FRIDAY, April 21—P. M.

Gold opened at 147¼, sold as high as 149¾ and closed at 149¾. Cash gold has been quite scarce, and is made so by the steady demand for Custom-House purposes. In the absence of payments on accounts of interest, the Sub-Treasury has been inadvertently a hoarder of gold. This process will end in another week, and a supply of gold be put at the command of buyers sufficient to satisfy them.

Government stocks are all strong, with few offering. 6s of 1881 sold at 109¼, and 5-20s at 107, and 10-40s at 94¾@95. The closing rates were: 6s of 1881, 109@109¼, and 5-20s, 106¼@106⅞. In railway bonds little doing and prices firm. Railway shares continue irregular, but the tendency of the market is upward, and there is a decided disposition to operate for an advance, speculators founding their hopes of profit more upon continual large earnings and reduced working expenses than upon the great glut of money and the consequent facility in carrying large blocks of stock. Erie is the leading favorite and is scarce. For Michigan Southern there is also a good demand and higher prices offered without calling out stock. Fort Wayne continues in request at full rates. Late in the day the market was strong, and Michigan Southern sold at 64. The whole list was strong, and large orders to buy at the morning's extreme rates could not be filled. Erie sold at 77.

Money is very abundant, and few loans are made above six per cent. At five a large business is done, and four is accepted for balances without notice. Commercial paper is in more request.

There is a decided improvement in the general trade of the city, and merchants have no complaint to make of want of customers, with abundance of money and a disposition to buy freely. Upon the termination of the obsequies of President Lincoln, the business of the city will be resumed with all the vigor usual in a prosperous season.

At the auction houses there was in nearly all cases evidences of firmer prices and a very stiff feeling. Townsend, Montant & Co. had a fine sale of Ribbons at very good prices—all the samples and duplicates to the extent allowable going very freely. As a sample of prices, the No. 5 Taffeta Ribbon ranged from $1 00 to $3 12, and No. 9 $2 00 to $2 90. The sale was attended with much spirit.

Kobbe & Corlies had a very fair assorted sale of Linen Goods, Neck-Ties, and furnishing articles generally. They sold very freely and at good prices, all the lots being cleared out.

At Wilmerding, Hognet & Co.'s there was a moderate sale of Linens, White Goods, &c. The former dragged somewhat. Ladies' ribbed white hose varied from $2 12@$2 15; ladies' plain, do., $2 42@$2 47; boy's cotton socks, 87c.; 4-4 Spanish linen, No. 90, 31@35c., (low) which commanded 38c. at last sale; 4-4 blouse linen, 21@32c., &c. The handkerchiefs ruled low in comparison with previous sales.

The woolen goods sale of Haggerty & Co. proved rather heavy, as such sales usually do so late in the season. The attendance was large, but the bidding dull and the prices low. There were many skips in the catalogue. A lot of linen goods sold for cash as follows: Brown Drills, 33@35c.; Barnsley do., 37@38c.; Barnsley Duck, 39c., on the usual time. Italian cloths varied from 23c. to 36c.; real Italians, 42@50c.; Drab Italians, 36@30c.; Washington Twilled Flannels, $1 42; Double-and-twist Fancy Cassimere, $1 30; Tan Check do., $1; Finsterwalder Black Cloth, $2 80@$3; Blue Belgian, $2@$2 05; 6-4 Coating Cassimere, $1 07; Belgian Black Cloth, $2 37@$2 40@$3; 6-4 Black Doeskin, $4 50@$4 60; Aix La Chapelle, $3 50; French Coatings, $2 40@$2 75; Blue French Paletot, $2 40; Austrian Cloth, $4 47, &c. The sale was not a success.

The movement of Dry Goods at this port for the past week has been as follows:

Exchange is higher and the advance is in some quarters based upon the theory that a good many United States stocks are to be sent home for sale. For every bond sent home under the calculations five will go abroad under the improved condition of the affairs of the nation. The rates were: Bankers' Sterling, 60 days, 109¼@109¾; Bankers' Sterling, 3 days, 110¼; Merchants' Sterling, 108@108¼; Francs, 5.15¼@5.16¼.

In Freights there is a little more doing to-day. The engagements to Liverpool are 200 boxes Bacon on private terms, and per steamer 50 bales Cotton, at ¼d.; 50 tuns Oil Cake; 100 boxes Bacon and 200 boxes Cheese on private terms. The total payments, viz., The year's charge for interest, sinking fund, rental, taxes and two dividends on both classes of stock, amounting to $1,692,550 09, being deducted from the amount of the net earnings, viz., $1,881,113 56, left a net balance of $188,563 47. This balance was expended in necessary additions to the rolling stock.

THE COST OF LIVING IN NEW-YORK.

FRIDAY, April 21—P. M.

