In Freights the business continues limited, and rates are drooping. The engagements to Liverpool are 20,000 bushels Wheat, at 5@5⅛d. in bulk and ships bags, 50 tons Heavy Goods, at 17s. 6d. and per neutral, 6,500 bush. Wheat, 6d., and 200 boxes Bacon and 50 tcs. To Glasgow, per steamer, 500 bxs. Cheese, 35s., and 300 bxs. Bacon, 30s. To Bristol, 25 tuns Logwood, 20s. To Antwerp, 300 bbls. Petroleum, 6s. To Havre, 40 tuns Copper, 50 francs; 350 tcs. Wheat, at 6s. 3d., if to the British Channel, or 6s. 9d. if to Cork for orders, and a Norwegian brig to Havre, with 900 bbls. Petroleum, at 6s.

The business of the Sub-Treasury was: Receipts, $2,643,088 30—for Customs, $66,000; 10-40s. $29,550; Payments, $1,917,906 89; Balance, $23,787,307 10

Money is unchanged in price and demand. Upon call, brokers are readily supplied at 6@7 ⅌ cent, chiefly at the lower rate. The movements of the Secretary of the Treasury have lost much of their interest with borrowers, and it is understood that an increase in the sales of 10-40s to two millions per day would give him all the money he wants. No large sales of long 6 ⅌ cent gold-bearing bonds need be expected by parties looking for bargains. All that the Department has for sale will be taken at a good premium. Those wanting Federal stocks will do well to buy 10-40s now, if the price of 5-20s of the loan of 1881 are not satisfactory. The Department wants money, but is not in pressing need, and can get all it requires, whenever Mr. Chase chooses to offer current rates for the use of capital. With 7.30 notes, interest payable in currency, he could get $50,000,000 faster than he could pay it to the public creditors.

The Hon. John J. Cisco, who, for the past eleven years, has filled with great credit the position of Assistant Treasurer of the United States at New-York, has tendered his resignation. His services have been of a very exhausting character during the later years of his administration, and he will carry into private life the respect of the business community.

Among the 1st of June changes in the Stock Exchange firms is the retirement of Mr. Edward Dodge from the old established house of Clark, Dodge & Co., after a faithful service of more than a quarter of a century.

The shipments of Pittston Coal by the Pennsylvania Coal Company, for the week ending May 28, 1864, and for the season, were:

	For the Week. Tons.	For the Season. Tons.
By Railroad	6,138	95,157
By Canal	14,038	67,096
Total	20,176	162,253
To same date, 1863	....	96,028
Increase in 1864	....	65,225

The earnings of the Chicago and Alton Railroad for the last quarter in May are:

1864 ..... $44,800 | 1863 ..... $35,600
Increase $9,200

REMARKS.—Only 421 head of Western cattle this week in place of 938 last week; at Cambridge nearly 100 Northern less than one week ago; and in all 950 to compare with 1,575. There are, however, perhaps 50 Oxen left over from last week. But even with these the supply of Beef is so small, and the cost of Western cattle so high, that prices have taken another jog upward. The advance on the best qualities of the Western is greater than on the poorer grades of Northern cattle. The high-priced Western are very rich Steers, probably from some of the corn States. After looking at the Northern cattle all the forenoon, one feels like making exclamation marks on setting eyes on such Steers as Mr. Monroe was selling at 14c. ⅌ lb. He had another yardfull which nobody would look at, for 11c., and a large "drink" at that. Some light Northern Steers were sold at 10⅛ and even a few at 9½c., while we heard of no Northern cattle over 10½c., and but few even as high as 13c. There were 1,372 heavy Western Sheep and 1,863 Northern. One of the leading butchers said the number of good Sheep was sufficient, he thought, to knock prices on Mutton 5c. ⅌ lb. At any rate the drovers complain justly of the market for ordinary Northern Sheep, and say prices are 1c. or more ⅌ lb. lower than last week. Fair lots at 7 to 7½c., and one at least at 8c. ⅌ lb. Many of the Western were on commission. Batchelder Bros. sold about 400 wooled Western Sheep at 11@11½c. ⅌ lb. on 100 to 110 lbs., and some sheared ones, 88 lbs. each, at 9c.

