recently come in from the interior, and the city has experienced a very encouraging business revival. The planters are loud in their complaints of the colored people deserting their plantations, saying they cannot be induced to work except under compulsion by the military. In consequence of this desertion, they say the cotton and corn crops of the State will give but little more than half an ordinary yield.

It is estimated that the property in the State, valued in 1860 at $400,000,000, has been reduced to $50,000,000.

All of Gov. Perry's appointments, with one or two exceptions, are found to be ineligible in consequence of having held office under Davis' rule.

HALIFAX, N. S., Aug 30.

Capt. Anderson of the Great Eastern, in a letter says: It will require ten months to provide proper gear for lifting the Atlantic Cable and to make the necessary repairs to the Great Eastern. He suggests that the new cable should be made and laid in May next and the old one then picked up and repaired. He has every confidence in the future success of the cable but thinks it useless to renew the attempt to lay it during the winter months.

The Suez Canal was opened on the 17th and a vessel laden with coal passed from the Mediterranean to the Red Sea.

RALEIGH, Aug. 21.

Lieut. A. W. Mahan has returned from a special mission through the north-eastern portion of the State, where there is no military force, and reports three negroes shot in North Hampton County, by the County Police, for refusing to return to their masters, after engaging employment elsewhere—that the people refused recognizing the freedom of the blacks, who are whipped most fiendishly for even expressing a desire to be free. A perfect reign of terror exists in that portion of the State.

PROVERBS FOR THE PEOPLE.—"*Dost thou love Life? Then do not squander Time, for that is the stuff that Life is made of.*"

But what is Life without health? You abuse the laws which govern it and then you complain of sleepless nights, Nausea, Flatulence, Sick Headache, Loss of Appetite, Neuralgia, Rheumatism and other complaints. You have danced and the piper must be paid. But *Crimean Bitters* will relieve you and make you well, and if you are temperate and careful you will remain so. See testimonials on circular from U. S. Army Surgeons and many others, of cures of Fever and Ague, Dyspepsia, Neuralgia, Rheumatism, Diarrhoea and Cholera Morbus. All Druggists have this remarkable tonic and alterative for sale.

SPECIAL NOTICES

CAUTION FROM THE
American Watch Company.

It having come to our knowledge that imitations of the American Watch have been put upon the market in great number, calculated by their utter worthlessness to injure the reputation of our genuine products, to protect our own interests and the public from imposition, we again publish the trade marks by which our Watches may invariably be known.

We manufacture four styles of Watches.

The FIRST has the name
"AMERICAN WATCH CO., Waltham, Mass.," engraved on the inside plate.

The SECOND has the name
"APPLETON, TRACY & CO., Waltham, Mass.," engraved on the inside plate.

The THIRD has the name
"P. S. BARTLETT, Waltham, Mass.," engraved on the inside plate.

All the above styles have the name American Watch Co. painted on the dial, and are warranted in every respect.

The FOURTH has the name
"WM. ELLERY, Boston, Mass., engraved on the inside plate, and is not named on the dial.

All the above described Watches are made of various sizes, and are sold in gold or silver cases, as may be required.

It is hardly possible for us to accurately describe the numerous imitations to which we have alluded. They are usually inscribed with names so nearly approaching our own as to escape the observation of the accustomed buyer. Some are represented as made by the "Union Watch Co., of Boston, Mass.,"—no such company existing. Some are named the "Soldier's Watch," to be sold as our Fourth or Wm. Ellery style, usually known as the "Soldier's Watch." Others are named the "Appleton Watch Co.;" others the "P. S. BARTLEY," instead of our "P. S. Bartlett ;" besides many varieties named in such a manner as to convey the idea that they are the veritable productions of the American Watch Company.

We also caution the public, and particularly soldiers, against buying certain articles CALLED Watches, so freely advertised in illustrated papers as "Army Watches," "Officer's Watches," "Magic Time Observers," "Arcana Watches," &c., the prices of which are stated to be from seven to sixteen dollars. A good Watch, in these times, cannot be afforded for any such money.

A little attention on the part of buyers will protect them from imposition.

