THE ONLY DISCOVERY

WORTHY OF ANY CONFIDENCE FOR
Restoring

THE BALD AND GRAY!

Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gone being carried away by the wonderful results of Prof Wood's preparation, and have been forced to leave the field to its resistless sway. Read the following:—

Bath, Maine, April 18 h 1859

Prof O. J. Wood & Co Gents: The letter I wrote you in 1856 concerning your valuable Hair Restorative and which you have published in this vicinity and elsewhere, has given rise to numerous inquiries touching the facts in the case. The inquiries are first, is it a fact of my habitation and name, as stated in the communication; second, is it true or all therein contained; third, does my hair still continue to be in good order and of natural color? To all I can and will answer invariably yes. My hair is even better than in any stage of my life for forty years past, more soft th iffy and better colored; the same is true of my whiskers, and the only cause why it is not generally true is that the substance is washed off by frequent ablution of the face, which if care were used by wiping the face, in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much fraud in the manufacture and sale of various compounds as well as this, it has no doubt been basely imitated and been used, not only without any good but to absolute injury. I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and hundreds have examined it with surprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact I send you a lock of my hair, taken off the past week. I received your favor of two quart bottles last summer for which I am very grateful; I gave it to my friends and thereby induced them to try it, many were skeptical until after trial, and then purchased and used it with universal success. I will ask as a favor, that you send me a test by which I can discover fraud in the Restorative sold by many, I fear without authority from you. A pure article will insure success and I believe where good effects do not follow the failure is caused by the impure article which carries the inventor of the good. I deem it my duty as heretofore to keep you apprised of continued effect on my hair, as I assure all who enquire of my unshaken opinion of its valuable results. I remain, dear sir, yours

A. C RAYMOND.

Aarons Run Ky., Nov. 31 1858

PROF. O. J. WOOD: Dear sir.—I would certainly be doing you a great injustice not to make known to the world, the wonderful, as well as the unexpected result I have experienced from using one bottle of your Hair Restorative. After using every kind of Restoratives extant but without success, and finding my head nearly as little of hair, I was finally induced to try a bottle of your Hair Restorative. Now candor and justice compel me to announce to whoever may read this, that I now possess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was. I will therefore take occasion to recommend this invaluable remedy to ALL who may feel the necessity of it.

Respectfully yours, REV. S. ALLEN BROCK.

P. S.—This testimonial of my approbation for your valuable medicine (as you are aware of) is unsolicited:—but if you think it worthy a place among the rest, insert it you will; if not destroy and say nothing.

Yours, &c., Rev S. A. B

The Restorative is put up in bottles of three sizes, viz large medium, and small; the small holds ½ a pint and retails for one dollar per bottle; the mediums hold at least twenty per cent. more in proportion than the small retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion and retails for $3 a bottle. ATWOOD'S QUININE TONIC BITTERS,

The Best Aromatic Tonic Ever Offered the Public.

RECOMMENDED BY THE FACULTY
For its Superior Medicinal Qualities.

THIS elegant compound which has secured the confidence and endorsement of most of the leading Physicians of New England, is a palatable and efficient form of Quinine, containing all the peculiar virtues of PERUVIAN BARK, carefully combined with various tonics and stomachics, and cannot fail to meet the wants of the debilitated.

It is a mild tonic to the stomach, increasing the appetite, assisting digestion, pre eminently good in dyspepsia, strengthening and invigorating to the digestive and nervous systems after prostrating diseases; and in fever and ague, or kindred complaints, its aid is invaluable.

For diarrhœa dysentery and cholera morbus, the public may rest assured there is nor can be any better general remedy.

One of the very best Physicians in Boston has said "that it is the best preparation of Bitters that has ever been offered to the public."

Put up in half pint as well as quart bottles, in order that all may convince themselves of its superior merits.

GREATEST IMPROVEMENT

OF THE AGE.

THE GOOD SAMARITAN!

FOR

WOOD or COAL.

Ahead of all Competition!

5400 of them manufactured last year—more than double the number of any other first class stove in one year, in the United States.

THEY contain all the improvements which are in all the first class stoves, and the advantages and improvements over other stoves are in part as follows:

1st. The arrangement for broiling on the front hearth, —an improvement overlooked in other first class stoves. It has also the same arrangement for broiling on top.

2d A thorough ventilation of the Oven.

3d. Introducing hot air draught to the fire chamber, thereby increasing the draught of the Stove, quickening its operations, and enabling it to throw out more heat—a matter much and justly complained of in other Stoves.

4th. An important improvement in the application of the damper, which throws the heat around the oven.

5th. Much greater weight, consequently heavier plates, and more durable as well as handsomer castings.

6th. A draft damper at each end of the fire box, so that the fire is equalized, and one grille will heat as quick as the other, also heating the oven in half the time.

