FAIR IN FOURTEENTH-ST.—A Fair is now being held at the Armory of the 22d Regiment, N. Y. S. N. G., formerly the Palace Garden, for the benefit of the Institution of Mercy, which is similar in its humane and useful object, and has the same excellent management and is almost equal in extent and appearance to that of its illustrious predecessor, the great Sanitary Fair which was held on the same grounds. It was opened on Monday, but on account of the rainy weather and the character of the day it was not fairly and formally thrown open until last evening, when all the preparations were completed and the building crowded with a large and fashionable audience, many of whom were ladies. Reinzweller's 22d Regiment Band were engaged and will be present during the continuance of the Fair, which closes on the 13th inst.

The interior of the Armory has been elegantly and artistically decorated by Maximilian of this city, and the tables which are stationed all around along the walls are neatly adorned with every kind of pretty ornaments, which is for sale, some at low prices and others of exceeding costliness. There are twelve of the tables, each of which represent a Catholic Church in this city. Those churches not represented by tables, have aided the worthy object of the Fair by liberal donations taken among the congregation. At two of the stands are oil paintings by Brady of the late and the present Archbishops of New-York, which commend themselves for the true similarity and life-like expression of the features. They are to be sold by lottery at $1 a chance, and there being numerous persons, among them many clergymen, who are desirous of taking chances, it is expected that $5,000 will be realized on each.

Among the other beauties of the Fair is a Floral Bower which has a unique and attractive appearance. The tables of the St. Gabriel's Church, St. James's Church, and St. Francis Xavier's Church also appear conspicuous from the rich articles they contain and the fine manner in which they have been arranged by the ladies. A first-class restaurant and a shooting-gallery are included in the feature of the Fair.

The Fair is under the supervision of the Rev. Father Quinn of St. Peter's Church. It will be open from 10 a. m. until 11 p. m. The following ladies have charge of the different tables:

Machinery.

ATWOOD'S
PATENT DRILLING MACHINE,
PILE-DRIVER,
AND
HYDRAULIC SAND PUMP.

PRACTICAL TESTS having fully demonstrated the superiority of this machine over all others for the purpose of sinking Oil Wells, the undersigned is now prepared to receive orders for the same.

This machinery comprises everything requisite for the boring of oil wells, excepting the STEAM ENGINE AND CAST-IRON DRIVING-PIPE, (but will be furnished, if desired, at a reasonable price), and dispenses with the use of the Derrick Rope, Bull-wheel and other cumbrous and expensive fixtures now in use, and is so arranged, being constructed on wheels and portable, that it can be easily removed for the purpose of sinking wells in different localities.

THE DETRITUS is removed from the well by our Patent Hydraulic process, and does not require the removal of the drill from the boring. This process not only removes all the detritus in from 5 to 10 minutes, but likewise effectually clears out and opens all the small oil veins that are so often entirely closed up by the old process of sand pumping.

WITH THIS MACHINE and a practical engineer, a well can be sunk from 400 to 600 feet within a period of from 15 to 30 days after the soil pipe has been driven.

Arrangements are being made for the construction and delivery of these machines at New-York, Norwich, Newburgh, N. Y., and Pittsburgh, Pa.
