FOR THE PRESIDENTIAL CAMPAIGN.
READ COCHIN'S RESULTS OF EMANCIPATION.
Proving what are the practical workings of
PRESIDENT LINCOLN'S POLICY.
The most important and timely book of the season, which should be
CIRCULATED EVERYWHERE.
THE STANDARD WORK ON EMANCIPATION.
MANY THOUSANDS have already been sold and the demand is constantly increasing.
Read the following letters from the first statesmen of the country, testifying to its importance:
From the Hon. A. Pelling, State's Attorney for Baltimore.
"The publication of this book at this time is peculiarly opportune. Written by a foreigner, it escapes the imputation of interest or prejudice, or of being stolen up for an occasion, while at the same time the position of its appearance is just that for which such a book was suited. I trust that it will have a wide circulation everywhere, and especially in the Middle and in what are badly called the Border States. I say badly, because I hope we may never have a border, save the oceans and mountains which bound the Continent.
"The author treats the matter as the negro question is so seldom treated here, *practically*, at the same time holding on the great moral laws which lie at the base of everything which really concerns the social condition of the race.
"It is gratifying to read a book like this, in the midst of the fallacies, sophisms, and nonsense which have so long wrapped the subject. Its calm, convincing reasons and facts entirely dispose of the bugbears by which the questions of Emancipation and Slavery have been used to frighten timid people, and enable *traitors* to obtain political power."
From Hon. James Speed of Kentucky.
"It strikes me as a book calculated to do great good, and I will take an active interest in having it circulated and read in Kentucky. Since my early manhood, I have ever believed that Slavery is the greatest National sin upon which the sun looks in its diurnal course, and yet it is sustained by arguments so plausible and interests so powerful that it is not only difficult, but sometimes perilous, to say or do anything toward Emancipation. As the malady is a terrible one, the remedy must be difficult and may be slow. The book of M. Cochin is especially valuable just now, holding out the cheering hope that, though the remedy may be slow, it must be applied ultimately."
From Hon. Galusha A. Grow.
"It is a work of great merit, and furnishes most valuable information upon a subject now engrossing the attention of the American people."
From Hon. J. R. Doolittle.
"It is full of thought as well as of statistical information of the most recent date, and is worthy of study by all who take an interest in this great problem of our day."
From Hon. Cassius M. Clay.
"The book must be disseminated by the friends of the cause, so as to reach its enemies."
From Hon. J. W. Forney.
"It is a book that ought to be in the hands of every thoughtful and inquiring American."
From Hon. Judge Holt.
"I shall be gratified to learn that your efforts to circulate the book in the border states have been successful."
From Hon. Judge Bond of Baltimore.
"The information contained in this work, historical and tabular, cannot be had elsewhere, and for the sake of our people, it is to be hoped it may have an extensive circulation."