BOARD OF EDUCATION.—A regular meeting of the Board was held on Wednesday evening, President McLean in the chair. It was determined that a special meeting of the Board be held on Thursday evening the 9th inst. to receive and act on the report of the Special Committee appointed to inquire into the alleged abuses practiced by the Board of Trustees of the Fourth Ward. The school officers of the Tenth Ward sent in a communication, submitting for adoption a resolution, directing the local Board to advertise for estimates and proposals for the erection and completion of an addition to Ward School No. 42 on lots No. 76 and 78 Hester street, in the Tenth Ward, for the use of the Primary Department of that school. Referred to the Committee on Buildings. The managers of the Union Home School sent in a communication, applying for a donation of all books not required for the use of this Board, said books to be applied to the use of the scholars under the control of the institution. Referred. A lengthy communication was received from the Committee on Teachers, in reference to the School Fund in the Twelfth Ward. The local Board of that ward some months since illegally removed John C. Graff, the principal of Grammar School No. 46, and appointed in his place Stinson McIvor. The Committee, after fully investigating the subject, report that Mr. Graff was illegally removed, and recommend that he be reinstated and paid in full from the time of his dismissal; and they further recommend that if Mr. McIvor refuses to surrender the books and papers in his possession pertaining to the above school, he be disqualified from holding any position in future in the gift of the Board. The President and Secretary are further instructed to use all proper means to protect Mr. Graff in the performance of his duty. Adopted. A copy of the above was directed to be served on the school officers of the Twelfth Ward, and Messrs. Graff and McIvor.

THE LATE CASUALTY IN BROADWAY.—Coroner Ranney yesterday held an inquest at the New-York Hospital on the body of Mrs. Eliza Dubois, lately residing at No. 401 Hudson avenue, Brooklyn. Deceased was run over at the corner of Broadway and Grand street on Tuesday evening by a truck driver, Owen Lynch, and so severely injured that she died soon after being taken to the Hospital. Lynch was arrested on a charge of reckless driving. A number of witnesses were examined by the Coroner. Mr. John S. Young, Chief of the Detective Police, testified that he saw the occurrence; the prisoner was driving his horse at a rapid rate across Broadway, and was cautioned against reckless driving, but did not abate his speed in the least. At this time, deceased, accompanied by a little boy, attempted to cross Broadway; witness and others called to Lynch to check his horses, but he paid no attention; the little boy hearing the warning stepped back, but the deceased, in trying to get ahead of the truck, was struck by the pole or horses and knocked down; the horses and forward wheel passed her safely; she then turned over, and the hind wheel, after pushing her nearly two feet, passed over her body; the prisoner made no effort to stop his team until the wagon had passed ten feet beyond deceased; have seen a good deal of reckless driving, but none to equal this; the truck was going at the rate of six or seven miles an hour. Several witnesses corroborated the above. The Jury rendered a verdict "That the deceased met her death from injuries received by being run over by a truck at the corner of Broadway and Grand street, the said truck being recklessly driven by Owen Lynch." The prisoner was then committed to the Tombs by the Coroner, in default of $1,000 bail, to await the action of the Grand Jury. He is 45 years of age, and resides at No. 33 North First street, Williamsburgh. He says he was going on a slow walk at the time of the occurrence. Deceased has 29 years of age, a native of Germany, and leaves three children.

CRIMES AND CASUALTIES.—Officer John Callahan, of the Fourteenth Police Precinct, while trying the doors of buildings on his beat, found one of the doors of the new building No. 53 Prince street open. In attempting to secure it, the officer fell through a hatchway which had been carelessly left open, to the subcellar beneath, breaking both legs, and severely injuring himself internally. He was taken to the New-York Hospital in an insensible condition. The attending surgeon considers him in a critical condition. The building is owned by Ball, Black & Co.

John Schonnmouret, the boy who threw a stone last Sunday evening and dangerously wounded Mrs. Elizabeth Held, the particulars of which have been published, was arrested on Wednesday evening at the residence of his parents. Immediately after the occurrence, he fled to Guttenberg, N. J., but on the evening in question quietly returned, trusting to escape observation. He was committed to await the result of Mrs. Held's injuries. She still remains at her residence, in Fifty-third street, between Ninth and Tenth avenues, in an unconscious condition.

Justice Dodge yesterday committed John Siebert on a charge of having, in connection with a confederate named Steinbrecher, knocked down and robbed Anthony Schirder, residing at No. 117 Wooster street, of a wallet containing $50. Steinbrecher succeeded in making his escape with the money. Siebert is aged 58 years, and a resident of Hoboken.

A row occurred late on Wednesday night, in the saloon of Patrick Gilbrire, No. 250 Avenue A, during which Patrick Cassidy was stabbed three times in the head and once in the arm, by John Burns. The wounds in the head are likely to prove serious. Burns fled, but was afterward arrested and committed by Justice Dodge. The prisoner resides at No. 246 East Fourteenth street, and Cassidy at No. 46 Carmine street.

James Phillips, a member of the 56th Ohio Volunteers, was robbed by Jane Ellis of the sum of $185, in a disreputable house in Greene street. She was arrested and committed by Justice Dodge. None of the money was recovered.
