REMARKS ABOUT BEEF CATTLE.

The total number this week, 6,351 head, compares with 3,253 head last week, and with 5,136 head average per week last year, and with 6,260 for the corresponding week one year ago.

The number sold yesterday and to-day at the principal market, 3,967 head, compares with 4,154 head last week, and with 3,067 head, the average per week last year, and with 4,536 head, at market one year ago.

THE OPENING, OR PRINCIPAL DAY, OF THE MARKET.

Monday, Oct. 2.—There are 3,840 head of horned beasts in market to-day, which, as they are designed for the shambles, we suppose we must denominate beef cattle. Some of them, if seen anywhere else, would prove be accepted as fit for the food of any city in earth beside New-York, where there are buyers for the very worst as well as the best that the world affords. Half-starved bullocks are not as plenty as last week, and it is probable that of the class which sell at 16c. @ lb some have been taken to-day of poorer quality than last week, and therefore butchers will call the market higher, though salesmen generally agree the market is only a little better. Yet it is very sure that some cattle have been sold to-day at prices considered to be equal to 16c @ lb for the meat, less the value of hides at 5c. @ lb and fat at 11c @ lb. We know that some lots of 20 or 30 head have been sold at prices agreed full 16c. @ lb net, and the mass of the stock has sold at 15@16c., though some scallawags brought only 14c., and one lot of Canada bulls sold on the scales at 4c. @ lb. live weight. The market in the morning was lively, the demand for retail butchers being greater than the stock of best cattle would supply. Wholesale butchers had cattle to sell yesterday, but to-day, the best lot of sides only weighing 14c. @ lb, and some ordinary lots range down to "What will you give?" This class of buyers, however, had to come to our terms, and the great bulk of cattle sold before night, the market closing strong. The weather to-day is mild and dry, and favorable to trade, and particularly favorable to the speculators who bought stock at Albany at lower rates than the previous week. Owing to the slight decline there, we find more cattle here than usual in first hands and selling on commission. There is one large drove through from Kansas direct. The receipts of the week, so far, we estimate at 5,945. This may be slightly increased to-morrow. A sale just reported of 73 head sold on the scales at 14c. @ lb upon 50 @ cwt., average 1,000 lb live weight, and was considered rather under the market.

THE CLOSE OF THE MARKET.

Tuesday, Oct. 3.—Only 150 from cattle were received this morning, and most of these were little heifers of not much account. There were also several remnants of droves left from yesterday, including a lot of little bulls which did not sell, notwithstanding that the bulls rule the market in more cases than one. This kind of stock is quite too abundant, as shown by our unsold yard containing 50 of them, the owners of which fix upon 12c. @ lb., live weight. Bologna should be plenty after this. Common stock—of which there were none offer to-day—went off slower than yesterday at a moderate decline; not upon the whole, the market was well sustained, the cooler weather of Tuesday being favorable for transaction.

T. Gillis, on his own account, 66 very good Ky. Durham grades, 7½ cwt., at 16½@17½c.; 20 to C. Cooper, buyer thinks 17c.

C. Wheeler sold 64 Dutchess Co. steers, for himself and shareholders, at 14@16c.—New York.

Bright & Hughes sold 49 light Ill. steers for A. G. Graham, at $75 each. Live weight 8[illegible] lb. And for Tinney & Hickok, 64 mixed Mich. cattle, yearlings to old cows and oxen, at an average of 12½c. And for J. W. Pollard, 34 decent State steers, 6½ cwt., at 14@16c.

Beach & Bray, 128 of their own Ill. steers, part at Bergen, 6½ cwt. cattle, sold at 15@16c. Also 32 pretty good Jersey steers at Bergen for 16@17c., and 60 mixed Western cattle, mostly thin, at 12@14c.

Healey & Co., for themselves, 66 Ill. steers, light, 5½ cwt., at 10@11c.

Schnerer & Eisner, for themselves, 104 Mich. and 200 Ill. steers, few oxen, 6@6½ cwt., sold all the way from 13 to 17½c.

J. H. Williams, on his own account, bought 67 Kentucky grade Durhams, 7½ cwt., retailed at 16@17c.

Coddebin & Heineman had another extra fine drove of 100 Ohio grade Durhams this week. They were the best large drove in market, weighing 8½ cwt. net, and sellers say they averaged nearly 18½c.—the best, as 18 to P. Ottman at $100 each, about 18c.

