UNIVERSAL! UNIVERSAL!!

IS THE DEMAND FOR

DR. S. O. RICHARDSON'S

SHERRY WINE BITTERS!

The celebrated New England remedy for Habitual Costiveness, Dyspepsia, Fever and Ague, General Debility, and all those diseases arising from a disordered Stomach or Liver or Bowels.

They are used and recommended by the leading Physicians of the Country, and all who use them pronounce them invaluable.

DR. JAMES L. LEAPERE writes from Navarre, Stark Co., O.: "The Bitters are praised by those suffering from indigestion, dyspepsia and liver complaint."

R. S. DAVIS, Commercial Will in sport, O., says: "Why given is not so. I used them my self, having taken cold, became prostrate and lost my appetite. I received one, and I can recommend it with great assurance of its merits."

DR. W. M. M. KERR of Rogersville, Ind., writes us that they are the most valuable medicine offered. He has recommended them with great success, and with them made several cures of palpitation of the heart and general debility.

THOMAS STANFORD, Esq., Blountville, Henry Co., Ind., writes us a long letter, under date of May 4, 1860. He was much reduced, having been afflicted for three years with great nervous debility, palpitation of the heart of the most severe and prostrating character, "after using a few bottles I was completely restored, and am now in robust health."

G. W. HOFFMAN says he was afflicted with rheumatism for twenty years in all its various forms, and at the date of this letter he has been two years well; the bitters effecting a cure, when several Physicians at enormous prices could do him no good. He says, "for rheumatism, dyspepsia, liver complaint, kidney affection or dropsy, it is a specific or a sure remedy.

J. W. BUNT writes from Delphos, Allen Co., Ohio, "in section where Fever and Ague prevail I feel that I do not give fully recommend them as the decided medicine in all cases of Fever and Ague, Dyspepsia and General Debility."

D. K. GALLERTERS, D. D. writes from Van Wert Co., "I must respectfully recommend the Sherry Wine Bitters to the notice of dyspeptic persons, and all who require a stimulating medicine."

The Life Medicines have been known to cure Rheumatism, Gravel, in three weeks, and Gout in half that time, by removing local inflammation from the muscles and ligaments of the joints.

DROPSIES of all kinds, by freeing and strengthening the kidneys and bladder; they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of Gravel.

SCURVY, ULCERS and Inveterate Sores, by the perfect purity which these Life Medicines to the blood and all the humors.

SCORBUTIC ERUPTIONS and bad Complexions, by their alterative effect upon the blood, the blood, the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of Salt Rheum, and a striking improvement in the clearness of the skin. Common Colds and Influenza will always be cured by one dose, or two in the worst cases.

PRICE—The original proprietor of these medicines, was cured of Fits of 25 years standing by the use of the Life Medicines alone.

FEVER AND AGUE—For this scourge of the Western country, these Medicines will be found a safe, speedy and certain remedy. Other medicines leave the system subject to a relapse of the disease; a cure by these medicines is permanent—Try Them be satisfied, and be cured.

BILIOUS FEVERS AND LIVER COMPLAINTS—General Debility, loss of Appetite, Diseases of Females—the Medicines have been used with the most beneficial results in cases of this description;—Kings Evil, and Scrofula in its worst forms, yields to the mild yet powerful action of these remarkable Medicines. Night Sweats, Nervous Debility, Nervous Complaints of all kinds, Palpitations of the Heart, Painters' Colic, are speedily cured.

THE ONLY DISCOVERY

WORTHY OF ANY CONFIDENCE FOR

Restoring

THE BALD AND GRAY!

