THE ONLY DISCOVERY
WORTHY OF ANY CONFIDENCE FOR
Restoring
THE BALD AND GRAY!

Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gone being carried away by the wonderful results of Prof. Wood's preparation, and have been forced to leave the field to its resistless sway. Read the following:—

Bath, Maine, April 18th 1859

"Prof. O. J. Wood & Co. Gents: The letter I wrote you in 1856 concerning your valuable Hair Restorative and which you have published in this vicinity and elsewhere, has given rise to numerous inquiries touching the facts in the case. The inquiries are, first, is it a fact of my habitation and name, as stated in the communication; second, is it true or did the again contained; third, does my hair still continue to be in good order and of natural color? To all I can and will answer invariably yes. My hair is even better than in any stage of my life for many years past, more soft, thrifty and better colored; the same is true of my whiskers, and the only cause why it is not generally true is that the substance is washed off by frequent ablution of the face, which if care were used by wiping the face, in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much fraud in the manufacture and sale of various compounds as well as this, it has no doubt been basely imitated and been used, not only without any good but to absolute injury. I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever and hundreds have examined it with surprise as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact I send you a lock of my hair, taken off the past week. I received your favor of two quart bottles last summer for which I am very grateful; I gave it to my friends and thereby induced them to try it, many were skeptical until after trial and then purchased and used it with universal success. I will ask as a favor, that you send me a test by which I can discover fraud in the Restorative sold by many. I fear without authority from you. A pure article will insure success and I believe where good effects do not follow the failure is caused by the impure article which curses the inventor of the good. I deem it my duty as heretofore to keep you apprised of continued effect on my hair, as I assure all who enquire of my unshaken opinion of its valuable results. I remain, dear sir, yours

A. C. RAYMOND.

Aurora Run Ry., Nov. 30 1858

PROF. O. J. WOOD: Dear sir.—I would certainly be doing you an great injustice not to make known to the world, the wonderful as well as the unexpected result I have experienced from using one bottle of your Hair Restorative. After using every kind of Restoratives extant but without success, and finding my head nearly destitute of hair, I was finally induced to try a bottle of your Hair Restorative. Now candor and justice compel me to announce to whoever may read this, that I now possess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was. I will therefore take occasion to recommend this invaluable remedy to ALL who may feel the necessity of it.

Respectfully yours, REV. S. ALLEN BROCK

P. S.—This testimonial of my approbation for your valuable medicine (as you are aware of) is unsolicited—but if you think it worthy a place among the rest, insert it you will; if not destroy and say nothing.

Yours, &c., Rev S. A. B

The Restorative is put up in bottles of three sizes, viz large medium, and small; the small holds ½ a pint and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small retails for two dollars per bottle; the large holds a quart 40 per cent. more in proportion and retails for $3 a bottle.
