

# A Hint to Mothers of Growing Children

### A Mild Laxative at Regular Intervals Will Prevent Constipation.

A vital point upon which all schools of medicine seem to agree is that normal regularity of the bowels is an essential to good health. The importance of this is impressed particularly on mothers of growing children.

A very valuable remedy that should be kept in every home for use as occasion arises is Dr. Caldwell's Syrup Pepsin, a compound of simple laxative herbs that has been prescribed by Dr. W. B. Caldwell, of Monticello, Ill., for more than twenty-five years, and which can now be obtained in any well stocked drug store for fifty cents a bottle.

In a recent letter to Dr. Caldwell, Mrs. H. C. Turner, 844 Main St., Buffalo, N. Y., says, "I bought a bottle of Dr. Caldwell's Syrup Pepsin for my baby, Roland Lee Turner, and find it works just like you said it would. It is fine for the stomach and bowels."

ROLAND LEE TURNER

A bottle of Dr. Caldwell's Syrup Pepsin should be in every home. A trial bottle, free of charge can be obtained by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.

## A SPLENDID SURPRISE WAS MARRIAGE HON. T. H. SHIRLEY

(Special to The Intelligencer.)

Seneca, April 11—You can never tell what a leap-year will bring forth. It was generally conceded that Hon. Frank H. Shirley, of Oconee county was a "confirmed and hopeless" bachelor, and to say that his many friends were surprised when they heard that he would and won a fair young lady and had driven over to the manse at the Presbyterian church early Saturday morning and broken his benedictine vow, is just to state it mildly. In fact they would hardly believe it. They could hardly believe it. But such in the fact, and has become an official record, and will go down in history.

The fair and fortunate young lady, is Miss Margaret J. Williamson, of Lancaster county, and one of the most popular and efficient teachers in the Westminster graded school. Miss Williamson is a daughter of one of the oldest and most highly respected families in one of the oldest settlements in this state, the old Warwick settlement in Lancaster county, and a young woman of sterling worth and charming graces who had made many friends since she has been in Oconee.

Mr. Shirley is one of Oconee's rising and progressive citizens. For two terms he has represented his county in the house of representatives, and is now offering for the senate. He is a native of Anderson county, but has lived in Oconee for a number of years. He has a host of friends throughout the state who will be glad to extend their congratulations.

The latest enterprise in Seneca is a cotton seed grader which is being operated by Mr. J. M. Barron. Mr. Barron is very much pleased with the patronage that he is receiving in this venture and thinks that it will mean much to increase Oconee's cotton yield and fiber.

The people of Seneca are beginning to talk about and prepare for the Farmer's Chautauque this summer.

The date has been fixed as July 25, 26 and 27. The Knights of Pythias are to have a meeting tonight to arrange for a D. O. K. K. meeting again at that time. They are planning to make this the greatest D. O. K. K. meeting ever held in the state, and the sentiment of the community is to make the chautauque a bigger and better meet this year than it was last.

Mrs. W. S. Hunter has returned from a visit to her daughter, Mrs. T. H. Jones of Lowndesville.

Miss Maud Hopkins and her friend Miss Ruby Russell, of Cartersville, Ga., are visiting friends and relatives near Fork Shoals, in Greenville county.

Mr. and Mrs. Wales Lowry, of Greenville, visited relatives here Sunday.

Mrs. Fannie Lowry Moore, of Ft. Lawn is visiting at the family of Mr. W. O. Hamilton.

Mrs. Hayne Lowry has returned to Seneca after a visit of several months to her daughter, Mrs. Moore, of Ft. Lawn.

Quite a large party of surveyors and engineers engaged in surveying the double tracks of the Southern are located in Seneca.

It is understood the contract for the section from Central to Toccoa, Ga., has been let and Seneca will likely be made the headquarters for the construction work.

The Seneca church will be represented at Piedmont Presbytery which meets at Piedmont this week, will be represented by Rev. I. E. Wallace and Elder W. S. Hunter. This church will send up the best annual report at this time that it has ever made to the Presbytery, both as to number of additions and to contributions.

Mr. and Mrs. W. K. Livingston will leave this week for Baltimore where they go to carry their little daughter, Mary, for treatment. They will be accompanied by Dr. and Mrs. Lewis Gray, of Anderson.

