JUST RECEIVED!

And for sale, a large assortment of Gents' Under Garments, at unusual low prices, by I. B. GORHAM.

THE GREAT INDIAN REMEDY
FOR FEMALES,
Dr. Mattison's Indian Emmenagogue.

This celebrated Female Medicine, possessing virtues unknown of anything else of the kind, and proving effectual after all others have failed, is prepared from an Indian plant used by the natives for the same purpose from time immemorial, and now for the first time offered to the public. It is designed for both married and single ladies, and is the very best thing known for the purpose, as it will bring on the Monthly Sickness in cases of obstruction, after all other remedies of the kind have been tried in vain. This may seem incredible, but a cure is guaranteed in all cases, or the price will be refunded.—☞ 1500 bottles have been sold in eighteen months without a single failure when taken as directed, and without the least injury to health in any case. ☞ Put up in two ounce bottles, with full directions for using, and sent by express, secure from observation, to all parts of the country. PRICES.—Full strength, $10; Half strength, $5; Quarter strength, $3 per bottle. ☞ Remember! this medicine is designed expressly for Obstinate cases, in which all other remedies of the kind have been tried in vain. ☞ Beware of imitations! None warranted unless purchased directly of Dr M, or at his office. Prepared and sold ONLY at

Dr. Mattison's Remidial Institute
FOR SPECIAL DISEASES.
No. 28 Union Street, Providence, R. I.

☞ This speciality embraces all diseases of a Private nature, both of Men and Women, by a regularly educated physician of twenty years' practice, giving his whole attention to them. ☞ Consultations, by letter or otherwise are strictly confidential, and Medicines will be sent by express, secure from observation, to all parts of the country. Also, accommodations for patients from abroad, wishing for a secure and quiet RETREAT, and good care, until restored to health.

PARTICULAR CAUTION.

☞ In these days of medical imposition, when men assume to be physicians without any knowledge of medicine whatever, persons cannot be too careful to whom they apply, before at least making some inquiry, and especially in relation to those who make the greatest pretentions. Advertising physicians, in nine cases out of ten, are impostors; and as the newspapers are full of their deceptive advertisements, without making inquiry, ten to one you will be imposed upon. Dr. M. will send free, by enclosing one stamp as above, a pamphlet on Diseases of Women, and on Private and Chronic maladies generally; also Circulars giving full information, with the most undoubted references and testimonials, without which, no advertising physician, or medicine of this kind is deserving of any confidence whatever.

☞ Dr Mattison is the only educated physician in Providence, if not in New England, who advertises, making a speciality of Private Diseases; and he furnishes the very best references and testimonials, both of his honesty and his skill. If there ARE any others, LET THEM DO THE SAME. 8s-1y

☞ Orders by mail promptly attended to. Write your address plainly and direct to Dr H. N. Mattison, as above.

SASH AND DOORS.

We are happy to say to the building public that the *novel* experiment we have been applying to the

SASH & DOOR

business, of guaranteeing a good article or no pay, has met with such decided success that we are encouraged to adopt new facilities, and to offer still better bargains.

Our motto being "a nimble sixpence is better than a slow shilling," we would call the builder's attention to the fact that we are now commencing on a new lot of

FIFTY THOUSAND FEET OF PINE

which we are going to put as soon as possible, into common sized Sash and Doors, to be sold at prices that defy competition. With our facilities and experience in the business, we feel ourselves fully competent to offer work, considering workmanship and material, lower than any other shop new or old, in this section.

As we keep constantly on hand a large supply of well-seasoned Pine, we are always prepared to fill orders for extra work promptly, without being spoiled by hasty seasoning or not seasoned at all as is apt to be the case when not thus prepared. With our new patent Molding Machine we are prepared to offer any of the

Fancy styles of Sash, Cornish Band Door Moldings, Newell's Hand Rails and Banisters,

Bevelled Doors, &c. We also furnish Window Frames lower than they have ever been realized, and to complete our arrangements to meet the wants of the builder, we keep an assortment of

WINDOW GLASS, PUTTY, &C.,

and Sash ready glazed, and will furnish Glass to customers at the Boston wholesale price and the Freight.

All work delivered aboard the cars when desired, without charge. Be particular in sending orders to give size, thickness and quality, and they will be promptly met, and as low as though given personally.

Pine, Spruce, Hemlock or Bass Lumber taken in exchange for work. Seasoned Floor Boards ready planed constantly on hand, for sale at the lowest market price.

Call at the St. Johnsbury Sash and Door Shop at Ramseys Village, and see if these things are so. A list of prices forwarded immediately on application.

HUNNEWELL'S

UNIVERSAL COUGH REMEDY!

For all Throat and Lung Complaints, from Common Coughs to Actual Consumption!

HUNNEWELL'S JUSTLY CELEBRATED

TULU ANODYNE

The natural and sure remedy for all

NERVOUS COMPLAINTS

From Neuralgia through all cases where Opium was ever used to that of Delirium Tremens, and the common chief cause of disease

LOSS OF SLEEP.