S. Healey, 66 for N. Burns, Chester Co., Pa., good, 7½ cwt., at 16@17c.

Murray & Glover, 50 of their own Ill. steers, fair, 6½ cwt., at 16@18c.

H. Hurd retailed the 100 Ill. steers bought of Richardson at 16@18c. on 6½ cwt.

P. McCaffrey, on his own account, 81 Ill. steers, grazed upon Mr. Allerton's Western farm, 6½ cwt., decent flesh, ran out at 16c. average.

H. Weatheimer, 49 Ohio steers for W. Richards, at 15@16c on 7½ cwt., and 64 for W. Snyder, mixed Ohio cattle, 6½ cwt., at 16@17c.; also, 35 Ill. steers, bought of Montague and sold at 16c. on 6½ cwt.

MILCH COWS—Dealers have been scouring the country for cows since the demand outruns the supply, and this week we have a larger number to report; but in their eagerness to supply all who want a milch cow, they have resorted to the mean practice of sending in a cow that has been milked for months, tacking a young calf on her and "bagging her up," as it is termed. Not likely to be seen and questioned, some parties send such cows to commission dealers with no information; but an experienced eye easily detects the wonderful cheat, and the commission man must either lie her off, to his injury, or say he knows nothing about her, or fail to make sale. To such an extent is cheating in this way practiced that many persons refuse to buy at these markets altogether, sending direct to the country, among acquaintances, when they want a cow.

Common cows of the above description have sold at $35@$45 this week, and go off hard, while fair fresh animals sell readily at $70@$80, and really good milkers at $100@$120, calf included. The latter class are in quick request. We noticed a large native red cow, evidently a good milker, with a pair of twin calves, which ought to be raised for weaners rather than go to the butcher, the whole sold for $115, but the calves were well worth the $35. Another cow and calf was sold for $120, and a fine Durham cow and calf at $130. One broker in Forty-fourth-st. sold 9 cows of all kinds, at $102@$105 each.

VEAL CALVES.—These continue in good request at high prices, generally at about 13c., in lots, but selected veals bring 14c. and even 15c. The best selling size is 100@175 lb. fat and sleek. Such animals, if sold by themselves, will bring 15c., but dealers prefer not to pick, but sell a run right through. Coarse grass calves are worth 10@11c.; bobs, $2@$4 each. It will be seen that a prime calf of 200 lb. at 15c. counts up a very respectable sum. Samuel McIlvaw sold, in Sixth-st., 101 calves at $13 18 average per head, the range being from $11 50 to $25 30 each.

THE SHEEP MARKET.

Receipts this week..... 25,913

QUOTATIONS.—The following reports of sales of sheep and lambs, by several of the sheep-brokers, who act on commission, will give the average of prices per head this week. They are quoted @ lb., live weight, for Sheep, 6@7½c.; Lambs, 8@10c.

Until continued very large receipts, though rather less than last week, sheep have not been selling quite as quickly, though prices are sustained, being 7@7½c. @ lb, live weight, for good to prime sheep—a few of the very best picked out might bring 8c. Lambs are worth all the way from 8c. to 9½c.—10c. if selected. We noticed a pen of 60 lambs, weighing 50 lb each, fat, sold at 9½c. The supply of stock in Sixth-st. was quite large Monday morning—about 2,500 head—and the market was far from lively, but a change to cooler weather Tuesday brightened up the market, and the pens were cleared this day, with a good prospect ahead for drovers.

R. H. Hume, sold 3,939 sheep and lambs averaging 65 lb per head.

S. McGraw, sold 3,915 sheep and lambs at $5 57 each.

Capt. McGraw and O'Brien, sold 3,415 sheep and lambs, among them some heavy Canada sheep, at $5 74 average ⅌ head.

Chamberlin reports the following sales through Kane & McPherson, John Kane, jr., Judd & Buckingham, A. Van Wert and others: 197 sheep and lambs, $8; 41 sheep and lambs, @7 50; 499 sheep and lambs, @7; 501 sheep and lambs, $8 50; 212 sheep and lambs, @6 75; 500 sheep and lambs, @7 75; 637 sheep and lambs, $5 50; 197 sheep and lambs, $5 27½; 306 sheep and lambs, $5 25; 220 sheep and lambs, $5 12½; 224 sheep and lambs, @5; 236 sheep and lambs, $4 75; 225 sheep and lambs, $4 50; 227 sheep and lambs, $4 25; 159 sheep and lambs, $4.

THE SWINE MARKET.

Receipts by Railroads, to wit: Hudson River Railroad, 9,396; Erie Railroad, 1,120; New-Jersey Central Railroad, 2,534; Total, 13,029.

