Against the World!

WE desire to call the attention of *Farmers and Millers* to our lately improved

DOUBLE SCREENING WHEAT FAN,

Patented by T. J. DOYLE, April 20th, 1852, which we are manufacturing in *LOUDON and RHEATOWN, East Tennessee.* This popular and extensively used Fan has taken the highest awards wherever exhibited, viz: At the Maryland State Fair, Baltimore, where there were at least *fifty Fans* of most approved makes of Virginia, Maryland and the Northern States, exhibited; at the Virginia State Fair, at Richmond; at the South-side Agricultural Fair, at Petersburg, Va.; at the Virginia Valley Agricultural Fair; and the highest honors of the East Tennessee Agricultural Society, at Knoxville, in 1854 and 1855. Brownlow's Whig, in speaking of it, says: "Other Fans were exhibited of an excellent quality, but none to compare with those manufactured by the Messrs. Doyles, of Rheatown." We have received other prizes too numerous to announce here, and hundreds of certificates of our Fan's superiority from *practical farmers* of Virginia and East Tennessee.—We have had an *ample opportunity to test our Fan* and are convinced it is the *best in use.* We think we know what the farmers want, and that our long and extensive experience in the business, and arduous labors to bring the Fan to its present perfection, enables us to suit them better than any other person in the Fan business, and they may rest assured no pains will be spared to give them the best Fan in the market. Our Fan has gained its enviable popularity entirely in consequence of its merits; and for a Fan to retain its popularity and increase in demand as ours has done in the same districts for three years, is one of the best evidences of its value. Our Fans are sold on trial, and *WARRANTED* to clean *faster and cleaner* than any other Fan in use. Our Teams will deliver them at almost any point in East Tennessee.

N. B.—We will also fill orders from Middle and West Tennessee, Georgia and Alabama. All orders to us at Loudon or Rheatown, East Tennessee, will be promptly filled.

Beware of Imposition.—All our Fans have T. J. & G. F. Doyle stamped upon them. For Certificates and References, see circulars. T. J. & G. F. DOYLE.

Singer's Sewing Machines.

THESE machines have long sustained the highest reputation in the United States. The first prize, a Gold Medal, has recently been awarded to them at the great Exposition at the Palace of Industry in Paris, and thus they have the World's verdict of superiority.

Great improvements have just been added, so that they run without noise, with ease to the operator at double the ordinary speed, so that

TWICE AS MUCH WORK IS DONE IN A DAY.

The greatest clothing and shoe manufacturing establishments in the country use these machines exclusively. They are competent to perform every sort of work in the most perfect style.

As there are very great numbers of inferior or entirely worthless sewing machines of the Lerow & Blodgett, Avery, Wilson, Grover & Baker, and other patents, which have been sold, but cannot be used to any advantage, we hereby offer to receive all such machines, and also unimproved ones of our own manufacture, *in exchange for new and latest improved Machines*, on liberal terms. All old machines thus obtained by us will be broken up and destroyed. For particulars apply by letter or personally at our New York Office.

N. B.—Local Agents wanted to make sales of our improved sewing machines. To persons properly qualified for the business, a rare opportunity for profitable and pleasant employment is offered.
