It also owns the entire working interest in two wells which are being bored with every indication of being fine producing wells.

W. TITUS, Secretary.

Dated Jan 9, 1865.

On motion, George Sistare, esq., was chosen Chairman, and Frederick A. Lane, esq., was chosen Secretary. The meeting was then adjourned to No. 711 Broadway, in order to give all the stockholders present an opportunity of hearing the reports of the committees. The adjourned meeting being called to order by the Chairman, Mr. Hoy read several telegrams received from the manager in San Francisco, relating to the embarrassments of the Company and urging prompt action, and stated that a subscription had been started to raise money to relieve the Company, but, with the exception of the trustees and their friends, that no stockholders had come forward.

It was then moved that the Chairman of the Stockholders' Committee be requested to read his report. Mr. Smith Clift then again read the report signed by himself and Mr. Lane. Mr. Wainwright and Mr. Noble also read reports. Mr. Hoy presented a recommendation of the Trustees as to the immediate steps to be taken to raise the money for settlement of the pressing demand on the Company. Mr. Lane, by request, made a few informal suggestions as to the measures to be taken to induce the Stockholders to contribute, concurring in the views of the Trustees, and suggested that the Counsel of the Company should be instructed to prepare the proper papers for the Stockholders and Bondholders to sign, so as to put the Company on a firm footing.

On motion of Mr. Stevens, the following Resolutions were passed unanimously:

Resolved, That the counsel of the Company be requested to prepare a paper for the purpose of relieving the Company from its embarrassments, requesting the Stockholders to contribute five dollars a share to a loan of five hundred thousand dollars; such loan to be secured by a chattel mortgage on the personal property of the Company not covered by the existing mortgages, and the amount advanced by each stockholder to be indorsed upon the certificate of his stock, with an agreement of the Company to repay it out of the first net earnings of the Company after satisfying the interest on the bonds.

Resolved, That in the opinion of the Stockholders the present embarrassments of the Company are not owing to anything wrong in the organization or management of the Company, and that the Trustees are entitled to our confidence.

Resolved, That the present Trustees of the Company be requested to remain in office, and carry out the foregoing resolutions, as far as it may be practicable for them to do so.

On motion of Wm. Ashmusen, esq.,

Resolved, That the reports of the various members of the Committee be printed in pamphlet form.

On motion, Committee was discharged, and meeting adjourned sine die.

GEORGE K. SISTARE, Chairman.
FREDK. A. LANE, Secretary.

THERE WILL BE BUT SIXTY THOUSAND SHARES of the capital stock sold at the subscription price, $2 50 per share, and not a single share above that number will be sold at any price whatever until the territory is developed. This the Secretary will indorse on the back of each receipt for stock if desired.

A competent Superintendent is rapidly developing the property; he has two engines on the ground, two wells already started, and three more will be in operation as soon as the engines are completed.

There is a valuable saw-mill on the Cotter Farm, and timber on the whole territory sufficient to give a profit of $200 per day for twenty years, or $400 daily for ten years. There is also a large amount of coal on the two square miles in Forrest County. The timber and the coal will give to the company a handsome dividend, independent of the oil.

The market value of the territory owned by the company has increased to such an extent that it is at present worth THREE QUARTERS OF A MILLION OF DOLLARS.

The amount of capital that will be raised by the sale of the 60,000 SHARES will be only

ONE HUNDRED AND FIFTY THOUSAND DOLLARS.

Were the Company to sell out either one of their properties at the present time, it would realize more than double the amount they will obtain by sale of the above number of shares. No better evidence of the stability of the Company, or of the value of their stock as an investment, can be offered.

The Directors invite all who desire investing in oil stocks to call at their offices and examine prospectus, draughts, &c., where they cannot fail to be satisfied that the

COTTER FARM OIL COMPANY

rank among those companies that will stand when all others fail, and that it is on such a basis that stockholders cannot fail to realize a handsome profit aside from the question of oil altogether.

The books for subscription will be open for a short time longer at the offices of the Company.

PROPOSALS
FOR
$2,380,000
MORRIS & ESSEX RAILROAD COMPANY FIRST MORTGAGE 7 PER CENT BONDS, OF $100, $500 AND $1,000,
REDEEMABLE IN FIFTY YEARS,
WITH COUPONS PAYABLE IN NEW-YORK, AND PROVISION FOR A SINKING FUND FOR THE REDEMPTION AT MATURITY.

