Did you estimate any portion of your profits in making your returns for 1863?
Was any portion treated as worthless, and if since paid, have you included it in this return?

All incomes amounting to less than $5,000 are subject to pay a tax of five per cent, and those more than $5,000, ten per cent. The following are the authorized deductions:

Exempt by law, $600.
All National, State and local taxes paid within the year, (which includes the deduction of the income taxes actually paid in 1864.)
Losses on sales of real estate purchased within the year.
Interest paid out or falling due within the year.
Amount actually paid for rent of homestead, store or shop.
Insurances, repairs, fuel consumed in carrying on business, wages of employés, and interest on incumbrances.

All carriages are taxed from $1 to $10; gold watches $1 each, if worth less than $100, and $2 if worth more than $100; pianos, $1; yachts from $5 to $100; private billiard tables, $10; gold plate 50 cents per ounce Troy, and silver plate 5 cents.

The tables in the blank form are very elaborate, but the foregoing are the principle points.

Every person failing to make returns by the 15th of May next will be liable to be assessed by the assistant assessor according to the best information he can obtain; and in such case the assistant assessor will add twenty-five per cent to the amount of the tax.

In case any person shall deliver to an assessor any false or fraudulent list or statement, with intent to defeat or evade the valuation or enumeration required by law, the assistant assessor will add one hundred per cent to such duty; and in such case the list will be made out by the assessor or assistant assessors, and from the valuation and enumeration so made there can be no appeal.

The Horse Market.

There is considerable activity in certain departments of the horse trade, with scarcely anything doing in others. Government and the railroad and stage men nearly monopolize the business. Purchasers of army horses have had no orders to stop buying in the face of the crumbling Rebel armies. They probably look to cavalry to give the finishing strokes, scouring the country for guerrillas and fleeing bands of Rebels. Government has advanced the prices of army horses, paying $175 for cavalry and $180 for artillery, but throw out many such as they formerly accepted. All horses are higher than they were a month ago, with the exception of roadsters and trotters, which are not selling, though there is a good supply offering. A pair of stylish black horses, 151 hands high, speedy, are held at $2,500, with $2,000 offered; another pair, still higher priced, are valued at $4,000, and from these prices they run down to $600 and $1,000 each for fast travelers. The next class, or good coach horses, well matched, that will travel together a mile in four or five minutes, about 14 hands high, are scarce and wanted. They would command from $600 to $800 and even $1,000 per span. Two years ago many such horses were turned over to Government by parties who then wanted to get rid of them. Oakley & Smith furnish most of the railroad and stage horses, or rather mares, and are quite busy, turning over large numbers of railroad horses at $130 and $140, and stage horses at $140 and $160 each. There is some call for truck horses of large size at $250 and $300 each. Farmers have about finished their purchases for the Spring, generally taking low-priced horses, frequently those worn down by hard usage on the city railroads, paying $40 and $75 each for them. Some good spans have been sold to farmers at $300 and $400 per pair. The late decline in gold brings in many Canadian horses, generally of small size, but tough and good workers. They are held at $225 to $350 per span. The general stagnation of business attendant upon a fluctuating gold market, and the excitement regarding military operations, is felt among horse dealers, and with stables well filled they complain that trade is dull in comparison with what it should be at this season.

FIGHT WITH INDIANS.—We are informed that Gen. Dodge has received a dispatch from the Plains giving an account of a battle between the forces of Gen. Mitchell and the hostile Indians about one hundred and fifty miles west of Fort Laramie. The Indians were thoroughly whipped and 150 lodges of Sioux and 80 of Arapahoes were captured, or about 1,400 savages in all, as a "lodge" is generally composed of six Indians, old and young. This is an important victory and will go far toward making peace on the Plains, and securing the great overland route from interruption from their incursions.

ACCIDENTALLY SHOT.—Late on Saturday night, while Officer Buckley of the Fourth Precinct was conveying to the Station-House Dominick Connolly whom he had arrested for assault and battery, the prisoner suddenly turned and knocked him down. The force of the fall caused a revolver in the pocket of the officer to explode, the ball taking effect in the thigh of Charles Murray, bar-tender at No. 84 Roosevelt-st., while standing in the doorway of his saloon. The wounded man was taken to the New-York Hospital, where his wound was pronounced to be of a serious character. Connolly was committed by Justice Hogan.

EXTENSIVE THEFT OF LIQUOR.—Yesterday, Captain Petty and officers Field and Henderson of the Fifth Precinct, arrested Randolph Barnes and Nicholas Brooks on a charge of grand larceny. Early on last Thursday morning the porter in the store, No. 207 Duane-st., opened the store as usual, and then proceeded to one of the upper stories to attend to some business. During his absence, the prisoners who had engaged three trucks, drove up to the front door, hastily rolled out fifty barrels of rum, valued at $4,500, loaded them on the trucks and drove off. The stolen liquor was subsequently disposed of at various places in this city, Jersey City and Hoboken. Fourteen barrels were traced to the possession of Mr. Charles D. Bliss, No. 42 East Eleventh-st. He claims to have bought it in good faith from the prisoners. All of the remainder has been recovered by the officers, with the exception of one barrel which rolled from a truck and burst. The prisoners were committed by Justice Hogan. Barnes was formerly a lawyer and had an office at the corner of Broadway and Fair-place. Brooks is the proprietor of the Coney Island Hotel, but at present resides at Gravesend, L. I. He claims to have bought the rum from Barnes, and exhibits what purports to be a genuine bill of sale.

LAW INTELLIGENCE.

SUPREME COURT—CHAMBERS—APRIL 8.—Before Justice BARNARD.

THE SEAGRIST CASE AGAIN.

In the matter of George Young.

The Court, it will be remembered on the former proceedings by the alleged mother, remanded the boy to the custody of the Seagrists, holding the indenture of apprenticeship to be valid and sufficient. Mrs. Eckhart now asks the Court to assume the guardianship of the boy and assign him to the care of another guardian on the ground that Mr. Seagrist is "a vagabond by law," and that the occupation of the respondent was not a fit one for a child. The Court directed a reference to take testimony.