The following tables, carefully revised every week, give a pretty clear idea of the cost of living in this city, at least so far as eatables are concerned. Some household articles of common or frequent use are also included. Only *good* articles are quoted, unless specially noted, and the prices are such as are charged at Washington and Fulton Markets, and down-town groceries. Street and sidewalk peddlers sell a little under these figures, but their articles are not always fresh and in good condition. The up-town and avenue traders usually charge a little more than here quoted. The markets are in an unsettled state this week, sympathizing with the general stagnation of business caused by the death of the President. Cool weather has kept back the growing vegetables, and prevented free captures of shad and other fish. On this account many of these articles are higher than last week. Butter is a little higher, with some new offering. Coarse meats are a shade lower—prime cuts fully as high. Eggs are cheaper; poultry scarce and high. Kerosene is still declining. The new perishable vegetables vary greatly in price in the different markets, and even on different stands of the same market. We quote:

CITY ITEMS.

CHAMBER OF COMMERCE.—A special meeting of this body will be held to-day at 1 o'clock, to take measures relative to the reception of the remains of the late President of the United States.

GERMAN OPERA.—We have been desired to say that the sale of seats for the Grand German Opera begins at the Academy of Music on Saturday morning, April 22, at 9 o'clock. The season opens on Wednesday evening next, with Meyerbeer's "Robert le Diable."

The two new boats to be added to the Fall River line during the present season are the Newport and the Old Colony. The former will measure 345 feet from stem to stern, the state-room hall being 320 feet long, having 150 state-rooms, and is represented as being in her *tout ensemble* the handsomest boat on the Sound.

Miss Laura Keene and Messrs. Hawk and Dyott, of her company, who were arrested at Harrisburgh on Monday, were discharged by an order from Washington on Tuesday, as soon as the Secretary of War heard of their detention.

CALIFORNIANS IN NEW-YORK.—A meeting of Californians now in New-York was held Friday morning at the Metropolitan Hotel, and it was resolved to join the procession on Tuesday next, and invite all citizens of California to participate in the ceremonies of that occasion.

A COWARDLY SCOUNDREL.—John H. McDonough, an agent in the railroad ticket office corner of Broadway and Dey-st., was arrested yesterday by Officer Bayley of the Twenty-sixth Precinct police for cowardly and dastardly assaulting a one-armed soldier, named Moses Hoot, who stood in front of *The World* office reading the bulletin. It was only with the help of Sergeant Robinson that McDonough was saved from mob violence, and a large crowd surrounded him in the Park, eager to attack him. Capt. Brackett sent the prisoner to the Second Ward Station-house to be locked up until this morning, when he will be arraigned for trial before the Police Justice at the Tombs.

A BOUNTY ROBBER.—A respectable lady appeared yesterday before Capt. Brackett of the Twenty-sixth Precinct Police, and made a complaint against a man named Bailey, formerly a bounty broker, who she accused of cheating her out of $300—her husband's bounty money. The lady stated that she was in destitute circumstances, with three children to support, and was turned out of house and home because she had nothing to pay the rent with. She said that Bailey was about to sell out his business, consisting of a horse and cart, and leave the city. Capt. Brackett sent an officer to look after the case.

"STRAWS."—On Tuesday, as a stage loaded with passengers was proceeding down Broadway, an elderly gentleman remarked to his next neighbor: "I have lived in New-York forty years, but I never saw anything to be compared to this." The gentleman spoken to replied: "If you live forty years longer you will never see anything like it again. No man ever had the affections of the people as Abraham Lincoln had them." Upon this, one who *looked* like a gentleman, further along in the stage, said to his companion, with a contemptuous expression: "I think Broadway should be draped in white instead of black." A fiery young fellow sitting opposite leaned forward and said: "Will you repeat that, sir?" The person addressed turned to him and replied: "I did not speak to you, sir." "I know you did not," was the reply; "but you are in a public conveyance, and you shall either take back the remark or get out of this stage." The man began to show signs of fear, pulled the strap and got out. The young man then turned to the companion and said: "You get out of here, too." Some one said: "Why, he did not say anything." The young man replied: "He is a friend of the other, and birds of a feather flock together. Out he must go"—and out he did go, and the two sneaked off together.

COLORED SCHOOLS IN RICHMOND.—We are informed by the Rev. M. E. Strieby, one of the Secretaries of the American Missionary Association, who has just returned from Richmond, that preparations were making for opening colored schools in that city on the 18th inst. Twelve hundred scholars were enrolled. The colored people welcomed the schools with the greatest enthusiasm, and any opposition felt by the white population was overawed by the presence of the military. Seven teachers are on the ground, representing the Boston Freedmen's Aid Society and the American Missionary Association, and more will doubtless soon be sent by these and other associations. Gen. Ord kindly authorized the opening of the schools; but for the present cannot give rations to the teachers. The great expense of living in Richmond will tax these associations heavily in sustaining these schools, and those interested in supplanting Lynch and Slavery by liberty and education, should promptly and liberally aid the noble work at this important point.

ROBBED HIS COMPANION.—Phillip Snediker was yesterday arrested by officer Field of the Fifth Precinct on a charge of having stolen $120 from Matthew Thompson of No. 15 Morris-st. The complainant and prisoner were together on Thursday night, and drank considerable, and finally went into the dining saloon corner of Reade-st. and Broadway, when it is alleged the the
