FRIDAY, Sept. 30—P. M.

Gold continues feverish and lower. The opening rate was 194, soon falling to 192. For several hours 192½@193 was paid, and the market finally closed at 3½ p. m. at 193½.

Stocks have been quite irregular, and are generally lower. At the Stock Exchange there was a disposition shown to put out sellers' options, and a good deal was done in this way in several stocks. The decline during the day has been serious, and buyers for an advance have suffered severely. As compared with last Friday's prices the following variations are shown:

While Gold has advanced 7½ per $100, railway property has declined. That this description of investment is to fall in market value in proportion to Gold is a position few will be bold enough to maintain. That Stocks of all kinds may recede moderately, under a pressure for money among merchants, is reasonable. People may as well dismiss the idea of a permanent decline in railway property from present values, for the natural wants of trade, will secure to them business enough to make them sought for at something near general rates, without much regard to the termination of the Rebellion. At the Second Board the market was still heavy, and no great disposition shown to buy. After the Board, prices all rallied, and buyers took everything.

Money has been tendered very freely to stock houses at 7 ⅌ cent, and it has been difficult to employ balances at the rate. For Mercantile paper no change. For Bankers' bills, 8@9. For Dry Goods and Produce, 10@18 per cent.

The business of the Sub-Treasury was: Receipts, $1,306,841 05; for Customs, $91,000; Payments, $2,454,562 86; on account of Loan, $149,500; Balance, $22,602,191 49.

Freights are dull and rates easier. The engagements to Liverpool are: 30 tuns Oil Cake, 7s. 6d., and per steamer 100 hhds. Tobacco, and 200 tubs Lard, 27s. 6d. To London per steamer, 1,200 boxes Cheese, 20s. For Bristol 500 bbls. Oil Cake, 22s. 6d. A foreign trig was chartered to Cork for orders with copper on private terms.

Sterling Exchange is lower, and bankers' bills have sold at 108½@108¾ for gold. It was reported that Wright & Maxwell have refused to honor options sold by them. They are stated to be heavy, and running through October and November. When these options were sold, buyers were warned that it was dangerous gambling. The house is the most prominent one in the coffee trade, and it is said that their regular bills will be protested.

The new gold-room opens to day, at the corner of Beaver and William streets.

The Coupons of the Bonds of the Atlantic and Great Western Railway, due on the 1st October, are payable at the office of McAndrew & Wann, No. 12 Pine street.

Family Markets.

THE COST OF LIVING IN NEW-YORK.

FRIDAY, Sept. 30—P. M.

We give below quotations of some of the leading articles of food, sold in small quantities for ordinary family consumption at Washington and Fulton Markets, and by the down-town traders. The up-town grocers, especially those in the vicinity of Fifth and Lexington-avenues, charge higher than here quoted. Our range includes fair to *good* articles, omitting cheap, stale meats and vegetables, and not embracing the high price paid by some of the first-class restaurants and saloons for extra fine productions. The working, and indeed nearly all classes are rejoiced to see most of the necessaries of life declining in price. A falling off of 10c. per ⅌. on Butter, $1 per bbl. on Flour, $2 per ton on Coal, 2 to 3c. per ⅌. on Meat, with a downward tendency in the leading Vegetables, Sugar, Tea, Coffee and other Groceries, to say nothing of Dry-Goods, is a good sign for householders. Butter is abundant and lower, Fish, tolerably plenty; Peaches, nearly out of the market, the finest selling at $5@$6 per basket, Grapes, very abundant; Potatoes, both ordinary and sweet are plenty, with a good supply of all the Vegetables of the season. Green Peas have again made their appearance, in small quantities, and are selling at 75c. per half-peck.
