SATURDAY, Oct. 28—P. M.

Gold was steady throughout the day at 145½@145¾. The export for the week was $930,914, making since January 1, $25,221,801.

Government Securities, without exception, were lower, the fall averaging ⅛@⅜. Railway Stocks were generally higher and firm, under a free supply of money to brokers at 7 per cent, and a general impression that for some time call loans would be abundant at less than legal rates. Among speculators the theory generally prevails that the termination of the funding scheme insures a surplus of money for short engagements, which will be found in stocks, with the usual effect upon prices.

Exchange was dull, and first class bills were held as follows: Bankers' Sterling, 60 days, 108½@109; Bankers' Sterling, 3 days, 110; Merchants' 108@108½; Francs, 5.20½@5.17½; Francs, short date, 5.16½@5.15.

The money market is much easier and closes in favor of the borrower, upon long as well as short engagements.

The exchanges are now in favor of New-York from the West, and so scarce is exchange that currency is flowing to this city in quite large amounts. Stock houses had more offered at 7 per cent than could be used, and at this rate sales were made of a larger selection of commercial paper. The latter is quoted at 7@8 for choice, 9@10 for good, and 11@12 for fair.

The business of the Sub-Treasury was: Receipts, $1,896,931 58—for Customs, $356,000; Payments, $3,580,874 03—on account of Loan, $47,000; Balance, $60,157,697 18.

The Chicago Tribune of Thursday night says:

The Money market at present is chiefly characterized by a scarcity of Eastern Exchange. The balances of Western banks at the East were reduced very low about ten days since—too low for the general business of trade—and the result now is, that the demand for exchange exceeds the supply, and our bankers are almost daily expressing currency to meet their drafts. To-day there was very little exchange making and the market ruled firm at par buying and 1-10 premium selling. Round lots were freely taken by bankers at a premium of 50c. per thousand. The rate of discount is steady at 10 per cent per annum, but private bankers charge in addition 1 per cent commission.

The total imports at New-York have been as follows:

The quantity of Flour, Wheat, Corn and Barley, left at Tide-water during the third week of Oct., in the years 1864 and 1865, was as follows:

	Flour, bbls.	Wheat, bu.	Corn, bu.	Barley, bu.
1864	85,800	310,600	318,000	551,200
1865	34,000	256,000	1,030,700	508,300
Dec.	51,000	Dec. 54,000	Inc. 726,700	Inc. 57,100

The aggregate quantity of the same articles left at Tide-water from the commencement of navigation to the 22d Oct., inclusive, during the years 1864 and 1865, was as follows:

	Flour, bbls.	Wheat, bu.	Corn, bu.	Barley, bu.
1864	308,400	12,702,900	8,542,200	1,440,100
1865	603,100	6,431,900	13,404,400	2,225,000
Dec.	255,000	Dec. 6,270,300	Inc. 4,862,200	Inc. 774,900

By reducing the wheat to flour, the quantity of the latter left at tide-water this year, compared with the corresponding period last year, shows a deficiency of 1,569,000 bbls. flour.

The following comparative table shows the quantity of some of the principal articles of produce left at tide-water from the commencement of navigation to and including the 22d of October, in the years indicated:

The Pottsville Miners' Journal of Saturday says:

The demand for coal has slackened off a little in consequence of the scarcity of vessels at Port Richmond for Eastern ports, which has caused a large accumulation of coal on the wharves, and loaded cars are accumulating at that point also, which must check the trade. Boats have also been very scarce on the Schuylkill Navigation during the week.

The boats now leaving for New-York and other Eastern ports are, no doubt, on their last trip, unless the weather should prove mild later than usual this Fall.

The scarcity of vessels and the accumulation of coal at Port Richmond have affected the prices here to some extent, and coal can be purchased from 50 to 75 cents a tun less, except a few choice kinds specially prepared for retailing. Prices have also declined a shade on board vessels at Port Richmond. Freights, however, will advance, unless vessels should become more plenty.

Freights from Port Richmond to the East have advanced, and they will advance still further as the season advances.

The trade sums up this week as follows, compared with last year:

1864. Week.	Total.	1865. Week.	Total.
198,935	8,757,616	280,825	7,722,630
	7,732,630	198,935	
	924,786	81,890	

The increase this week over the corresponding week last year reaches 81,890 tuns. The supply is now 924,786 tuns short of the supply to same period last year. From 150,000 to 200,000 tuns of this deficiency may be made up before the close of the canals, which will leave the supply for the year about 750,000 tuns short of the supply of last year.

The Schuylkill region has recovered nearly all of the trade that she lost in the earlier portion of the season. The Lehigh and Shamokin regions have increased their supply. The whole deficiency will fall on the Semi Anthracite, and Wyoming and Lackawanna regions, where a powerful combination exists among the working classes, gotten up mainly by a few designing political knaves, and which has resulted, by turnouts, &c., in the loss of a trade of about 750,000 tuns of coal in that valley, shutting out a return of at least two millions of dollars—taxed the consumers in the increased price of fuel about eight millions of dollars; and what have the mass of the poor, unfortunate dupes gained by the operation?

Markets—CAREFULLY REPORTED FOR THE N. Y. TRIBUNE.
SATURDAY, Oct. 28, 1865.

ASHES—There has been no particular change since our last; the demand is very light; sales of Pots at $8@$8 12½, and Pearls at $8 25.

COTTON—There has not been much doing to-day, owing, in a great measure, to a desire on the part of operators to settle up the business of the past week. Prices do not range as high as yesterday, but are somewhat nominal at the close, at about 55c. for Middlings; sales of about 1,200 bales.

COFFEE—Prices are firm for all kinds, but we hear of no important transactions. The reported sale of the cargo per Lord Baltimore, published in some of this morning's papers, did not take place, and the stock of Rio remains the same as yesterday, viz: 32,298 bags.

FLOUR AND MEAL—The demand for Western and State Flour is light, and we have to note a falling off of 10c. on common brands and 10@25c. on Family brands; the arrivals are ample; the sales are 6,300 bbls., at $7 40@$7 70 for Superfine State; $7 90@$8 20 for Extra State; $8 25@$8 50 for Fancy State; $8 45@$8 40 for the low grades of Western Extra; $8 75@$9 00 for Shipping Ohio; $9@$11 75 for Trade do., and $10@$16 for St. Louis Extras, and small lots do. at 25@50c. higher.
