A RELIABLE NEWSPAPER.

FROM THE

**New Orleans True Delta.**

"There seems to be no excuse for thin or gray Hair, now that the celebrated Heimstreet's Inimitable Hair Restorative can be had."

FROM THE

**Cleveland Plaindealer.**

"When people can protect their Hair from the ell-tale marks of age; when they can luxuriate in glossy black locks at an advanced period of their lives; when white and gray Hair can be made to grow upon bald heads; when all this can be done, it cannot do any harm to tell what will do it. HEIMSTREET'S HAIR RESTORATIVE will do it. This Hair Restorative is, beyond peradventure, the best thing of the kind ever invented. The fact in our possession, in regard to this wonderful preparation, warrants us unequalifiedly recommending."

FROM THE

**St. Louis Republican.**

"Many of our first citizens of Louis are speaking in glowing terms of this article."

FROM THE

**Cairo City Gazette.**

"This incomparable excellent preparation for the Restoration of Gray Hair to its original color, to preserve Hair from falling out, and to cure baldness, is one sale at Humphrey & Brown's in this city. The evidence that this Restorative is no humbug is conclusive Testimonias to that effect may be found in almost every paper in the country."

FROM THE

**South Western Baptist.**

"Leave dyes alone, and use only some reliable Restorative, like Heimstreet's Inimitable."

An aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities both in Europe and the United States, and prescribed in their practice

The experience of thousands daily proves that no preparation of Iron can be compared with it Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions, indicate its necessity in almost every conceivable case

Inaccurate in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:

In Debility, Nervous Affections Emaciation, Dyspepsia, Consumption, Diarrhea, Dysentary, Incident Consumption Scrofulous, Tuberculosis, Salt Rheum, Mismenstruation, Whites, Chlorosis, Liver Complaints, Chronic headaches, Rheumatism, Intermittent Fevers, Pimples on the Face &c.

In cases of General Debility, whether the result of cute disease or of the continued diminution of nervous and muscular energy from chronic complaints, the trial of this restorative has proved successful to an extent which no description nor written attestation would render creditable. Invalids so long bed-ridded as to become forgotten in their own neighborhoods, have suddenly reappeared in the busy world as if just returned from protracted travel in a distant land.—Some very signal instances of this kind are attested of female sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In Nervous affections of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorous y tonic, without being exciting and overheating; and gently, regularly aperient even in the most obstinate cases of costiveness without ever being a gastric purgative, or indicating a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably efficacious and permanent a remedy for Piles, upon which it also appears to exert a specific action, by dispersing the local tendency which forms them

In Dyspepsia, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the habitual Costiveness.

In unchecked Diarrhœa, even when advanced to Dysentary, confined, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and remittant hectic, which generally indicates Incipient Consumption, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In Scrofulous Tuberculosis this medicated iron has had far more than the good effect of the most cautiously balanced preparations of Iodine, without any of their well known liabilities.

The attention of females cannot be too confidently invited to this remedy and restorative, in the cases peculiarly affecting them.

In Rheumatism, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In Intermittant Fevers it must necessarily be a great remedy and energetic, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects. Good appetite, complete digestion, rapid acquisition of strength with an unusual disposition for active and cheerful exercise immediately follow its use.

Put up in neat flat metal boxes containing 50 pills, price 50 cents per box: for sale by druggists and dealers. Will be sent free to any address on receipt of the price All letters, orders, etc., should be addressed to R. B LOCKE & CO., General Agents, N. Y.
