Dickinson Seminary,
WILLIAMSPORT, PA.

THE Trustees are able now definitely to announce the organization of the institution.

It will open on Thursday the 14th of September, 1848, with ample provision for the accommodation and instruction of youth—both male and female—in the departments of learning pursued in the best Academies.

The course will be thorough and extensive, embracing, in addition to the common and higher English studies—the ancient and modern languages, vocal and instrumental music and various ornamental branches.

TUITION AND OTHER EXPENSES.

Primary Department, (per quarter,)	$2 50
Common English,	3 00
Higher English,	4 00
Ancient Languages,	5 50
Drawing and Painting, (extra,)	2 50
Music, "	10 00
Lectures, "	50

In every instance, tuition must be paid half in advance.

Board and lodging can be had in private families at $1 50. The erection of extensive boarding houses is contemplated at the earliest practicable period.

Young men disposed to unite in clubs and board themselves can reduce the expense one-half.

Education in its highest and purest sense, is the cherished aim in this enterprise. The mind should be trained not for this life only, but for its whole life—for heaven as well as earth. Accordingly the most assiduous and prayerful attention will be paid to the spiritual interests of the pupils, and with this great object in view the trustees have selected the following board of instruction, to wit:

Rev. THOMAS BOWMAN, A. M., Principal.
Rev. B. H. CREEVER, A. M.
Mrs. SUSAN C CREEVER, Principal of Female Department.
Miss CATHARINE E. CREEVER.

all whom are known and appreciated by the public, as well for their eminent qualifications to impart instructions to youth as for their urbanity and excellence.

The location of Dickinson Seminary is unrivalled, the building is retired and stands on an eminence commanding a wide range of river and mountain scenery of entrancing beauty. The health of the community is extraordinary good. The town is accessible both by Canal and Rail Road, and is among the most beautiful rural settlements in the Union.—Communications address to the secretary of the board will receive attention.

LOOK OUT FOR FRAUD.

The triumphant success of Andrews Pain Killer in removing the causes that produce death, the untimely death of millions of our race, has induced some men of whom it may be truly said, their villainous occupations manifest their villainy, to attempt to put in circulation spurious and counterfeit articles called "Pain Killer," using fictitious names for the pretended author, forged certificates, &c. STEVYARD'S
Patent Air-Tight
SUMMER AND WINTER COOKING STOVES.

THE above Stove, which is equally well adapted to Wood or Coal, has received silver medals at the fairs of the American Institute, New York; of the Mechanics' Institute, Boston; of the Franklin Institute, Philadelphia; and of the Mechanics' Institute, Wilmington, Delaware.

It is capable, if properly used, of doing more work, with less fuel, than any other Stove yet offered to the public: in winter it will warm the largest kitchen, while in summer, with the summer dress attached, it throws out no more heat than a charcoal furnace; and for boiling, broiling, baking, or roasting, it cannot be surpassed by any other Stove, open fire, or brick oven.

RECOMMENDATIONS.

CERTIFICATE OF THE JUDGES OF THE MECHANICS' INSTITUTE, BOSTON.

We, the subscribers, being chosen Judges by the Massachusetts Charitable Mechanics' Association in Boston, on stoves, furnaces, ranges, &c. would inform the public, that after testing all the cooking stoves that were put into the Fair for exhibition, and letting each man manage his own stove with the same kind of coal, in order to ascertain which would do the same work with the least fuel in the same time, and do it best, we find that Stevart's Patent Summer and Winter Air-Tight Cooking Stove, manufactured by the patentee, of Troy, N. Y., to be the best, as it took but 13 minutes to boil two gallons of water and bake biscuit in the same time, and broil beef steak, and all done in the best manner with seven pounds of coal, in thirty minutes from the time the fire was put into the stove. To which we awarded the silver medal.

"One of the greatest curiosities that our City affords to the stranger, is BENNETT & CO's great clothing store, No. 182 Market Street, between Fifth and Sixth, which has been styled "Tower Hall," from the peculiar finish of the front. The building is an immense one, containing seven capacious rooms, all of which are stocked with every variety of seasonable garments, arranged in the most perfect order and regularity. DR. TOWNSEND'S COMPOUND EXTRACT OF
SARSAPARILLA.

THIS Extract is put up in quart bottles. It is six times stronger, pleasanter, and warranted superior to any sold. It cures diseases without vomiting, purging, sickness, or debilitating the patient, and is particularly adapted for a

FALL AND SPRING MEDICINE.

The great beauty and superiority of this Sarsaparilla over other remedies is, while it eradicates disease,

It invigorates the body.
Consumption cured.
Cleanse and Strengthen.
Consumption can be cured.

Bronchitis, Consumption, Liver Complaint, Colds, Coughs, Catarrh, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult and Profuse Expectoration, and Pain in the Side, &c., &c., have and can be cured.

