AIR WARMING AND VENTILATING FURNACE.

Four Sizes—Completely adapted for WOOD CHUNK.

THIS Furnace possesses more real advantages for warming Dwelling, Churches, School Houses, Court Houses, Factories, &c., than any other plan heretofore known.

It is free from all the objections to the common Iron Pot Furnaces which burn the oxygen of the air, thereby creating a scorching, suffocating odor common to all such structures, and which are constantly burning out their pots and plates, and also permitting the escape of gas and smoke into the apartments to be warmed, whereas this is a very durable Furnace and **not liable to burn out,** there being no red hot pots or plates to crack, warp or burn out, and thus preventing the escape of gas, dust, &c., into the building to be warmed, and filling the house with abundance of soot, fresh, healthful, warm air. We also keep a constant supply of the latest design of **Registers, Hot Air Grates and Ventilators.**

Also, Ponds Cooking Range, with water fixtures.

FOR FALL AND WINTER USE!

Entered according to Act of Congress, in the year 1851, by J. S. HOUGHTON, M. D. in the Clerk's Office of the District Court for the Eastern District of Pennsylvania.

Great Cure for Dyspepsia!

ANOTHER SCIENTIFIC WONDER!

Dr. J. S. HOUGHTON'S

The True Digestive Fluid,

OR GASTRIC JUICE!

PREPARED from RENNET, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D. Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation and Debility, curing after nature's own method, by nature's own Agent, the Gastric Juice.

☞ Half a teaspoonful of Pepsin, imbibed in water, will digest of *cheese, two Pounds of Roast Beef in about two hours*, out of the stomach.

PEPSIN is the Color element, or Great Digesting Principle of the Gastric Juice—the *Solvent of the food, the Purifying, Preserving and Stimulating* A coat of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus bringing an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it.—By the help of this preparation, the pains and excess of Indigestion and Dyspepsia are removed, not as they would be by a healthy stomach, Residuum and Dinner for Dyspeptics, curing cases of Debility, Emaciation, Nervous Decline and Dyspeptic Consumption, supposed to be on the verge of the grave. The scientific evidence upon which it is based, is on the highest degree Curious and Remarkable.

SCIENTIFIC EVIDENCE!

BARON LIEBIG in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Ox, in which various articles of food, as meat and eggs, will be *dissolved, converted, and digested, and to the same manner as they would be in the human stomach.*"

Dr. PARRISH, in his famous treatise on "Food and Diet," published by Fowlers & Wells, New York, page 20, states the same great fact, and describes the method of preparation. "There are few longer ascertained than Dr. Pepsin."

Dr. COMBE, of the various writings on the "Physiology of Digestion," believes and "a demonstration of the inequality of the Gastric Juice to a proximate and its preventing cause of Dyspepsia," and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else fail, took from a receiver in the Gastric Juice, obtained from the stomachs of living animals, which *cured completely and speedily.*"

Dr. GRAHAM, author of the famous works "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to it the identical property of dissolving aliments similar to food, and in differing kinds, true *specific digestives* of them to *operate efficiently, rarely, and with wonderful perfection.*"

Dr. CARPENTER's almost Work on Physiology, with his chemistry in every Dyspeptic and is used as a Text Book in all the Colleges, is full of evidence similar to the above, proving the remarkable Digestive power of Pepsin, and the fact that it may be safely separated from the stomach of a calf or ox, and used for experiments in Artificial Digestion, or a remedy for disease of the Stomach and other internal organs of Gastric Juice.

AS A DYSPEPSIA CURER,

Dr. HOUGHTON'S PEPSIN has produced the most *marvellous effects*, in curing cases of *Debility, Consumption, Nervous Decline, and Dyspeptic Consumption.* It is impossible to give the details of cases in the limits of this advertisement, but authenticated certificates have been given of more than Two Hundred Remarkable cures, in Philadelphia, New York, and Boston alone. These were cases of desperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to Bilious disorder, Liver Complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other Drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating, and the inordinate use of ardent spirits. It almost resembles *Health with Intemperance.*

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No wonder how bad they may be. Relief is instant. *A single dose removes all the troublesome symptoms*, and it only needs to be repeated for a short time to make these good effects permanent. Family of Blood, and Vigor of Body follow at once. It is particularly excellent in cases of Nausea, Vomiting, Cramps, Soreness of the pit of the Stomach, distress after eating, low, cool state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Dr. HOUGHTON'S PEPSIN is prepared in Powder and in Liquid form—and in prescription cautions for the use of Physicians.

PRIVATE CIRCULARS for the use of Physicians, may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation, and giving the authorities upon which the claims of this new remedy are based. As it is *not a secret Remedy*, no objection can be raised against its use by Physicians in respectable standing and regular practice. Price, One Dollar per bottle.

Vegetable Electuary, or Internal REMEDY FOR THE PILES,

TRIUMPHANT!

50,000 *Cases Cured the past year!*

Read the following addressed to the Rochester agents.—

Messrs. Post & Willis—Gents. It is with no ordinary feelings of pleasure that I am enabled to inform you the cure I have experienced by the use of Dr. Upham's Electuary, which I obtained from you in case of Piles with which I have been afflicted. My sufferings have been almost beyond endurance and cannot be known or imagined, only by those who have experienced like afflictions.

Having been so long and sorely afflicted, I am induced to address you, that through you I may make known to my friends and neighbors the truly wonderful virtues of Dr. Upham's Electuary, which I shall hereafter keep on hand, as I find it beneficial in other respects, removing obstinate costiveness, morbid accumulations in the stomach and bowels, and purify the blood—thus removing the cause of Piles, when a speedy cure must follow.

It is needless to add that previous to obtaining the Electuary of you, I had consulted many of our best physicians, but to little or no benefit. Should you know a case of malignant Piles, please refer them to me at my residence, in the town of Gates, where I shall be pleased to give them much more particular information than I am able to do in this communication.

JOSHUA BEAMAN.