Many, since the great discovery of Prof. Wood have attempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gone being carried away by the wonderful results of Prof Wood's preparation, and have been forced to leave the field to its resistless sway. Read the following:—

Saco Maine, April 18th 1859

Prof. O. J. Wood & Co Gents: The letter I wrote you in 1856 concerning your valuable Hair Restorative, and which you have published in this vicinity and elsewhere, has given rise to numerous inquiries touching the facts in the case. The inquiries are, first, is it a fact of my baldness and name, as stated in a communication; second, is it true of all therein contained; third does my hair still continue to be in good order and of natural color? To all I can and will answer invariably yes. My hair is even better than in my prime of manhood forty years past, more self curling and better colored; the same is true of my whiskers, and the only cause why it is not generally true is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the face, in connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much fraud in the manufacture and sale of various compounds as we learn this, it has no doubt been basely imitated and been used, not only without any good but to absolute injury. I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and hundreds have expressed surprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact I send you a lock of my hair, taken off the past week. I received your favor of two quart bottles last summer for which I am very grateful; I gave it to my friends and thereby induced them to try it, many were skeptical until after trial, and then purchased and used it with universal success. I will ask as a favor, that you send me a bottle by which I can discover fraud; is the Restorative sold by me by, I feel without authority from you. A pure article will insure success and I believe where good effects do not follow the failures caused by the impure article which curses the inventor of the good. I deem it my duty as heretofore to keep you apprised of customers feel on my hair, as I assure all who enquire of me the high opinion of its valuable results. I remain, dear Sir, yours,

A. C. RAYMOND.

Aurora Kankakee, Nov. 30 1858.

Prof. O. J. Wood: Dear Sir—I would certainly be doing you a great injustice not to make known to the world the wonderful, as well as the unexpected result I have experienced from using one bottle of your Hair Restorative. After using every kind of Restoratives extant but without success, and finding my head nearly destitute of hair, I was finally induced to try a bottle of your Hair Restorative. Now candor and justice compel me to announce to whoever may read this, that I now possess a new and beautiful growth of hair, which I prize more, if possible, than the original was. I will therefore take occasion to recommend this invaluable remedy to ALL who may feel the necessity of it.

Respectfully ours, REV. S. ALLEN BROCK

P. S.—This testimonial of my probation for your valuable medicine (as you are aware of) is unsolicited—but if you think it worthy a place among the rest, insert it you will; if not destroy and say nothing.

Yours, &c., REV S. A. B

The Restorative is put up in bottles of three sizes, viz large medium, and small; the small holds a pint and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small retails for two dollars per bottle; the large holds a quart 40 per cent. more in proportion and retails for $3 a bottle. GREATEST IMPROVEMENT

OF THE AGE.

THE GOOD SAMARITAN!

FOR

WOOD or COAL.

Ahead of all Competition!

54000 of them manufactured last year—more than double the number of any other first class stove in one year, in the United States.

THEY contain all the improvements which are in all the first class stoves, and the advantages and improvements over other stoves are in part as follows:

1st. The arrangement for broiling on the front hearth,—an improvement overlooked in other first class stoves. It has also the same arrangement for broiling on top.

2d. A thorough ventilation of the Oven.

3d. Introducing hot air draught to the fire chamber, thereby increasing the draught of the Stove, quickening its operations, and enabling it to throw out more heat—a matter much and justly complained of in other Stoves.

4th. An important improvement in the application of the damper, which throws the heat around the oven.

5th. Much greater weight, consequently heavier plates, and more durable as well as handsomer castings.

6th. A draft damper at each end of the fire box, so that the fire is equalized, and one griddle will heat as quick as the other, also heating the oven in half the time.

7th. Fire back protected by soap-stone, so it cannot burn out.

In addition to the above improvements, it has all that is combined in other first class Stoves, viz:—Hot water Reservoir, Warming Closet, Roaster in front, Baker on top, Doors lined with best Russia Iron, &c., &c. Further, this stove is warranted to do the work with as little fuel as any other stove in the market, and in a superior manner.

All who want a first class Stove, should never buy until they call and see the Good SAMARITAN, as they have in every instance given satisfaction

I am the exclusive agent for the sale of this Stove in Montpelier, and sell it on trial for any reasonable length of time; so all are safe in buying.

I have also as full an assortment of Common Stoves on hand as any other dealer in Washington County, and sell as low as any one in the State. D. DEWEY.

Certificates of approval, in comparison with other makes:

Grafton, Dec 31 1859.