7th. Fire back protected by soap-stone, so it cannot burn out.

☞ In addition to the above improvements, it has all that is combined in other first class Stoves, viz.—Hot water Reservoir, Warming Closet, Roaster in front, Baker on top, Doors lined with best Russia Iron, &c., &c. Further, this stove is warranted to do the work with as little fuel as any other stove in the market, and in a superior manner.

All who want a first class Stove, should never buy until they call and see the GOOD SAMARITAN, as they have in every instance given satisfaction.

I am the exclusive agent for the sale of this Stove in Montpelier, and sell it on trial for any reasonable length of time; so all are safe in buying.

I have also as full an assortment of Common Stoves on hand as any other dealer in Washington County, and sell as low as any one in the State. D. DEWEY.

FIRE PROOF SAFES

IN THE WORLD ARE THE

MARLAND PATENT.

Certificates of approval, in comparison with other Safes, Boston, Dec. 31 1859.

Messrs. Sherwin and Burgess, Agents for Marland's Patent safe. I have examined the Marland's patent safe in your store, and so far as I am able to judge of its fire proof qualities, I believe the principle upon which it is built, to be most reliable in resisting heat, of any safe that has come under my observation and particularly recommend it to the attention of our Probate Judges that are now supplying themselves, for the preservation of their records. BENJ. W. DEAN, Sec. of State.

Brattleboro, Dec, 31 1858.—This may certify that we have examined the Marland Patent Fire Proof Safe, exhibited to us by Mr. Anson Hardy, and that in our opinion, Marland's Safe would be a desirable one to purchase for the use of the Probate Courts

R. TYLER, }
A. STODDARD, } Judges of Probate

Middlebury, April 27th, 1859—The Legislature of Vermont at its last session passed a law making it the duty of County Judges to procure Fire Proof safes, in which to deposite Probate Records. In discharge of that duty we have spen some time in examineing a number of safes, and we have come to the conclusion that the Marland Safe manufactured by M. B. Bigelow & Anson Hardy of Boston, Mass., is superior to any other we have examined for its Fire Proof qualities. We have bought a safe of that description for the New Haven Probate District, and are well satisfied with his workmanship, appearance and durability. W. W. C WRIGHT, } Asst. Judges

Please read a few certificates from the following reliable and well known people

MESSRS. HENRY P. WILSON & CO.—My wife is now using your Regenerator for the hair, and pronounces it far superior to anything she ever used for the hair. It is easily applied does not soil in the least—has no disagreeable odor, increases the growth of hair, prevents it falling off, and often cures the headache. I forward you this certificate unsolicited, because I think an article that will do what your Hair Regenerator will, should be widely known. I think it is the best article for the purpose now in use. *Respectfully, &c.,*

REV. C. RUSSELL, Littleton, N. H
November 1.

MESSRS. HENRY P. WILSON & CO.: I have no hesitancy in saying, in my opinion, Mrs Wilson's Hair Regenerator and Hair Dressing are the best hair preparations in use. I shall continue to use them with pleasure.

REV. H. H. HARTWELL, Lawrence, Mass

November

MESSRS. HENRY P. WILSON & CO.: I have used your Hair Regenerator and Hair Dressing, and have received great benefit from them. I deem the articles worthy of high commendation, and cheerfully recommend them to all who want to restore gray hair to its original color, or to any who are troubled with dandruff, or a disagreeable itching of the head, or humors, or to those whose hair is falling from the head.

REV. G. W. H CLARK, Great Falls, N. H

MESSRS. HENRY P. WILSON & CO.: I deem Mrs. Wilson's Hair Regenerator and Hair Dressing the standard articles of all hair preparations. I have, in many instances, known them to restore the hair where it has fallen off, remove dandruff, restore the hair to its original color, cure entirely the most painful headaches—and in some instances most serious humors. Personally, I have been a sharer in several of these benefits.

REV. HENRY HILL, Manchester, N. H

MRS. WILSON'S COCOA-NUT OIL HAIR DRESSING

Mrs. Wilson's Hair Dressing is put up in large bottles and retails for 37 cts. per bottle, and for dressing the hair of any person, young or old, there is not its equal in the world. It will make the hair everything you wish it to be, and moreover, it has a perfume that is infinitely superior to any of the fashionable extracts, either foreign or American, which alone should entitle it to a place on every lady's toilet table.

Use the Regenerator before retiring at night, and in the morning apply a little of the Dressing, and your hair will be even more lifelike in color and beauty.

Use nothing on your hair but these preparations, and use these according to directions, and we warrant you a good healthy head of hair.

Manufactured and sold at wholesale by Henry P. Wilson & Co., Manchester, N. H., to whom all letters should be addressed.