Probably there never was a remedy that has been so successful in desperate cases of consumption as this; it cleanses and strengthens the system, and appears to heal the ulcers on the lungs, and patients gradually regain their usual health and strength.

CURIOUS CASE OF CONSUMPTION.

There is scarcely a day passes but there are a number of cases of consumption reported as cured by the use of Dr Townsen's Sarsaparilla. The following was recently received:

Dr. TOWNSEND—Dear Sir: For the last three years I have been afflicted with general debility, and nervous consumption of the last stage, and did not expect to ever gain my health at all. After going through a course of medicine under the care of some of the most distinguished regular physicians and members of the Board of Health in New York and elsewhere, and spending the most of my earnings in attempting to regain my health, and after reading in some paper of your Sarsaparilla I resolved to try it. After using six bottles I found it done me great good, and called to see you at your office; with your advice I kept on, and do most heartily thank you for your advice. I persevere in taking the Sarsaparilla, and have been able to attend to my usual labors for the last four months, and I hope by the blessings of God and your Sarsaparilla to continue my health. It helped me beyond the expectations of all who knew my case. CHARLES QUIMBY

SPITTING BLOOD.

Read the following, and say that consumption is in incurable if you can:

New York, April 23, 1847.

Dr. TOWNSEND: I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad cough. It became worse and worse, at last I raised large quantities of blood, had night sweats and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla but a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city.—I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results. Your obedient servant. WM. RUSSELL, 63 Catharine st.

LOST HER SPEECH.

The annexed certificate tells a simple and truthful story of suffering and relief. There are thousands of similar cases in this city and Brooklyn, and yet there are thousands of parents let their children die for fear of being humbugged or to save a few shillings.

Brooklyn, Sept. 13, 1847.

Dr. TOWNSEND: I take pleasure in stating, for the benefit of those whom it may concern, that my daughter, two years and six months old, was afflicted with general debility and loss of speech. She was given up as past recovery by our family physician; but fortunately I was recommended by a friend to try your Sarsaparilla. Before having used one bottle she recovered her speech and was enabled to walk alone, to the astonishment of all who were acquainted with the circumstances. She is now quite well, and in much better health than she has been for 18 months past. JOSEPH TAYLOR, 128 York st., Brooklyn.

TWO CHILDREN SAVED.

Very few families indeed—in fact we have not heard of one—that used Dr. Townsend's Sarsaparilla in time, lost any children the past Summer, while those that did not, sickened and died. The certificate we publish below is conclusive evidence of its value, and is only another instance of its saving the lives of children:

Dr. TOWNSEND—Dear Sir: I had two children cured by your Sarsaparilla of the summer complaint and dysentery; one was only 15 month old and the other 3 years. They were very much reduced, and we expected they would die; they were given up by two respectable physicians. When the doctor informed us that we must lose them, we resolved to try your Sarsaparilla we had heard so much of, but had little confidence, there being so much stuff advertised that is worthless; but we are thankful that we did, for it undoubtedly saved the lives of both. I write this that others may be induced to use it. Yours, respectfully,

JOHN WILSON, Jr.

Myrtle-avenue, Brooklyn, Sept. 15, 1847.

TO THE LADIES.

GREAT FEMALE MEDICINE.

Dr. TOWNSEND'S SARSAPARILLA is a sovereign and speedy cure for incipient consumption, and for the general prostration of the system—no matter whether the result of inherent cause or causes, produced by irregularity, illness or accident.

Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and lassitude, from taking it at once become robust and full of energy under its influence. It immediately counteracts the nervelessness of the female frame, which is the great cause barrenness.

It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted that hundreds of cases have been reported to us.

Dr. TOWNSEND: My wife being greatly distressed by weakness and general debility, and suffering continually by pain and with other difficulties, and having known cases where your medicine has effected great cures; and also hearing it recommended for such cases as I have described, I obtained a bottle of your Extract of Sarsaparilla and followed the directions you gave me. In a short period it removed her complaints and restored her to health. Being greatful for the benefits she received, I take pleasure in thus acknowledging it, and recommending it to the public.

DYSPEPSIA.

No fluid or medicine has ever been discovered which so nearly resembles the gastric juice or saliva in decomposing food and strengthening the organs of digestion as this preparation of Sarsaparilla. It positively cures every case of dyspepsia, however severe or chronic.

Bank Department, Albany, May 10, 1845.

Dr. Townsend—Sir: I have been afflicted for several years with dyspepsia in its worst form, attended with sourness of stomach, loss of appetite, extreme heartburn, and a great aversion to all kinds of food, and for weeks, (what I could eat) I have been unable to retain but a small portion on my stomach. I tried the usual remedies, but they had but little or no effect in removing the complaint. I was induced, about two months since, to try your Extract of Sarsaparilla, and I must say with little confidence; but after using nearly two bottles, I found my appetite restored and the heartburn entirely removed; and I would earnestly recommend the use of it to those who have been afflicted as I have been.