The Great Central Active Principle of the Tulu Anodyne is a true development of the Original Natural Opiate. In all cases wherever opium has been used and its baneful effects witnessed, no remark of ours can adequately compare the difference, and no decision is equal to a trial. The Anodyne contains not a particle of opium, and the most delicate constitution can use it with safety, and the perfectly natural state it keeps and leaves the patient should recommend it to physicians who have long sought the true development, and to patients who want natural results.

The basis of the Universal Cough Remedy is that freedom from all components which by the great error in compounding, produce complete ingrs, instead of real cures. We place no restraint on its use every hour in the day, and ask all patients to make it the natural enemy to all coughs, throat or lung complaints by a perfect freedom of application. For inflammatory sore throat it is a perfect remedy, and for Whooping Cough checks all the spasms and allows the cough to have its run in a quiet way.

With the spirit that we court all investigation, and readiness to answer all inquiries, may we in return ask all to be cautious to purchase only of those they can rely upon.

THE TRIBUNE FOR 1861.

PROSPECTUS.

The WEEKLY TRIBUNE is now in its XXth Volume. During the past year, THE TRIBUNE has been obliged to devote quite a large proportion of its space to Politics, but we shall henceforth be able to limit our space devoted to Political discussion, and devote most of our columns to subjects of less intense, but more abiding, interest. Among these, we mean to pay especial attention to

I. EDUCATION.—The whole subject of Education, both Popular and General, will be discussed in our columns throughout the year 1861, and we hope to enlist in that discussion some of the profoundest thinkers and the ablest instructors in our country. It is at once our hope and our resolve that cause of Education shall receive an impetus from the exertions of THE TRIBUNE in its behalf during the year 1861.

II. AGRICULTURE.—We have been compelled to restrict our elucidations of this great interest throughout 1860, and shall endeavor to atone therefor in 1861. Whatever discovery, deduction, demonstration, is calculated to render the reward of labor devoted to cultivation more certain, shall receive prompt and full attention.

III.—MANUFACTURES, &c.—We hail every invention or enterprise whereby American Capital and Labor are attracted to and advantageously employed in any department of Manufacturing or Mechanical Industry as a real contribution to the Public Weal, insuring ampler, steadier, more convenient, more remunerating markets to the Farmer, with fuller employment and better wages to the Laborer. The progress of Mining, Ironmaking, Steel-making, Cloth-weaving, &c., &c., in our country, and the world, shall be watched and reported by us with an earnest and active sympathy.

IV. FOREIGN AFFAIRS.—We employ the best correspondents in London, Paris, Turin, Berlin, and other European capitals, to transmit us early and accurate advices of the great changes, there silently but certainly preparing. In spite of the pressure of Domestic Politics, our News from the Old World is now varied and ample; but we shall have to render it more perfect during the eventful year just before us.

V. HOME NEWS.—We employ regular paid correspondents in California, at the Isthmus of Darien, in the Rocky Mountain Gold Region, and wherever else they seem requisite. From the more accessible portions of our own country, we derive our information mainly from the multifarious correspondents to the Associated Press, from our exchanges, and the occasional letters of intelligent friends. We aim to print the cheapest general newspaper, with the fullest and most authentic summary of useful intelligence, that is anywhere afforded. Hoping to "make each day a critic on the last," and print a better and better paper from year to year, as our means are steadily enlarged through the generous co-operation of our many well-wishers, we solicit and shall labor to deserve a continuance of public favor.

THE ONLY PREPARATION
THAT HAS
STOOD THE TEST OF YEARS
And grows more and more popular every day.

And testimonials, new, and almost without number, might be given from ladies and gentlemen in all grades of society whose united testimony none could resist, that Prof. Wood's Hair Restorative will restore the bald and gray, and preserve the hair of the youth to old age, in all its youthful beauty.

Battle Creek, Mich., Dec. 21, 1858.

PROF. WOOD: Thee will please accept a line to inform thee that the hair on my head all fell off over twenty years ago, caused by a complicated chronic disease, attended with an eruption on the head. A continual course of suffering through life having reduced me to a state of dependence, I have not been able to obtain stuff for caps, neither have I been able to do them up, in consequence of which my head has suffered extremely from cold. This induced me to pay Briggs & Hodges almost the last cent I had on earth for a two-dollar bottle of thy Hair Restorative about the first of August last. I have faithfully followed the directions and the bald spot is now covered with hair thick and black, though short. It is also coming out all over my head. Feeling confident that another large bottle would restore it entirely and permanently, I feel anxious to persevere in its use, and being destitute of means to purchase any more, I would ask thee if thou wouldst not be willing to send me an order on thine agents for a bottle, and receive to thyself the scripture declaration—"the reward is to those that are kind to the widow and the fatherless."

Thy friend, SUSANNAH KIRBY.

Ligonier, Noble Co., Indiana, Feb. 5th, 1859.

Prof. O. J. Wood: Dear Sir:—In the latter part of the year 1852, while attending the State and National Law School of the state of New-York, my hair, from a cause unknown to me, commenced falling off very rapidly, so that in the short space of six months, the whole upper part of my scalp was almost entirely bereft of its covering, and much of the remaining portion upon the side and back part of my head shortly after became gray, so that you will not be surprised when I tell you that upon my return to the state of Indiana, my more casual acquaintance were not so much at a loss to discover the cause of the change in my appearance, as my more intimate acquaintances were to recognize me at all.