Messrs. Sherwin and Burgess, Agents for Marland's Patent safe. I have examined the Marland's patent Safe in your store, and so far as I am able to judge of its fire proof qualities, I believe the principle upon which it is built, to be most reliable in resisting heat, of any fire proof safe that has come under my observation and particularly recommend it to the attention our Probate Districts, that are now supplying themselves, for the preservation of their records. BENJ. W. DEAN Sec. of State.

Brattleboro, Dec, 3d 1858.—This may certify that we have examined the Marlands Patent Fire Proof Safe, exhibited to us by Mr. Anson Hardy, and that in our opinion, Marland's Safe would be a desirable one to purchase for the use of the Probate Courts.

A. STODDARD, } Judges of Probate.

Middlebury, April 27th, 1859.—The Legislature of Vermont at its last session passed a law making it the duty of County Judges to procure Fire Proof Safes, in which to deposite Probate Records. In discharge of that duty we have spen some time in examining number of Safes, we have come to the conclusion that the Marland Safe manufactured by M. B. Bigelow & Anson Hardy of Boston, Mass., is superior to any other we have examined for its Fire Proof qualities We have bought a safe of that description for the New Haven Probate District, and are well satisfied with his workmanship, apparant strength and durability. PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR.

Is precisely what its name indicates for while pleasant to the taste, it is revivifying, exhilarating and strengthening the vital powers. It also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all. So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly as to act in perfect accordance with the laws of nature, and induce sound the weakest Stomach and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilarating in its effects and yet it is never followed by lassitude or depression of spirits. It is composed entirely of vegetable and those thoroughly combining powerful tonic and soothing properties, and consequently can never injure. Such a remedy has long been felt to be a desideratum in the medical world, but by the thoughtful skilled in medical science and also by all who have suffered from debility; to it needs no medical skill or knowledge even to see that debility follows all attacks of disease and lays the unguarded system open to the attack of many of the most dangerous to which poor humanity is constantly liable. Such, for example as the following: Consumption, Bronchitis, Indigestion, Dyspepsia, Loss of Appetite, Faintness, Nervous Irritability, Neuralgia, Palpitation of the Heart, Anachory, Hypocondria, Night Sweats, Languor, Giddiness, and all the train of ills, so fearfully fatal if unattended to in time, called *Female Weaknesses and Irregularities*. Also Liver Derangements or Torpidity, and Liver Complaints Diseases of the Kidneys, Scalding or Incontinence of the Urine, or any general derangement of the Urinary Organs, Pain in the Back, Side, and between the Shoulders, predisposition to night Colds, Hacking and Continued Cough, Inflammation Difficulty of Breathing, and indeed we might enumerate many more still, but we have space only to say, it will not only cure the debility following Chills and Fever, but prevent all sickness arising from Miasmatic Influences and cure the diseases at once, it already has cured. And as it acts directly and peremptorily upon the biliary system arousing the liver to action, promoting, in fact, all the excretions and secretions of the system, it will infallibly prevent any deleterious consequences following upon change of climate and water; hence all travelers should have a bottle with them and all should take a table spoonful at least before eating. As it prevents costiveness strengthens the digestive organs, it should be in the hands of all persons of sedentary habits, students, ministers, literary men. And all ladies not accustomed to much out door exercise should always use it. If they will they will find an agreeable, pleasant, and efficient remedy against those ills which rob them of their beauty; for beauty cannot exist without health and health cannot exist while the above irregularities continue. Then again, the Cordial is a perfect Mother's Relief. Taken a month or two before the final trial she will pass the dreadful period with perfect ease and safety. *There is no mistake about it, this Cordial is all we claim for it. Mothers try it!* And to you we appeal to detect the illness or decline not only of your daughters before it be too late, but also your sons and husbands, for while the former, from false delicacy often goes down to a premature grave rather than let their condition be known in time, the latter are so often mixed up with the excitement of business that if it were not for you they too would travel in the same downward path until too late to arrest their fatal fate. But the mother is always vigilent, and to you we confidently appeal; for we are sure your never failing affection will unerringly point you to Prof. Wood's Restorative Cordial and Blood Renovator as the remedy which should be always on hand in time of need. O. J. WOOD, Proprietor, 444 Broadway, New York, and 114 market street, St. Louis, Mo. and sold by all good Druggists. Price One Dollar per Bottle
