CRANE'S Patent Wash Mixture

HAS recently passed success now brought within the knowledge of surgeons, so that they may particularly where are deriving from its use. It needs only to be made the subject of action experiment, to assert its complete superiority of all other compounds for

CLEANSING CLOTHES AND RESTORING PAINT TO ITS ORIGINAL BEAUTY.

One of the heavy stumbling blocks that womankind have to bear in the weekly washing, with its laborious back breaking long continued rubbing at the wash board—rub, rub, rub, until the fingers looks like bared pumpkins, without hold of the skin gone and the other hand sore and galled, the corners of a man's eyes, and beside all this, the clothes themselves though they may be *clean*, are so sorely done for in the rending process, that a few operations finish them, and the lady must have a new set of dress. All this may be saved by the intelligent attention to

CRANE'S PATENT WASH,

is hereby invited to trial, and there is no doubt that as fast as its merits become known, it will so increase as to deny means of procuring cleanliness by the use of soap.

IN HOUSE CLEANING,

it commends itself eminently, the labor, so much dreaded in all families, and half, being reduced more than paint remains. It leaves a paint as good as new in appearance, and *Paint repaying its permanency in the next.*

The printed directions which are furnished to every purchaser, are such, *cases be scrupulously observed.*

The following are among the commendations already obtained from persons who have tested its virtues:—

Burlington, May 27, 1850.

Messrs Woodward & Ray—

Gentlemen: I have at last arrived at the conclusion to make use of your Patent Soap for Family Washing. I shall now, however, use rather hardly in speaking of it, and wished for several trials, as I had some difficulty in getting fair results, was inclined to think it was from the fault of rubbing that it has been on the point of being laid aside, I could get a fair operation, and I am now satisfied by the trial I am trying, for me that they are fully entitled to the credit they claim for it, and I shall use it in preference to any other.

JAMES COOK.

Philadelphia, May 29, 1850.

Have used Crane's Patent Soap, made by J. P. Jones, N. Carolina, and am well satisfied that it is another of those articles which could be ingenious to invent, and which, when it is employed, I have no doubt it will prominently, and that it is place it in the hands of our great quantities.

JAS. C. BOOTH,
Practical and Analytical Chemist.

Co Professor Booth, Dr. Reynold Coates, who is locally well distinguished as a Chemist and Physician, also strongly indorses.

We have sold it in this town throughout the land, and it is the only thing, as evidence of its excellence, we will mention. He is universally admitted to be the best Chemists in the U. States.

Crane's *Patent Compound Wash Mixture*, supply J. Woodward, Agent for Vermont has been in Burlington for several weeks with the most astonishing success. I have no hesitation in recommending it as a valuable preparation, and that it will be in the process of washing is unquestionable.

LESTER JANES,

Pastor of the M. E. Church in Burlington, Vt.

Crane's Patent Soap—We have tried this compound in our own family, and it is one of the most useful domestic improvements of the day. It is the substance, and preserves clothes from being torn to pieces. The qualities claimed for it in the advertisement are not exaggerated.—*Philadelphia Daily Sun.*

PRESERVATIVE FOR THE HAIR.

KITCHEN & HENDERSON'S HAIR PRESERVATIVE has now been in use nearly four years, and has proved itself to be the best article for improving the growth and beauty of the hair that has ever been invented, as hundreds are ready to testify. It entirely stops the hair from coming out and imparts to it strength and vigor, and gives to hair the most coarse and harsh, a soft and glossy appearance. It also removes all scurf and dandruff from the skin or head which ought always to be kept out in order to have a healthy growth of hair, because if allowed to accumulate, it becomes imbedded around the roots of the hair and clogs up the pores of the skin, thereby preventing a free and healthy action. The consequence is the hair becomes dry and dead, and very soon begins to show signs of decay and falling off. All this can be prevented by a proper use of this preservative, as it gives life and action to the skin, and at the same time imparts nourishment and strength to the hair, and leaves it soft and glossy without being greasy.

