TUESDAY, June 21—P. M.

Gold is sold this morning under the new law, and dealers who would escape the penalties of the act must remember that nothing whatever can be used in payment but "greenbacks" or National Bank notes. The price opened at 198@200, and at noon closed at 200. In the afternoon, under a flurry produced by parties wanting cash Gold to fill contracts for deliver, as high as 203 was paid for considerable amounts. In some cases sharp brokers out of Wall street sold the public Gold as high as 206, in petty sums. The flurry was a good deal assisted by brokers running about the street shopping for Gold, and pretending great earnestness to buy whenever a seller seemed reluctant to sell. Judging from the effects of the bill thus far, it has not been a success. Gold is not called now at the Stock Exchange.

Sterling Bills are nominally 224, and large drawers not inclined to sell much. A meeting of bill drawers will be held to-morrow, at the Chamber of Commerce, to consult upon matters pertaining to the business, which will not be attended by some responsible houses who feel capable of managing their own banking-houses.

Government Stocks are up; 6s of 1881 are quoted at 113¼@114; 5-20s, 105¼@106 for registered; April 7-30s, 107½@108; Indiana 5s, 85@¾; Tennessee 6s, 60; North Carolina 6s, 56@59; Missouri 6s, 68@69; California 7s, 150; Canton Co., 39¾@¾; Quicksilver, 73¾@74; Delaware and Hudson, 244@245; Pennsylvania Coal, 210; Cumberland Coal, 74@74½; Central Coal, 73@74; American Coal, 97½@100. Pacific Mail, 266@270; Central Transit, 39@40; New-York Central, 132¾@133; Erie Railway, 114¼@114¾; do. Preferred, 110¾; Hudson River, 142¾@143; Harlem, 285 asked; Reading, 141¾@142; Michigan Central, 152@152¾; Michigan Southern, 100¾@101; do. Guaranteed, 142; Illinois Central, 130¾@131; Cleveland and Pittsburgh, 114. Chicago and North-Western, 54¼@54½; the Preferred, 90¼@90¾; Cleveland and Toledo, 148¼@148¾; Chicago and Rock Island, 115¼@115¾; Chicago, Burlington and Quincy, 128@130; Prairie du Chien, 69¾; Fort Wayne, 116¾; Terre Haute and Alton, 64@65; the Preferred, 78@81; Chicago and Alton, 90; Toledo and Wabash, 60; the Preferred, 70@76; Ohio and Mississippi Certs., 85¼@55¾. After the Board Stocks were generally higher, and the advance was sustained in the afternoon. Michigan Central was higher under the announcement of a twelve per cent cash dividend.

Early in the day the lately-awarded loan sold at 106¼, and was in good request. At noon the Secretary of the Treasury notified the Assistant Treasurer to open the sale of the loan at 106, when the street rate fell to 106, and less in some cases. After all the bidders under 106 have sold out, Mr. Chase may sell his reserve, but not until then. This réopening of the 6 ₱ cent loan has killed off the 10-40 bonds for the present.

Freights are more active, and firmer. The engagements to Liverpool are 14,000 bush. Wheat at 4½d., in ship's bags; 500 bbls. at 1s.; and per steamer 1,200 boxes Cheese at 30s., and 200 tcs. Lard at 30s. To London, 3,000 bbls. Flour at 1s. 9d.; 21,000 bush. Wheat at 5½@6d., and per neutral vessel 1,500 bbls. Flour at 2s. To Glasgow, 20,000 bush. Wheat at 5½d. in bulk and 6d. in bags. The charters are an Italian bark to a direct port in the Bristol Channel with Wheat at 3s. 6d.; a British brig with 2,300 bbls. Flour to London at 1s. 9d.; an Italian bark to Penarth Roads with 20,000 bush. Grain at 3s. 6d., or 3s. 3d. if to a direct port; and an Italian bark to a direct port in the British Channel with Wheat at 3s. 4½d.

Money has been more active, and now business is done at 7 ₱ cent generally. Some National banks are loaning upon Governments at 5 ₱ cent. The demand for legal tenders to pay for gold is not agreeable to many banks, which prefer to certify checks rather than handle large sums in currency. This now use of legal tenders makes them more desirable, and some banks are averse to losing them in this way.

The first cargo of railroad iron and a locomotive designed for the completion of the Pacific Railroad eastward from Kansas City, was shipped to that city from St. Louis on the 17th inst.

Total amount of debt, including all legal tender notes and unpaid requisitions, $1,719,325,168 88; amount of interest-bearing legal tender notes withdrawn, $28,890,700; amount of ordinary legal-tender notes withdrawn and placed in reserve, $17,238,872, showing reduction at present of legal-tender notes of all descriptions, of $56,149,572. This statement shows the actual present state of debt and circulation. Of course it will be necessary to replace a portion of the 5 ₱ cent legal tenders with compound interest 6 ₱ cents. S. P. CHASE

The Consolidation Coal Company of Maryland have published their prospectus. Its Managers are as follows: Henry Delafield, Wm. H. Aspinwall, Adam Norrie, David Stewart, J. B. Varnum, Erastus Corning, David Hoadley, John M. Forbes, Edward J. Woolsey. The Company has valuable mining and manufacturing privileges, with a capital of $6,000,000, of which $1,000,000 are reserved for the funded debt of the Cumberland and Pennsylvania Railroad, amounting to $450,000, and for a working capital, represents the consolidated property and interests of the Ocean Steam Coal Company, the Frostburg Coal Company, and the Mount Savage Iron Company, including the Cumberland and Pennsylvania Railroad, heretofore the property of the last-named Company. The lands embrace about 9,000 acres, of which 4,032 acres are of the most valuable coal lands in the Cumberland coal-field of Allegany County, Maryland, covering what is known as the "14 feet seam," from which this Company is now sending coal to market. The property also includes valuable rolling mills and iron works, and unusual facilities for manufacturing fire brick at large profits. The railroad of the concern holds a monopoly of the coal transportation of the whole region. The enterprise is one of the most comprehensive yet offered in coal and iron, and has for its Managers gentlemen of large capital and experience in this line of business.