## THE EASLEY STUDY CLUB HOLDS MEET

### "Music in America Today," Was Subject—Miss Velma Smith Entertains.

Easley, April 11—The recently organized Study Club held its second meeting on Thursday afternoon of last week with Miss Velma Smith. The subject for consideration at this meeting was, "Music in America Today." Miss Smith, the hostess, made an interesting talk on, "The Singers of Today" showing their photographs and rendering selections by them on the Victrola. Instructive papers were read by Mrs. R. R. Smith, Misses Janie Thornton, and Maggie Anderson. After the conclusion of the program a business session was held at which the constitution and by-laws were adopted. The next meeting is to be held with Miss Maggie Anderson. The subject of this meeting to be The Panama Canal.

Mrs. William Anderson was hostess on last Friday afternoon to the Ergataki Club. After the arrival of the guests, each member bringing in one of the latest novels, there were exchanged and criticism was passed on those which had been read. Places were then drawn for progressive book which proved the chief feature of the afternoon. At the conclusion of these games a salad course, with sherbet, was served. Present on this occasion as honor guests were: Meadames G. W. Coggin, W. E. Hill, A. B. Taylor, Miss Nan Neil, and Miss Janie Thornton. The next meeting is to be held with Mrs. H. C. Hagood.

On Friday evening of last week Miss Velma Smith entertained at tea in honor of her week-end house guests, Misses Virginia Lancaster, Jane Tucker Fisher, and Dorothy Moore. These young ladies having been former students in the College for Women, all of the G. F. W. Alumnae who live here were invited guests on this occasion. After an elaborate menu had been served the guests retired to the library where cards and music occupied the evening's pleasure.

The Thursday Afternoon Recreation club, composed of the lady members of the school faculty, held its regular weekly meeting this week with Misses Sarah Baber and Cecil Fewell. Tables had been arranged for bridge which proved to be most entertaining until a late hour when an ice course was served.

## THE BLUEJACKETS AND MARINES BURY HATCHET AND ALL ENJOY BANQUET

Guantanamo, Cuba, April 11—That the marines and bluejackets of Uncle Sam's navy have buried the hatchet and there is now only the kindest feeling between the enlisted men of the navy and the enlisted men of the marine corps, was evidenced at a banquet tendered Gunner's Mates Charles T. Hills and Robert Conroy by the marine detachment of the U. S. S. New York, the other evening.

The naval gunners were presented with handsome gold watches by the marine corps boys, and the speakers of the evening took for their theme the new relationship between the enlisted men of the two branches.

In the old days of wooden sailing ships there was considerable jealousy and ill-feeling between the bluejackets and marines, but since the advent of the modern man-of-war that feeling has entirely disappeared and the men of the two branches now live aboard ship in perfect peace and harmony.

Joint shore operations at Vera Cruz and Hayti have brought about an even better understanding between the men, the officers declare.

To Clean Off Graveyard. All persons interested in the graveyard at Hopewell church are asked to be present on Thursday, April 13, for the purpose of cleaning off the yard.

## SPECTATORS HORRIFIED WHEN MEN GRAPPLE ON NARROW WINDOW LEDGE

Atlanta, Ga., April 11.—While a crowd of horrified spectators looked on with bated breath, expecting every moment to see both belligerents fall to their death, William J. Davis, a prominent Atlanta banker, and Dan W. Rountree, a well known Atlanta lawyer, fought yesterday afternoon on the ledge of a window of Mr. Rountree's office on the fourth floor of the Trust Company of Georgia building.

With their arms locked around each other, with every muscle straining and with faces set, the two men wrestled and swayed on the narrow window ledge, first one having the advantage and then the other.

Just as they were about to lose their balance and fall together, a young attorney in Mr. Rountree's office rushed into the room and dragged them back. Windows and partitions were smashed and both men were painfully cut by broken glass.

The fight started over a lawsuit in which Mr. Davis is a litigant and Mr. Rountree represents the opposing parties.

## Our Millinery

C. E. Heffner of Kannapolis, N. C., has become loom fixer at the Mecklenburg mill, Charlotte, N. C.

American Autos Go Abroad. London, April 11.—American automobiles have lately been arriving by the hundreds on nearly every ship from New York and there are several ten-acre yards along the upper Thames where these American cars, in boxes, may be seen stacked ten boxes high.

The majority are motor lorries for the army and they are allowed to accumulate in the yards until wanted for actual use. When the order comes for a certain number of machines, the man in charge of the yard locates the kind desired and has a force of mechanics to set up the cars immediately for delivery.

## PREVENTION

An ounce of prevention is worth a pound of cure. This is the day of PREVENTIVE MEDICINE. Nowhere is this so necessary as in regard to the care of the TEETH. Visit the dentist AT LEAST twice a year, whether you think you need it or not. Let him give your teeth a thorough cleaning, search out the beginnings of decay, clean off the tartar, and in general PREVENT those dental evils that are likely to grow on you unawares.
