TO COUNTY COMMISSIONERS,
Town Agents, Druggists
AND THE
MEDICAL FACULTY OF VERMONT.

The old established House of

A. M. BININGER & CO.,

of 19 Broad street, New York,

ESTABLISHED IN 1778,

would call the attention of all interested in the use of PURE LIQUORS as medicine, to their unequalled stock of

PURE WINES AND LIQUORS.

We are permitted to publish the following notices and recommendations of the articles we offer,—which, in all cases will be warranted to open as represented:

BOSTON, Dec. 19, 1860.

Messrs. A. M. BININGER & Co.

Gentlemen: I purchased, as you requested, a bottle of your "OLD LONDON DOCK GIN," as sold in the city of this city, and have made chemical analysis of this sample. It contains 42 per cent. of absolute alcohol, with odor and flavor of Juniper berries only.

On evaporation to entire dryness, this Gin is found to contain 1 42 100 ounces of saccharine matter per gallon, and this residual matter contained no fusel oil.

There is no adulterating ingredients or injurious matter of any kind in this Gin, and it contains the intrinsic merits of a pure article.

Respectfully, your obedient servant,
CHAS. T. JACKSON, M. D.,
State Assayer.

BOSTON, July 20th, 1860.

Messrs. A. M. BININGER & Co., 19 Broad-st., N. Y.

Gentlemen:—We have repeatedly heard our customers express a good opinion of your popular bottled liquors, and can say that we have rarely met with articles for which a steady demand has so rapidly sprung up, as they are now standard goods with druggists throughout the east. Yours truly,
GEO. C. GOODWIN & CO.,
Druggists, Nos. 11 & 12 Marshall st., Boston.

BURLINGTON, VT., Aug. 20, 1860.

In my opinion, the Liquors sold by A. M. BININGER & Co., No. 19, Broad street, New York, are unsurpassed in purity and reliability. I have no hesitation in recommending them in all cases where a cordial stimulants are required. N. H. BALLOU, M. D.

From P. D. Orvis' Drug Reporter, N. Y.

A FINE ARTICLE.—BININGER'S OLD LONDON DOCK GIN.—This Gin I find to be superior to any other bottled Gin in the market, and am rapidly introducing it in my trade. P. D. ORVIS.

MIDDLEBURY, VT., March 24, 1861.

A. M. BININGER & Co., New York

Gentlemen:—I have had occasion in my practice, to use your Wheat Tonic and have discovered that it would cure Diarrhea, even if it had assumed a chronic form.

If the intelligence is worth anything to you, I am sure it will be worth more to the public, for no family should be without it, especially in warm weather.
NATHANIEL HARRIS, M. D.

The House of A. M. BININGER & CO., 19 Broad Street, New York, have furnished quite a large proportion of the Liquors and Wines sold by the Town Agents in this County for the past year, and the Liquors and Wines so furnished have been pure and unadulterated and have given good satisfaction. In accordance with the Laws in relation here o, I would recommend said House to all who desire a PURE article for Medicinal, Mechanical, or Chemical purposes.
HORATIO NEEDHAM,
Commissioner for Addison Co., Vt.
April 24, 1861.

From the Home Journal.

It is worthy of remark, that this venerable House have made a *specialty* of supplying the wants of Druggists, Physicians, and Town Agents with their pure and wholesome liquors, and the fact that their list of customers embraces over four thousand Druggists, is conclusive evidence of their popularity with that respectable class of traders.

If this popular House was of recent date, and it was deemed expedient to extend its reputation by any display of public recommendation, it would be no difficult task to arrange in the most imposing forms, thousands of endorsements as to the excellence and variety of their merchandise.

From the point of it first existence, more than eighty years ago, down to the present day, this establishment has maintained its well-earned reputation, the integrity of it- financial obligations remain yet untarnished, and the fidelity and promptitude with which its numerous supporters have been served furnish the best evidence that it has suffered no diminution, and that the quality of its staple articles have in no way been permitted to degenerate. If these considerations can be resolved into undeniable facts by that public which they have so long served, it will furnish for them sufficient encouragement to adopt as the future "coat of arms" the insignia of their native State—"Excelsior!"—"Still higher."

