Miscellaneous Matter.

WONDERFUL TELEGRAPHIC FEAT.

One of the most astonishing feats in telegraphing has just been accomplished between this city and St. Louis, Mo., in the transmission of the President's Message between the two cities. Messrs. O'Reilly, of the Atlantic and Lake Telegraph Company, and H. J. Rogers, of the American Telegraph Company, wishing to prove beyond all cavail that the *lightning line* could be made available for the transmission of large documents as well as for short messages, determined to take advantage of the President's Message as a test little thinking at the time that it would be of the very inordinate length it has proved to be. For this purpose they stationed the most experienced operators on the various lines under their charge, extending from Baltimore to St. Louis, Mo., the starting point being in this city, where the Message was received at 25 minutes before 2 o'clock, by Government Express from Washington, and by horse express from the Mount Clare Depot to the telegraph office in the Exchange. Messrs Reddish and Hough, of Philadelphia, connected with the O'Reilly line, having been detailed for the most important part of the duty to be performed, that of writing the entire document in Baltimore, commenced their arduous task on Tuesday, shortly after its receipt, and at a few minutes before 2 o'clock yesterday afternoon finished their almost Herculean undertaking—at which hour the signature of JAMES K. POLK and the Washington date were written as plainly and legibly as the caption had been, 24 hours previously. The two operators were at work, relieving each other occasionally, during the entire time, with the exception of a couple of hours yesterday morning, when they were interrupted by a storm at the Western end of the line. They wrote the Message out in full, following the copy *verbatim*, even to the punctuation and paragraphs—a thing not usually done in telegraphing. The operators at this end of the line did not keep a register of the number of words contained in the document but are of the opinion that from the time occupied there cannot be less than *fifty thousand*. In its progress to St. Louis the Message was dropped at the following stations on the line, viz: York, Harrisburg, Carlisle, Chambersburg, Bedford and Pittsburgh, in Pennsylvania, Massillon, Cleveland, Zanesville, Columbus, Dayton, and Cincinnati, in Ohio; Madison and Evansville, in Indiana; Louisville, in Kentucky; and Saline, in Illinois; a large portion of the Message reached Buffalo, New York, but the connection was broken off by a storm prevailing at that end of the line before its completion; it was also received at all the minor intermediate stations between this city and Evansville, Indiana—the above mentioned placed having all acknowledged its receipt entire. This is truly a wonderful performance, and the gentlemen connected with the enterprise have succeeded in their arduous undertaking in a manner proving them to be able to accomplish anything they may make up their minds to do in the telegraphing line. The idea of document filling twelve columns of the Washington Union, or upwards of eight closely printed columns of the *American*, appearing in print in a city nearly *one thousand* miles distant from Washington, twenty-four hours after its delivery, is almost beyond belief, and is, perhaps, one of the greatest feats ever performed in this or any other country. As the enterprise was conceived and carried out by Messrs. O'Reilly and Rogers gratuitously, they certainly deserve and will no doubt receive the thanks of the entire Western press.—*Baltimore American.*

HE HAD HER THERE!

A very respectable looking lady stepped into a store on Washington street, a few days ago, to buy a steel recticule; the clerk handed out a variety of all sorts, sizes, and prices of which the lady deliberately viewed, handled and commented upon; until at length having made her selection of a small one, $2,50, she gave the clerk a ten dollar note to deduct that amount; the clerk went to the desk, and returning, gave the latter change.

"Why, here's but two dollars and a half!" says she.

"Exactly, madam," replied the clerk.

"Well, but I give you a ten dollar bill, sir!"

"Precisely madam," said the polite clerk.

"This bag is two dollars and a half, is it not?" says the lady, holding forth the purchased reticule.

"Two dollars and a half is the price, madam."

"Then why do you take out seven dollars and a half sir?"

"Why madam, this reticule is two dollars and a half—"

"Very well, sir," says the lady.

"And that one attached to your dress, beneath your cardinal *is five dollars more!*" said the complaisant clerk, raising up the lady's cardinal and displaying a very handsome steel bead reticule, there secreted. The lady became quite agitated, but the humane clerk assured her it was all perfectly right.

