermometer indicated a temperature 2° higher than has been observed in the same place in the last 10 years. On the 7th, and three following days, the thermometer was above 90°, the only case of ranging above 90° in the shade, four days in succession, in the last 10 years. The barometer has been pretty uniformly high, its range in the month being confined to half an inch. The mean quantity of rain for July is 4.30 inches, by which it appears that the quantity this year was a trifle less than the mean.

☞On our first page will be found an interesting and able analysis of the noble address recently pronounced by GEO. P. MARSH, before the Phi Beta Kappa Society of Harvard College.

FARMERS.—A triple value attaches to that class of men which feeds all others.—With primeval Farmers man's social faculties were first unfolded. With them society began; and among whatever people its shall has become polished and its capital enriched, it still rests on the cultivators of the soil. So, of their profession, Agriculture is the great Parent of the Arts, while its prepared products will forever be the most essential of all manufactures. Then it was in their dwellings that architecture itself had its birth; it was they who first abandoned the Tent with Pastoral life, and began to devise and construct, fixed and permanent abodes.—*The American Architect.*

DYSPEPSIA OR INDIGESTION—All that invalids can desire in this distressing and almost inescribable complaint is possessed in Dr. Wood's Sarsaparilla and Wild Cherry Bitters, a skillfully prepared and delightful Tonic and Aperient, every day becoming more and more popular. Certificates of the efficacy of this medicine may be had of the agents. For sale by Thos. A. Pease, Apothecary and Wholesale Druggist. 10w2

Dr. Wistar's Balsam of Wild Cherry.

This is a chemical extract of Wild Cherry and Tar.—Every body knows that Wild Cherry possesses important medicinal properties and Tar Water has long been celebrated as a remedy in Consumption, and large sums have been expended in its introduction, and in all cases it has proved to be the cure or relief of the patient, and we believe there can be no doubt very seriously entertained by those who have witnessed its effects, but that it has proved its superiority as this. For Asthma, Shortness of Breath, and similar affections, it may be pronounced a positive cure. It has cured Asthma in many cases of ten and twenty years standing, after physicians had declared the case beyond the reach of medicine.

The Balsam is made from the materials which Nature has placed in all northern latitudes, as an antidote for diseases caused by cold climates.

"Nature is kind, but she cannot for an effect
Where every is Gold."

Let its not neglect her plainest dictate.

Be careful and get the genuine DR. WISTAR'S BALSAM OF WILD CHERRY. None genuine unless signed by I. BUTTS. Address, an orders to SETH W. FOWLE, Boston, Mass. For sale wholesale and retail by Thos. A. Pease, Burlington, and by Dealers in Medicines generally in Vermont.

LIVER COMPLAINT is generally accompanied with pain in the right side, extending up to the top of the shoulder; variable appetite, occasionally a disordered stomach, yellow tinge of the skin and eyes, and often a swelling over the region of the liver, together with many other symptoms of a loaded and corrupt state of the blood.

Wright's Indian Vegetable Pills will be found one of the very best medicines in the world for the *cure of all diseases of the Liver*; because they expel from the body those morbid humors which, when deposited upon this important organ, are the cause of every variety of Liver Complaint. From three to six of the above named Indian Vegetable Pills, taken every night on going to bed, will, in a short time, give such manifest relief, that no argument or persuasion will be necessary to induce a perseverance in their use, until the liver is restored to a healthy action, and pain or distress of every kind is driven from the body.

Wright's Indian Vegetable Pills also aid and improve digestion, and purify the blood; and therefore, not only *remove every vestige of the Liver Complaint*, but, at the same time, give new life and vigor to the whole frame.

BEWARE OF COUNTERFEIT.—THE ONLY ORIGINAL AND GENUINE INDIAN VEGETABLE PILLS HAVE THE SIGNATURE OF WILLIAM WRIGHT WRITTEN WITH A PEN ON THE TOP LABEL OF EACH BOX. *None other is genuine, and to counterfeit this is FORGERY.*

A BLESSED, BLESSED AND HEAVENLY
MIRACLE OF MIRACLES!!

On the 4th of August, in the year 1843, a singular scene occurred in the Royal Scientific Institution of France. The aged, white headed President, his head bare, his arms outstretched, his face radiant with smiles, (for science was triumphant,) and his voice with gratulatory tone, delivered the following report:

"We are astounded at this singular preparation. Where indeed will science stop! Here we have a preparation made in the form of a beautiful piece of soap, which we know by actual practice, to cure every cutaneous eruption, every disfigurement of, and even discolored skin! Where will its magic and singular power cease! The Negro, the Creole, the Yellow Race of the East, and the Red Man of the Far West, are alike under the influence of its extraordinary powers of clearing yellow or discolored skin, and making it white and beautiful, and of changing the color of dark, or black, or brown skin." (Here several persons were brought forward by the President, who had used it, in proof of his assertion.)

There are probably few persons of intelligence, who, after reading the above, will doubt the qualities of

JONES' ITALIAN CHEMICAL SOAP

IN CURING

Pimples, Blotches, Salt Rheum, Scurvy, Erysipelas, Sore Heads, Old Sores, Beard and Barber's Itch, Chapped and Tender Flesh, Freckles, Tan, Sunburn and changing dark Sunburn or Yellow Skin to a pure clear white, as smooth and soft as an Infant's,

and in fact every kind of eruption and disfigurement. Read these certificates:

[From the New Orleans Sentinel, October, 1844.]

One of our subscribers, Mr. H. Leonard, informs us that he has been cured of old, scaly Salt Rheum, of eighteen years standing, on his beard, fingers, and hands, by a cake of an article much advertised lately—we speak of Jones' Italian Chemical Soap. He also informs us that he has tried its effects on his female slave Rose, much marked with sun spots, and he found in two weeks her skin much clearer and whiter.

James Eltinna, a painter, in Jersey City, was cured of carbuncles and pimples, which he was afflicted with for many years, by part of a cake of Jones' Italian Chemical Soap.

Persons in purchasing this most always ask for JONES' ITALIAN CHEMICAL SOAP; and perhaps, as many who have been cheated with counterfeits, will be too much discouraged to try the genuine, we say to such, try this once—you will not regret it; but always see that the name of T. JONES is on the wrapper.

Sold only at New York at 82 CHATHAM STREET, Sign of the American Eagle.

Price. . . . 50 Cents a Cake.

☞ Full directions for use accompany each cake of Jones Soap. For sale by Geo. E. Harrington, only Agent for Vermont. 8m3

Ladies are Cautioned Against Using

COMMON PREPARED CHALK:

They are not aware how frightfully injurious it is to the skin! how coarse, how rough, how sallow, yellow, and unhealthy the skin appears after using prepared chalk! besides it is in no sense, confined to a large quantity of Lead!

We have prepared a beautiful vegetable article, which we call

JONES' SPANISH LILY WHITE.

It is perfectly innocent, being purified of all deleterious q