THE BOSTON JOURNAL.
FOR 1861.
DAILY, SEMI WEEKLY, AND WEEKLY.

A New Building and New Press.

Owing to the rapid increase of the business of the JOURNAL establishment the proprietors have found it absolutely necessary, during the present year, to very much enlarge their facilities for its accomodation. They have removed the establishment to the splendid new Freestone Building on Washington and Water street—which was erected expressly for them, and have added to their Printing Department one of Hoe's Mammouth

EIGHT-CYLINDER PRESSES,

the only one of the kind in New England. They have two presses—one Eight Cylinder and one Six Cylinder, and these together with other improvements, give them the most complete Daily Newspaper establishment in New England, and will enable them to meet the demand of the public more punctually than ever before.

In issuing the prospectus of the JOURNAL for 1861, the proprietors have only to say that they shall endeavor to make it the Leading paper in New England for early and reliable intelligence from all source. The indications now are that the approaching Winter will be one of the most exciting through which our country has ever passed. With able and experienced correspondents at Washington, we shall, by the free use of the Telegraph keep our readers well informed of every movement of interest there; and our corps of correspondents in different sections of the country will tell them how the popular pulse of the North, South, East and west beats in response to the movements at the Capitol. Our Editorial and Reportorial force will be strengthened as the occasion requires, by the best talent which can be obtained, and all that experience can suggest and money and labor perform, will be done to make the JOURNAL more worthy than ever before of the New England public. With this brief Statement, we append the several Editions of the Journal, and the Prices at which they are furnished, to subscribers.

AS AN ADVERTISING MEDIUM

The Journal has no equal in New England. Its price, its uniform, and the advertisements are set up in a clear and compact manner, judiciously arranged and classed under appropriate heads and spread in both the Morning and Evening papers without extra charge.

Its Circulation

is more than treble that of any "two cent" or subscription paper in New England. The public are reminded that *no arrangements for advertising* are ever employed by this establishment.

The Cash Principle.

In all cases the "cash principle" will be adhered to, and no notice will be taken of any orders not accompanied by the money. All papers are discontinued at the expiration of the time paid for.

Great Remedy for Coughs, Colds and Kidney Difficulties.

WHITE PINE COMPOUND,
PREPARED BY
DR. J. W. POLAND & CO.,
GOFFSTOWN CENTRE, N. H.

THE following testimonials will tell something about a Medicine that is now becoming popular faster than any other article sold by druggists:—

Rev. J. K. Chase of Rumney, N. H., under date of April 4th, 1860 says:—"When your favor, (two bottles of White Pine Compound,) was received, I was suffering from a most severe cold. I took the Compound and was able to preach in two days. * * * I believe the Compound is an invaluable medicine. I do wish thousands who know nothing of its virtues, would become better acquainted with it."

Rev. L. C. Stevens, Pastor of the Baptist Church at Goffstown Centre, in a letter dated Feb. 1860, says:—"Some of my family have tried it, (the Compound,) with signal success. *I believe it to be one of the best Cough Remedies ever prepared.* Besides its value as a Cough medicine I have good reason to believe it to be all it claims to be for Kidney Diseases and Diabetes."

Mr. Asa Goodhue, of Bow, N. H., was prostrated by *Diabetes*, in March, 1859, that neither himself nor any who saw him thought that he could possibly live through the month. As a last resort, he thought he would try the *White Pine Compound*. They procured a bottle for him; he began to take it and to the surprise of all, immediately showed signs of amendment. Eleven months afterwards (Feb. 23, 1860) in a full statement of his case he says: "I believe Dr. Poland's White Pine Compound, under God, has been the means of my recovery thus far."

Hundreds of cases of Kidney complaints, CURED ENTIRELY by taking the White Pine Compound, have been reported by druggists. Here are two samples:

An aged man in Danvers, Mass., heard of the Compound, as a wonderful curative for kidney complaints. Being a great sufferer from that difficulty, he sent to the Apothecary for two bottles. They CURED him. He said they were worth fifty dollars. He has since sold a good many bottles to myself.