METALLIC OR VULCANIZED Rubber Belting, steam packing and Hose,

MANUFACTURED BY THE

BOSTON BELTING COMPANY.

MANY OF THE HEAVIEST BELTS now in the Northern States, are made of the Vulcanized Rubber, or Metallic Gum Composition, (which cannot be affected by heat or cold,) and are in successful operation, giving perfect satisfaction. The experience of the last three years has gained for them the confidence of the consumers; this, together with the fact that great improvements have been made in the quality, warrants the manufacturers in asserting it to be superior to leather for all open Belts, more especially for heavy or main Belts, for the following reasons:—

1. Its perfect equality of width and thickness, which is well retain.

2. No danger of heat and, 300 Farenheit injures it, and it retains its flexible to any degree of cold.

3. It is of great strength and durability, does not slip on the pulleys, consequently a gain of power is obtained, and when adjusted to machinery, does not require alteration, as is the case with leather.

4. In large Belting thy cost is much below that of leather.

A large assortment always on hand, and furnished of given lengths at shortest notice.

Packing for Steam Boilers and Steam Pipes, made of the Metallic Rubber, is now universally adopted by the Rail Roads and largest Steam Works in New England, also, on board the Steam Boats of the Western lakes; and when once tried, to suit to use exclusively all other articles for this important purpose. An assortment of various thickness constantly on hand.

HOSE.

DR. HOOFLAND'S

CELEBRATED GERMAN BITTERS,

PREPARED BY

DR. C. M. JACKSON,

AT THE

GERMAN MEDICINE STORE,

No. 120 Arch St., Philadelphia.

Their power over the above diseases is not excelled, if equaled, by any other preparation in the United States, as the cures attest, in many cases after all other physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of disease of the Liver and lower bowels, exercising the most searching powers in weakness and all cases of the digestive organs, which, when taken, are certain and pleasant.

READ AND BE CONVINCED

CHAS ROBINSON, Esq., Easton, Md., in a letter to Dr. Jackson, Jan 2, 1850, said—

"My wife and myself have received more benefit from your medicine than any other we have ever taken for the *Dyspepsia and Liver disease.*

"THE TENTH LEGION," published at Woodstock, Va., January 10, 1850, said—

"A GREAT MEDICINE!!

"We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the *German Bitters*, invented by *Dr. Hoofland*, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine have been tested, has taken under our observation. A lady residing in this town, a son of Mr. ABRAHAM CRAWILL, of this county, was very severely afflicted with Lever Complaint, and after trying a variety of various remedies, he the purchased a bottle of the Bitters, and after using it, was so much relieved of his distressing malady, that he procured another bottle, and is restored entirely to health."

READ FURTHER A FEW FACTS

The "*Philadelphia Democrat*" the leading German journal of Philadelphia. The editor said, Nov 24th,

"We again call attention to the removal of the German Medical Store, the principal depot for the sale of Dr. HOOFLAND'S GERMAN BITTERS, from 278 Race, to 120 Arch Street, one door below Sixth.—Owing to the increased demand for this medicine, and for the accomodation of his numerous patrons, Dr. Jackson has been compelled to occupy a larger store. We wish him success in his new quarters; he is deserving of it. The Bitters Mixture is without doubt the greatest medicine extant for diseases of the Liver and Stomach. A stubborn case of chronic Diarrhœa came under our notice, which the patient had exhausted the Materia Medica of the different schools of medicine with no apparent benefit. He was induced to use these bitters, and a few bottles of them having entirely cured him. Many such cases we could refer to. We hope our readers will recollect this great restorative should they be so unfortunate as to require its use. Dr. Jackson possesses the original unpublished receipt of Dr. HOOFLAND, and he prepares this medicine with this care. Those purchasing should call at his store, or see that his name is written upon the wrapper outside, and blown in the bottle, as imitations of all good articles are common."