Brokers report the following quotations: Western corn-fed hogs, per lb, live weight, 14@14½c.; dead weight, 17@18½c. Distillery-fed hogs, per lb, live weight, 14@14½c.; dead weight, 16@16½c. Western grass or mashed hogs, per lb, live weight, 12@13c.

With larger receipts and continued warm weather the hog market was generally inactive up to Tuesday of this week, when cooler weather improved the demand, and prices rule a little higher, prime fat hogs, of which there are very few coming forward, sold at 15c., but 14½@14c. are the ruling figures for good hogs. There is a wide range in quality, and a corresponding variation in price from 12 to 15c., hogs being sorted up not fit for stores even, and it is matter of surprise that such are sent to market with so large a crop of corn at the West. Prime fat hogs are especially wanted for lard.

Arrivals for the week, 13,029; corresponding week last year, 14,500; corresponding week previous year, 21,259.

NEW-YORK COMMON PLEAS, CLERK'S OFFICE,
No. 15 CITY HALL, NEW-YORK, Sept. 26, 1865.

To the Honorable the Board of Supervisors.

GENTLEMEN: The Clerk respectfully represents that, in pursuance of the Act of the Legislature in relation to the Registry, &c., all naturalized citizens are required to furnish certificates of their naturalization in order to be entitled to registry and to vote. The naturalization records of this Court are very numerous, amounting to a hundred thousand or more, and are of so much value and consequence that they can only be permitted to be examined by the Clerks in the office.

Applicants for duplicate certificates are becoming so numerous that the Clerk cannot give the required attention to all, and feeling desirous to afford to the poor and unfortunate citizen who has lost his certificate of naturalization every facility to obtain a duplicate speedily and without fee, he respectfully asks your Honorable Body to authorize him to designate four of the clerks in the office to devote hours after the closing of the office to make the search for papers, it being impossible to perform that duty during the usual office hours, and that such certificates be furnished at a fee of five cents each only, that being the cost of the revenue stamp required, and that such extra compensation be awarded to such clerks for the labor as your Honorable Body may deem proper.

Your obedient servant,
NATHAN'L JARVIS, JR., Clerk.

Whereupon the following was submitted:

Resolved, That the Clerk of the Court of Common Pleas be empowered to furnish duplicate certificates of naturalization to applicants, residents of the County of New-York, at the fee of five cents each, the cost of the revenue stamp required for such certificate, and that he designate four of the clerks in his office to perform the extra duty of searching for and preparing the new certificates, after office hours, until the 5th day of December next.

Which was adopted by the following vote:

Affirmative—Supervisors Davis, Ely, Fox, Purdy, Roche, Shock, Smith, Stewart, Tweed and Wilkinson—10.

And the same was directed to be sent to His Honor the Mayor for approval.

The Special Committee on Salaries, to whom was referred the petitions of Mr. William Anderson, the Stenographer of the General Sessions, for an increase of salary from fifteen hundred to twenty-five hundred dollars per annum, respectfully

REPORT:

That they have duly considered the matter, and find that the reasons assigned for granting the application are valid, to wit: That in May, 1865, the Legislature increased the salaries of the Civil Court Stenographers to twenty-five hundred dollars per annum; that by an oversight of the gentlemen who prepared the amendment to the Code granting such increase the Stenographer of the General Sessions was inadvertently omitted. (See note of E. F. Underhill, esq.) That the duties of the Stenographer of the General Sessions require the exercise of as much skill and expertise as is demanded in the Civil Courts; that in the judgment of Recorder Hoffman and City Judge Russell (the presiding justices of the General Sessions) Mr. Anderson should be placed on the same footing as the other stenographers; and that the recommendation to the enactment of Hon. Anthony Hall, he does more work than any other two short-hand writers in the Civil Courts. Your Committee would further remark that the salaries of all the officers of the General Sessions except Mr. Anderson have been increased.

In view of these facts, your Committee would recommend the adoption of the following:

Resolved, That the salary of William Anderson, the Stenographer of the General Sessions, be increased to twenty-five hundred dollars per annum, in conformity with the compensation accorded to the Civil Court Stenographers, said increase to date from the passage of this resolution.

Which was adopted by the following vote:

Affirmative—Supervisors Davis, Ely, Fox, Purdy, Roche, Shock, Smith, Stewart, Tweed and Wilkinson—10.

And the same was directed to be sent to His Honor the Mayor for approval.