On the contrary, all are delighted with its operation and speak in terms of commendation of its magical effects and medical virtues. We speak in this matter "*what we do know*," after 30 years experience *and pledge our reputation for the fulfillment of what we here declare*. HOSTETTER'S BITTERS ON THE BATTLE FIELD.—It is satisfactory to know that our field hospitals are no longer unsupplied with this life-saving preparation. Soldiers who, as private citizens, had become acquainted with its properties, have in many instances made a special request that HOSTETTER'S STOMACH BITTERS might be added to the medical stores of their regiments, and their wishes have not been unheeded. As a means of sustaining wounded men on the battle-field, and of enabling troops to bear fatiguing marches under a blazing sun, it has been strenuously recommended by distinguished medical men, and the prospect is that it will eventually supersede all the adulterated tinctures, liquors and *dangerous Tonics* that have heretofore been considered medical staples. The fact that a small quantity of the Bitters mixed with water from any of the Southern or South ern rivers will prevent it from affecting the bowels or the liver, should be borne in mind by Army Physicians, soldiers, and all who have occasion to visit those portions of our country. The man who uses HOSTETTER'S BITTERS is in conformity with the directions, may set at defiance Intermittent Fever and all other diseases generated by the action of an unwholesome atmosphere upon an overtaxed frame.

AYER'S SARSAPARILLA a concentrated extract of the choice root, so combined with other substances of still greater alterative power as to afford an effectual antidote for diseases Sarsaparilla is reputed to cure. Such a remedy is surely wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove, as this has, of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found in the following complaints:—

Scrofula, Scrofulous Swellings and Sores, Skin Diseases, Pimples, Pustules, Blotches, Eruptions, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ringworm, &c.

Syphilis or Venereal Disease is expelled from the system by the prolonged use of this SARSAPARILLA, and the patient is left in comparative health.

Female Diseases are caused by the Scrofula in the blood, and are often soon cured by this EXTRACT OF SARSAPARILLA.

Do not discard this invaluable medicine, because you have been imposed on by something pretending to be Sarsaparilla, while it was not. When you have used Ayer's—then, and not till then, will you know the virtues of Sarsaparilla. For minute particulars of the diseases it cures, we refer you to Ayer's American Almanac, which the agent below named will furnish gratis to all who call for it.

AYER'S CATHARTIC PILLS, for the cure of Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Headache, Piles, Rheumatism, Heartburn arising from disordered Stomach, Pain Morbid inaction of the Bowels, Flatulency, Loss of Appetite, Liver Complaint, Dropsy, Worms, Gout, Neuralgia, and for a Dinner Pill.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are best Aperient in the world for all purposes of a family physic.

INCREASE OF RATS.—The Farmer's Gazette (English) asserts and proves by figures that one pair of rats will have a progeny and descendants no less than 651,050 in three years. Now, unless this immense family can be kept down, they would consume more food than would sustain 65,000 human beings.

☞ See "COSTAR'S" advertisement in this paper.

1865.

RATS versus BIRDS.—Whoever engages in shooting small birds is a cruel man; whoever aids in exterminating rats is a benefactor. We should like some of our correspondents to give us the results of their experience in driving out these pests. We need something besides dogs, cats, and traps for this business.—Scientific American, N. Y.

☞ See "COSTAR'S" advertisement in this paper.

1865.

"COSTAR'S" RAT EXTERMINATOR is simple, safe, and sure,—the most perfect Rat-ification meeting we have ever attended. Every Rat that can get it, properly prepared according to directions, will eat it, and every one that eats it will die, generally at some place as distant as possible from where the medicine was taken.—Lake Shore, Mich., Mirror.

☞ See "COSTAR'S" advertisement in this paper.

1865.

HOUSEKEEPERS troubled with vermin need be so no longer, if they use "COSTAR'S" Exterminator. We have used it to our satisfaction; and if a box cost $5, we would have it. We have tried poisons, but they effected nothing; but "COSTAR'S" article knocks the breath out of Rats, Mice, Roaches, Ants, and Bed-Bugs, quicker than we can write it. It is in great demand all over the country.—Medina, Ohio, Gazette.