I at once made application to the most skillful physicians in the country, but receiving no assistance from them that my hair could again be restored, I was forced to become reconciled to my fate, until, fortunately, in the latter part of the year 1857, your restorative was recommended to me by a druggist, as being the most reliable Hair Restoratives in use. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time I have used seven dollars' worth of your restorative, and as a result have a rich coat of very soft black hair, which no money can buy.

As a mark of my gratitude for your labor and skill in the production of so wonderful an article, I have recommended its use to many of my friends and acquaintances, who, I am happy to inform you, are using it with like effect.

Very respectfully, yours, A. M. LATTA,
Attorney and Counsellor at Law.

Depot, 444 Broadway, and sold by all dealers throughout the world.

The restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar a bottle; the medium holds at least 20 per cent. more than the small, retails for two dollars a bottle; the large holds a quart, 40 per cent. more in proportion and retails for $3 a bottle.

WEEKS MAGIC COMPOUND

A SAFE AND SPEEDY REMEDY FOR COUGHS, CROUP, ASTHMA WHOOPING COUGH, SORE THROAT, and ALL DISEASES OF THE THROAT and LUNGS.

The unprecedented success and popularity which this remedy has attained in one short year, would seem to be a sufficient guaranty of its merit. If any one doubts it, let such give it one trial.

READ THE FOLLOWING:

From Hon. Levi Underwood, Lieut. Gov. of Vt.

MESSRS. E. B. MAGOON & CO:—I have used your WEEK'S MAGIC COMPOUND for severe colds and sore throat, and it proved an efficient remedy. It is a valuable accession to the list of remedies for colds, coughs, &c.

I am yours, LEVI UNDERWOOD.
Burlington, Oct. 8, 1860.

From Hon. Joseph Poland, State Senator of Vermont.

I have used WEEK'S MAGIC COMPOUND in my family, and have never found any remedy so effectual in curing coughs and sore throat, and other diseases of the lungs. JOSEPH POLAND.
Montpelier, Oct. 1, 1860.

From Hon. Timothy P. Redfield.

By using your WEEKS' MAGIC COMPOUND a short time, I was entirely cured of one of the severest and most obstinate colds upon my lungs that I ever experienced. I know of no remedy equal to it for coughs and lung complaints generally. TIMOTHY P. REDFIELD.
Montpelier, Oct. 13, 1860.

MESSRS. E. B. MAGOON & CO:—About five weeks ago I took a severe cold which settled upon my lungs, producing a cough that proved to be very obstinate, and respiration became very difficult. After making strenuous efforts to throw it off, with no benefit, I procured a bottle of your Magic Compound, which I used three days according to directions. Its effect upon me was truly like "magic." It produced a free expectoration, and in this time I was completely relieved from my cough, and I could breathe perfectly natural. Therefore I can recommend it to my fellow citizens as being the best remedy for coughs and colds I have ever used. Yours truly, EZRA IDE.
St. Johnsbury, Vt., Dec 14, 1859.

CROUP.

A short time since my child was attacked most severely with the croup. We thought she could not live five minutes. A single dose of WEEKS' MAGIC COMPOUND restored her to ease, and she has had no attacks of it since. I think it fatally ought to be without it. M. F. VARNEY.

The Only Positively
FIRE PROOF SAFES
—IN THE WORLD ARE THE—
MARLAND PATENT.
CERTIFICATE OF APPROVAL IN COMPARISON WITH OTHER SAFES.

BRATTLEBORO, December 3d, 1858.

Messrs Sherwin & Burgess, Agents for Marland's Patent Fire Proof Safe:

GENTLEMEN:—I have examined the Marland Patent Safe in your store, and so far as I am able to judge of its Fire Proof qualities I believe the principles upon which it is built, the most reliable for resisting heat, of any Fire Proof Safe that has come under my observation, and particularly recommend it to the attention of our Probate Districts, that are now supplying themselves, for the preservation of their records.

BENJ. W. DEAN,
Secretary of State.

BRATTLEBORO, December 3d, 1858.

This may certify that we have examined the Marland Patent Fire Proof Safe, exhibited to us by Mr. Ass Hatch, and that in our opinion Marland's Safe would be a desirable one to purchase for the use of probate courts.

R. TYLER,
A. STODDARD, } Judges of Probate

MIDDLEBURY, April 27th, 1859.

The Legislature of Vermont at its last session, passed a law making it the duty of the county Judges to procure Fire Proof Safes, in which to deposit Probate Records. In discharge of that duty we have spent some time in examining a number of safes. We have come to the conclusion that the Marland Safe, manufactured by M. B. Bigelow & Anson Hardy, Boston, Mass., is superior to any other we have examined, for the proof qualities. We have bought a second Marland Safe, and now have a safe at this City, and are well satisfied with their shamefaced application strength, and durability.
