NEW SKIRT FOR 1864.
A NEW AND GREAT INVENTION IN
HOOP SKIRTS.
THE DUPLEX ELLIPTIC (OR DOUBLE) STEEL SPRING.
J. I. & J. O. WEST,
NO. 97 CHAMBERS-ST., NEW-YORK,
are the owners of the Patent and Exclusive Manufacturers of this
J. W. BRADLEY'S
PATENTED "DUPLEX ELLIPTIC" STEEL SPRING SKIRT.
This invention consists of Duplex (or two) Elliptic Steels, springs ingeniously braided tightly and firmly together, edge to edge, making the toughest, most elastic, flexible and durable Spring ever used, enabling the wearer in consequence of its great elasticity and flexibleness to place and fold the skirt when in use as easily and with the same convenience as a silk or muslin dress. It entirely obviates and eliminates the only objections to Hoop Skirts, viz: the annoyance to the wearer as well as the public, especially in crowded assemblies, carriages, railroad cars, church pews, or in any crowded place from the difficulty of contracting them and occupying a small space; this entirely removes the difficulty, while giving the skirt the most full and symmetrical form, and is the lightest and most stylish and graceful appearance for the street, opera, promenade or house dress. A lady having enjoyed the pleasure, comfort and great convenience of wearing the Duplex Elliptic Spring Skirt for a single day, will never afterward willingly dispense with the use of them. They are the best quality in every part, by far the lightest, most durable, comfortable and economical Skirt made. Merchants will be supplied as above, and ladies in most first-class retail stores in this city and throughout the different States.

FRIDAY, Oct. 28—P. M.

Gold opened at 217¼, fell to 215, rallied to 217¾, and closed at 3 p. m. at 215¾.

Stocks have been excited and irregular. Governments were strong and higher; 6s of 1881, registered rose ¼, and Certificates ¼ per cent, the latter closing firm. For the new 5-20s, ⅛@¼ premium is freely paid. In Railroad Bonds and State Stocks little done. Railway Shares were rampant at the first session, and large amounts taken by strong buyers. Erie rose ¼; Hudson River, ¼; Reading, 3; Michigan Central, 4; Michigan Southern, 1¼; Illinois Central, 2¼; North-Western, 1¼; North-Western, common, 1; Rock Island, ¼; Fort Wayne, ¼; Chicago and Alton, 3; Cleveland and Pittsburgh, 1¼; Cleveland and Toledo, ¼; Prairie du Chien, 1¼; Alton and Terre Haute, ¾. After the board, under heavy sales to realize profits, prices were generally lower. At the Second Board an advance was shown upon the street, the market closing steady with a disposition to buy freely. For the moment the turn of prices is decidedly upward, varied by sharp reactions under sales to realize quick profits, such as have been made during the current week.

The exports from New-York (exclusive of specie) last week were over $5,000,000.

Money is without change in any respect. On call the supply is excessive at 7 per cent. For commercial paper the inquiry is small; the rates are 8@12 per cent. Certificates continue in demand and are now the most productive. Short investment offering.

Sterling Exchange is in more demand; Bankers' short date, 111; sixty days, 109½; and 237 in sterling; Francs, 5.10 & 5.15.

The North Star, from Aspinwall, brings $167,139 in treasure.

Freights continue dull at about previous rates. We note to Liverpool 50 hhds. Tellow at 7s.; by steamer, 12,000 bush. Peas on private terms; and 100 bales Wool at ¼d. To London, by steamer, 7,400 boxes Cheese at 25s. To Glasgow, by sail, 50 tuns measurement goods at 15s.

The business of the Sub-Treasury was: Receipts, $4,476,110 76; for customs, $164,000; payments, $4,280,917 25; on account of loan, $38,000; balance, $30,173,318 08.

The Toledo and Wabash road earned the third week in October:
