THE SINGER SEWING MACHINES.—The marked and ever extended popularity of SINGER'S NEW FAMILY MACHINES, both in America and Europe, is such as best to establish their superiority over all others in the market. Sewing Machines, so called, may be bought, it is true, for a smaller amount of dollars, but it is mistaken economy to purchase any thing in a worthless or unreliable article, and those who will do so must abide the consequences.
SINGER'S NEW FAMILY MACHINES.
In order to place the *very best Family Machines in the world* within the reach of all, we have reduced our Letter A, or transverse Shuttle Machines, beautifully ornamented, to FIFTY DOLLARS.
SINGER'S No. 1 AND 2 STANDARD SHUTTLE MACHINES,
Both of very general application and capacity, and popular both in the family and the manufactory. Prices reduced respectively from $135 and $150 to $90 and $100.
SINGER'S No. 3 STANDARD SHUTTLE MACHINE,
For carriage-makers and heavy leather work. Price, complete, $125.
Also, to complete the list, an entirely new article, unequaled for manufacturing purposes, noiseless, rapid, and capable of any kind of work. Price, including iron stand and drawers, $110, cheaper at that, in view of its value, than the machines of any other maker as a gift.
All of Singer's Machines make the interlocked stitch with two threads, which is the best stitch known. Every person desiring to procure full and reliable information about Sewing Machines, their sizes, prices, working capacities, and the best method of purchasing, can obtain it by sending for a copy of the "I. M. Singer & Co.'s Gazette," which is a beautiful pictorial paper, entirely devoted to the subject. It will be supplied gratis.
NEEDLES, THREAD, COTTONS, SILK, and all necessary articles used with Sewing Machines, kept constantly on hand for sale. Also, a practical machinist, who is ever ready to attend on our customers, if required.
Messrs. SINGER & CO.'S office being conducted on the most thorough business principles, by an entirely new set of gentlemen, we feel confident of doing our share of the business, as we have always done heretofore. I. M. SINGER & CO.,

MEDICINES.

THE GREAT VIRGINIA REMEDY, AND NO HUMBUG.—PETERS' INFALLIBLE REMEDY FOR GONORRHŒA AND ALL SECRET DISEASES.—This great American remedy, containing no Mercurial or Mineral preparation, stands everything hitherto offered the public, in its curative, restorative and renovating powers; and the medical world are astonished when told that the above remedy will cure the above diseases, and continued when they have resisted every prescription of the facts.—But the proprietor, who has known of the remedy for twenty-odd years, has known of a case of twenty years' standing to be restored to perfect health, and all other cases of shorter duration to be cured, without a single exception, and therefore challenges any case of Gonorrhœa which the remedy will not cure, provided the directions are carried out with prudence on the part of the patient; and any one purchasing half a dozen bottles, and using accordingly, in his or her case, he guarantees a perfect cure; and in case of failure, will furnish additional medicine, free of charge, to complete the cure, through his agents; and a cure will be effected without inconvenience to the patient.