MORE EVIDENCE.

The "*Philadelphia Saturday Gazette*," the best family newspaper published in the United States, the editor says of

DR. HOOFLANDS GERMAN BITTERS.

"It is a fashion that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after they have done their guilty race of mischief, but of a medicine long established, universally prized, and which has the hearty approval of the Faculty itself."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, *and the strongest testimony is in favor* of, that there is more of a regard in the practice of the regular Physicians of Philadelphia than all other nostrums combined, a fact that can easily be established and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in *all bilious diseases*—the effect is immediate. They can be administered to FEMALE or INFANT with safety and reliable benefit, at any time.

BEWARE OF COUNTERFEITS.

This medicine has obtained that high character which is necessary for all medicines to attain to induce counterfeiters to put forth a spurious article at the risk of the lives of those who are innocently deceived.

LOOK WELL TO THE MARKS OF THE GENUINE.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, *without which they are spurious.*

CONSUMPTION

In all Christianized and civilized countries, has caused a larger proportion of deaths than any other malady that afflicts the human family; and, until within a few years, there has not been any *certain remedy* to stop the devastation of the destroyer. But now—

BRANT'S INDIAN PULMONARY BALSAM

Cures very many of the most strongly marked and developed cases of Pulmonary Consumption—REAL, *undoubted cases of ulcerated and diseased LUNGS*—such *hopeless cases as were never before cured* by any other medicine. So *utterly hopeless* were some of the afflicted persons, as to have been pronounced by *physicians* and friends to be ACTUALLY DYING. Some, who had their burial clothes made, have been cured, and yet live—others who it was said would not live another day, are now as well and hearty as they ever were.

It possesses all the cleansing and purifying virtues nearly as powerful and active as the preparation which we call

BRANT'S INDIAN PURIFYING EXTRACT.

This differs from that, because this possesses *several other Medications* which are *peculiarly adapted* to, and are *essential ly necessary*, to cure

Coughs and Consumptions,

and all diseases of a pulmonary nature—such diseases as usually prove so fatal under ordinary treatment, when they attack the

Breast, Throat, Lungs, and Heart.

This *BALSAM heals and cures Ulcers in the Lungs*, and *else where internally, as certainly and easily* as the PURIFYING EXTRACT *cures* and *heals ulcers externally*. This Balsam cures nine cases of *Cough* and *Consumption* out of ten, after all other remedies have *failed to do good.*

Thousands of Consumptions

and *Chronic Coughs*, abundantly prove its *unfailing efficacy* in such diseases, and its undoubted curative power, and soothing, healing properties in the following complaints and diseases, viz: *Spitting of Blood, Bleeding at the Lungs, Pain in the Breast and Side, Night Sweats, Nervous Complaints, Palpitation of the Heart, Cholera Infantum, Dysentery* and *Summer Complaints* in *Children* and *Adults, Asthma*, and *ALL*

FEMALE WEAKNESSES AND COMPLAINTS.

No remedy that has been offered to the public has ever been *half as certain* and *effectual* in *correcting ALL* the incidental *weaknesses* and *irregularities* of the female sex, as *BRANT'S PULMONARY BALSAM*. It makes no difference whether the derangement be *suppression, excess*, or other incidental weakness—it *regulates ALL*, by *strengthening* the system, *equalizing the circulation*, and *soothing* and *allaying* NERVOUS IRRITABILITY. *See our Pamphlets* for proof.

CONSUMPTION.

A Dying Woman Cured!

We state the cure to prove the *power to save life* when this BALSAM is used, even after the person is considered by physicians and friends to be in the *last stages* of disease—actually *dying*—and, in this case, so far *gone* that the shroud and *burial clothes* were bought. For the *particulars* of this case, and the *respectable* and *undoubted* proof of all the circumstances and facts, we refer to our PAMPHLETS.