The second case was that of a business man, in Salem Mass. He was also cured of the same complaint. Afterwards he went to Minnesota. The great fatigue of his journey brought on a return of his former difficulty, and seeking in vain in Minnesota for the Compound, he was compelled to send all the way to Salem to have it forwarded by express.

"July, 1860. DR. POLAND:—Mr. J. C. Butterfield, Jr., who sells your Medicine, has requested me to give a brief statement of what your *White Pine Compound* has done for me. I had been afflicted with the Kidney Complaint for a long time, and had a bad Cough of ten years standing which caused me to spit blood quite frequently. No one of my acquaintances expected that I should ever get my health again. But *two bottles* of your *White Pine Compound* have cured me of both the Cough and the Kidney Complaint.

I would also state, that a lady, a neighbor of ours was so badly afflicted with a cough, that she at times only long enough to have her bed made, and we all thought she was going in a quick consumption. She took only *one* bottle of your Compound and it cured her. She is just as well now as she ever was. STEPHEN BARTLETT, BRADFORD, N. H."

"DR. POLAND:—I wish to bear my testimony to the value of your White Pine Compound. You will remember how feeble I was at the time I called upon you, in July last. My chief complaint was *inflammation of the kidneys*. In addition to other disagreeable symptoms I suffered dreadfully from costiveness. You told me a bottle of the White Pine Compound, and before I had taken two thirds of the contents of that one bottle, my pain had left me. Though I had been afflicted with that complaint a long time, I have not had a return of it since, and have for many months past enjoyed excellent health. Yours truly, O. F. AIKEN.

DR. MOTT'S CHALYBEATE RESTORATIVE PILLS OF IRON.

An aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions, indicate its necessity in almost every conceivable case.

Innoxious in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:

In Debility, Nervous Affections, Emaciation, Dyspepsia, Consumption, Diarrhœa, Dysentary, Incident Consumption, Scrofulous, Tuberculous, Salt Rheum, Mismenstruation, Whites, Chlorosis, Liver Complaints, Chronic Headache, Rheumatism, Intermittent Fevers, Pimples on the Face &c.

In cases of General Debility, whether the result of acute disease or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bed-ridden as to become forgotten in their own neighborhoods, have suddenly reappeared in the busy world as if just returned from protracted travel in a distant land.—Some very signal instances of this kind are attested of female sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical changes, and that emphatic of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In Nervous affections of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorous yet tonic, without being exciting and overheating; and gently, regularly aperient even in the most obstinate cases of costiveness without ever being a gastric purgative, or indicating a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a specific action by dispersing the local tendency which forms them.

In Dyspepsia, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the habitual Costiveness.

In unchecked Diarrhœa, even when advanced to Dysentary, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and remittant hectic, which generally indicates Incipient Consumption, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In Scrofulous Tuberculosis, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known liabilities.

The attention of females cannot be too confidently invited to this remedy and restorative, in the cases peculiarly affecting them.

In Rheumatism, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In Intermittant Fevers it must necessarily be a great remedy and energetic, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects. Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise immediately follow its use.

Put up in neat flat metal boxes containing 50 pills, price 50 cents per box; for sale by druggists and dealers. Will be sent free to any address on receipt of the price. All letters, orders, etc., should be addressed to

The Perfect Melodeon.

IN every desirable quality necessary for a superior instrument, the Perfect Melodeon is unsurpassed.

At all the principal Fairs in the State during the last two years, the Perfect Melodeon has been awarded the

HIGHEST PRIZE,

for power, purity and evenness of tone and promptness of touch.

The Base Damper for which we have recently obtained Letters Patent, is meeting with universal approbation, and is considered indispensible by all who have used it, and become familiar with its beautiful effect.

We have also just patented another valuable improvement called the Harmonic Attachment, by which the power of the instrument is doubled, without increasing its size, or the number of reeds. The value of this invention for church instruments can hardly be estimated; and for parlor use, instruments with this attachment have no equal, as the softest passages of music may be performed upon them with the utmost delicacy.

A good assortment of Pianos from the best makers constantly on hand, for sale and to rent, at Manufacturers prices. All instruments warranted and sent to any part of the country at our risk.