These Bonds are the *Entire Balance* of the $3,500,000 of Bonds of the Company which can be issued under the First Mortgage, except for the Second Track and Extension to the Water Gap, and are now offered for sale for the purpose of completing the Extension of the Road from Hackettstown, the great terminus, to Phillipsburg, opposite Easton; for building the Branch Road from Dover to Rockaway, Boonton to Newark, (a very favorable line for the Coal Traffic); and for furnishing Cars, Freight and Passenger Cars and Engines.

The Morris and Essex Railroad, when extended to Easton, will connect with the Lehigh Valley Railroad, with the Lehigh Canal Company's road now in course of construction and nearly completed, and with the East Pennsylvania Railroad, which is proposed to be extended from Allentown to Easton. These roads will supply the Morris and Essex Railroad immediately upon its completion, with an immense tonnage for transportation, and it must become one of the most important avenues for the transportation of coal from the Lehigh and Eastern Schuylkill regions; and will also form a part of the great through line to Cincinnati and Chicago and the great West, especially via Lehigh Valley, Allentown, Pennsylvania Central, and Pittsburg, Fort Wayne and Chicago Railroads.

These Bonds are secured by a First Mortgage to James Brown and Peter Cooper, Trustees, upon the road completed and in the course of completion, and upon the branch from Dexville to Newark, from the Hudson River at Hoboken to the Delaware River at Phillipsburgh, including all rights, real estate, rolling stock and other property of the Company.

The Capital Stock of the Company, amounting to $3,100,000, has all been called in and expended upon the road, which, in addition to the amounts received and to be received from the bonds applied and to be applied to the extension of the present road, and the building of the Branch Road, afford an undoubtedly ample fonds for the security of these Bonds. This will be evidenced from the fact that the business on the local road, from Newark to Hackettstown, has always been sufficient to pay 7 per cent interest on the amount invested in it.

Sealed proposals for these Bonds will be received until FRIDAY, the 20TH JANUARY next, at 3 o'clock p. m., for the whole or any portion. Ten per cent and the premium will be paid at the time of the awards of the bids, and ninety per cent on the delivery of the Bonds, which will be in ten equal installments, every thirty days, and which extends the last payment to October 20, with the right of paying in full at any time. The interest account will be adjusted at the time of paying of the Bonds. No bids under par will be accepted, but all bids at par and over will be awarded in the order of the premiums, and should there be an excess of bids at the lowest rates, then the bids will be awarded pro rata. The Bonds will be coupon, with the right of registration, or by surrender of the coupons, made transferable on the books of the Company at the pleasure of the holders. Parties making proposals will state the amount of Bonds desired, the denomination and price per one hundred dollars.

Each proposal should be sealed, and indorsed "Proposal for the Morris and Essex Railroad Company Bonds," and inclosed in a second envelope, addressed to J. D. VERMILYE, esq., Merchants' Bank, New-York, or to the undersigned, Newark, New-Jersey, either of whom will furnish printed copies of the mortgage, which contains full information.

By order of the Board of Directors.

ISAAC VAN WAGENEN, Treasurer.

BANK OF COMMERCE in NEW-YORK—DIVIDEND.—A SEMI-ANNUAL DIVIDEND of FIVE (5) PER CENT, free from Government tax, has been declared the Capital Stock of this Bank, payable on and after Jan. 30.

H. F. VAIL, Cashier.

THE SPEEDWELL MUTUAL COAL CO.

CAPITAL, $400,000.

$40,000 SHARES—$10 PER SHARE.

WORKING CAPITAL, $30,000.

Each share of stock entitles the holder of the share to one Gross Ton (2,240 pounds) of Coal at cost—$7 56—or less, with a divisional dividend of 20 per cent, which will reduce the net cost of coal to a very low figure. This enterprise should be taken hold of by every person using coal; it is not only a saving of 50 per cent on the cost of the coal, but a good-paying dividend to every share of stock, which renders it a very desirable investment to the capitalist as well as the poor man. The colliery is now producing 60,000 tons per annum of the best Ash Coal. The subscription books are now open. Please call and see prospectus and learn particulars of
