MADAME ZADOC PORTER'S

CURATIVE COUGH BALSAM

Price 25 and 50 Cts per Bottle.

The Best, Cheapest, and most effectual Remedy for COUGHS, COLDS, &c., the World has ever produced, purely Vegetable, contains no Minerals or other Deleterious DRUGS.

The Curative Balsam is warranted, if used according to directions, to cure in all cases, Coughs, Colds, Asthma, and all affections of the Throat and Lungs.

Madame Zadoc Porter's Balsam is a purely vegetable expectorant, prepared with great care and scientific skill, from a combination of the best remedies the Vegetable kingdom affords. Its remedial qualities are based on its power to assist the healthy and vigorous circulation of the blood through the lungs. It relaxes the muscles and unstarts the skin to perform the duties of regulating the heat of the system, and in gently throwing of the waste substance from the surface of the body. It loosens the phlegm, induces free spitting, and will be found very agreeable to the taste. Its not a violent remedy, but emollient, warming, searching and effective, can be taken by the oldest person, or youngest child.

Madame Zadoc Porter's Curative Balsam is no new and untried medicine, but has been used by the public for the past 22 years, with unparalleled success, and has acquired its present extensive and largely increasing sale, simply by being recommended by those who have used it to their afflicted friends and others.

If you have a cold, if ever so slight, do not fail to give the Balsam a trial; as the very low price at which it is sold, brings it in the reach of every one, that they may always keep it convenient for use. The timely use of a 25 cent bottle will often prove to be worth one hundred times its cost.

Do not be put off with any other. Ask for **Madame Zadoc Porter's Cough Balsam,** insist on having it, and take no other; if your Druggist does not have it, have him send and get it for you.

Sold by all Druggists at 25 and 50 cents per Bottle.

Lancaster, Feb. 14, 1861-40tf.

THE peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases which it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. Those all having the same origin, require the same remedy, viz. purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: **King's Evil or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses,** and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer, to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of *Sarsaparilla* in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood; purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of *Sarsaparilla*, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.