This cure was effected on Mrs ZIBA DYKEMAN, of *Ballston Spa, Saratoga Co. N. Y.* We can prove beyond a doubt, such cures *almost equally as striking*, and undeniable cases of *Coughs* and *Consumptions CURED*, which were pronounced incurable by skillful *physicians*.

LIVER COMPLAINT.

See the cure of *Dr. Hubbard*, of Stamford, Ct., and others

Dyspepsia!

See the cure of *T. S. Wilson*, merchant, of Attica, Wyoming Co., N. Y., and many more, in our Pamphlets

Dysentery and Summer Complaint

in *Children* and *Adults* are always cured. *Weakly Children* will become *healthy, healthy, and hearty*, and grow rapidly, by the use of the BALSAM.

No mother need ever mourn the death of her child, by *Cholera Infantum*, while healthy, if *BRANT'S PULMONARY BALSAM* be administered. It should be, for such cases, given in larger than the ordinary dose.

AFFLICTED READ!!!

PHILADELPHIA MEDICAL HOUSE—Established 15 Years ago by DR. KINKELIN.

North west corner of THIRD and UNION sts.—between Spruce and Pine, a square and a half from the Merchants Exchange, Philadelphia.

Persons suffering from Pains in the Limbs, recent and chronic Affections of the Kidneys, Disease of the Bladder, Gravel, Strictures, Seminal Weakness, and all the concomitant ills of Syphilitic affections, and those who are feeling such a secret ailment, have entitled on them the low constitutional debility, should apply immediately for the most speedy remedies, to DR. KINKELIN, the most expert and successful practitioner far and near, in the treatment of all diseases in a private nature.

Lepers—Are assured that DR KINKELIN confines his practice to a particular branch of medicine, which engages his undivided attention. He cautions the unfortunate against the abuse of mercury; thousands are annually made miserable by the injudicious actions are promptly extinguished. See your cases properly examined, and not patched up. Married people and those about to marry, should be particularly cautious of those accidents; what a dreadful inheritance to transmit to posterity.

TAKE PARTICULAR NOTICE.—There is a habit which boys teach each other at the academy or college—a habit indulged in when by himself, in solitude, growing up with the boy to manhood, and which, if not restored in due time, not only begets serious obstacles to matrimonial happiness, but gives rise to a series of protracted, insidious, and devastating affections. Let all those who indulge in this pernicious practice, are aware of the consequence, until they find the nervous system shattered, feel strange and unaccountable feelings, vague fears in the mind. The individual becomes feable, he is unable to labor with accustomed vigor, or to apply his mind to study; his step is tardy and weak, he is dull, irresolute, confused in business with less energy than usual. THESE ARE SYMPTOMS WHICH WE WOULD BEGS THE ATTENTION OF THOSE SIMILARLY SITUATED.

YOUNG MEN.—If you value your life or health, remember, the delay of a month, nay, even a week, may prove your ruin, both of body and mind. Hence let false modesty deter you from making your case known to one who from education and respectability, can alone be trusted you. He who places himself under Dr. KINKELIN's treatment, may religiously confide in his honor as a gentleman, and in whose bosom will be forever locked the secret of the patient.

Too many think they will bury the secret to their own hearts, and cure themselves. Alas! how often is this a fatal decision, and how many a promising young man, who might have been an ornament to society, has found from the earth.

Remember that structures of the urethra are rapidly destroyed by the application of a new therapeutical agent, used only by Dr K. WEAKNESS AND CONSTITUTIONAL DEBILITY PROMPTLY CURED, AND FULL VIGOR RESTORED.

All letters POST PAID, attended to.

COUNTRY INVALIDS—Finding it inconvenient to make personal application, can by stating their case explicitly, together with all their symptoms, (per letter post paid,) have forwarded them a chest containing Dr. K's medicines, appropriated accordingly and cured at home.

PACKAGES OF MEDICINE forwarded to any part of the United States, put up secure from DAMAGE or CURIOSITY.

A remittance of 25 cents in a letter post paid, addressed to Dr. Kinkelin, Philadelphia, will secure his Book on Self Preservation, under envelope, per return of mail. w40yeas1

Dr. Warren's

Sarsaparilla, Tomato and Wild Cherry

PHYSICAL BITTERS,

At 50 Cents per Bottle.

SARSAPARILLA, TOMATO AND WILD CHERRY Bitters have now become a standard medicine, universally approved by physicians as a safe, speedy, and effectual remedy for *Scrofulous, Mercurial, and Cutaneous Diseases*; Jaundice, Indigestion, Dyspepsia, Bilious Disorders, Liver Complaints, Costiveness, Weak and Sore Stomach, Fevers and Running Sores, Swelling of the Limbs, Pain in the Bones, Tumors in the Throat, Rheumatic Affections, Salt Rheum, Erysipelas, bad Humors, Eruptions, on the Face or Body, Cancerous Sores, King's Evil, Chronic Catarrh, Languor, Debility, Headache, Dizziness, Sallow Complexion, and all those disorders which arise from the abuse of Mercury, or from an impurity in the blood, no matter how acquired.

The extract here presented is prepared after directions given by the celebrated Dr Warren, whose name it bears, and will be found superior to any in use. It is highly concentrated, entirely vegetable, and very finely flavored to the taste. The change which it produces in the condition and efficiency of the system is *speedy and permanent.*

As a Spring Medicine for purifying the blood—strengthening the stomach and body—and checking all consumptive ills—the Sarsaparilla Tomato and Wild Cherry Bitters are entirely universal.

ELEGENT AND INVALUABLE ARTICLES FOR THE TOILET

BOGLE'S HYPERION FLUID,

FOR RESTORING, PRESERVING, AND EMBELLISHING THE HAIR.

The following Certificate, from Dr. Winslow Lewis, one of the most eminent Physicians of Boston, will show the estimation in which it is held by the scientific and learned, being one only of many similar ones.

BOSTON, Feb. 15, 1850.

Mr. Wm. Bogle,—Sir: The preparation invented by you for the hair, has been extensively used in my family, and they give it the decided preference over all other compositions of the kind. It invigorates and beautifies the hair, and cleanses the skin of all impurities, without producing any ultimate deleterious effects, which are so frequently the result of many well known patented compounds.

WINSLOW LEWIS.

It is an indispensible article for the Ladies, as it keeps the hair in place and curl, and the skin or parting of the hair free from dandruff and scurf. For children, it lays the foundation of a good head of hair.

BOGLE'S AMOLE,

A COMPOUND FOR SHAVING.

This delightful article is totally different and far superior to anything yet invented for shaving. The base of it is derived from the *Amole*, or "soap plant" of California, an article used by the natives of that country for washing; and thus, the use of strong alkali, so hurtful to the skin, is avoided. Its vegetable and detergent properties have the purest and most nourishing effects on the skin—it soothes and allays irritation, and has a rich, thick, creamy lather, which does not dry on the face. It is a decided luxury to be shaved with this incomparable soap. It is done up in elegant style, calculated either for the dressing case of the "rough and ready" traveller, or the toilet of the most fastidious connoisseur.

BOGLE'S HEBEAIONA.

FOR REFRESHING AND BEAUTIFYING THE COMPLEXION.

Eradicating Tans, Pimples, and other eruptions of the skin, and rendering it fair, delicate and blooming. It is equally efficacious in protecting the skin from the hot suns of summer, and freezing blasts of winter and is the most fragrant and delicious article to be found at the toilet of fashion.

All the above articles have stood the test of the strictest investigation, and are WARRANTED superior to anything yet invented, but, if not found to prove so, on trial, the money, in all cases, will be refunded by my Agents. WM. BOGLE, *Proprietor*,

247, Washington-st, Boston.