"You don't for a moment suppose, sir?" said the lady, in a low and husky voice "that I intended—"

"O! certainly not madam!" said the clerk.

"O, it's all right, madam, perfectly correct," continued the clerk.

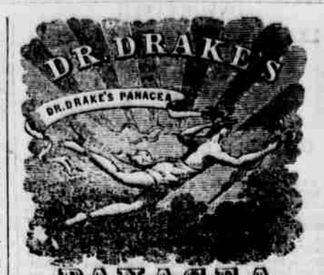
"Good morning, sir," said the lady bowing and grinning a ghastly smile.

"Good morning," responded the gentlemanly clerk, bowing the lady safely off out of the premises. No fancy sketch this.—*Boston Mail.*

The port of St. Francisco is avoided by all vessels. All the U. S. ships stop at the Sandwich Islands. The New York volunteers have bid adieu to their captain in a body, stating that they would hand over in a day or so the sum they were to be paid for their service for the term of their enlistment.

CLASSICAL PUN.—The completest pun on the records of literature is produced in the following words which were inscribed on a tea-chest: *Tu doces* (Thou teachest.)

The papers have very generally come to the conclusion that trout can be tickled. A Providence editor has set this important question at rest forever.



PANACEA

THE ONLY RADICAL CURE FOR

CONSUMPTION!!

Scrofula or King's Evil, Rheumatism, Obstinate Cutaneous Eruptions, Pimples or Pustules on the face, Blotches, Biles, Chronic Sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and joints, Stubborn Ulcers, Syphilitic Symptoms, Sciatics or Lumbago, diseases arising from an injudicious use of Mercury, Dropsy, Exposure or Imprudence in life; also, Chronic Constitutional Disorders.

In this medicine several innocent but very potent articles of the vegetable kingdom are united, forming a compound entirely different in its character and properties from any other preparation, and unrivalled in its operation on the system when laboring under disease. It should be in the hands of every person, who, by business, or general course of life, is predisposed to the very many ailments that render life a curse, instead of a blessing, and so often result in death.

FOR SCROFULA.

Dr. Drake's Panacea is recommended as a certain remedy. Not one instance of its failure has ever occurred when freely used! It cures the disease and at the same time imparts vigor to the whole system. Scrofulous persons can never pay too much attention to the state of their blood. Its purification should be their first aim; for perseverance will accomplish a cure of EVEN HEREDITARY disease.

FOR ERUPTIONS OF THE SKIN.

Scurvy, Scorbutic Affections, Tumors, White Swelling, Erysipelas, Ulcers, Cancers, Running Sores, Scabs and Biles, Dr. Drake's Panacea cannot be too highly extolled; it searches out the very root of the disease, and permanent.

INDIGESTION OR DYSPEPSIA.

No medicine perhaps has ever been discovered which gives so much tone to the stomach and it causes the secretion of a healthy gastric juice to decompose the food as Dr. Drake's Panacea

RHUEMATISM.

Dr. Drake's Panacea is used with the greatest success in Rheumatic Complaints, especially such as chronic. It cures by driving out all impurities and foul humours which have accumulated in the system, which are the cause of Rheumatism, Gout, and Swellings of the joints. Other remedies sometimes give temporary relief; this entirely eradicates the disease from the system, even when the limbs and bones are dreadfully swollen.

CONSUMPTION.

CONSUMPTION CAN BE CURED.—Coughs, Catarrh, Bronchitis, Spitting of Blood, Asthma, Difficult or profuse Expectoration, Hectic Flush, Night Sweats, Pain in the side &c. have been cured, and can be with as much certainty as any other disease. A specific has long been sought for, but in vain until the discovery of Dr. Drake's Panacea. It is mild and safe but certain and efficacious in its operation, and cannot possibly injure the most delicate constitution. We would earnestly recommend those afflicted to give it a trial—and we believe they will not have occasion to regret it. The system is cleansed and strengthened, the ulcers on the lungs are healed, and the patients gradually regain their usual health and strength. Read the following:

TESTIMONY.

PHILA., Dec. 14th, 1847.

DEAR SIR:—In reply to your question respecting the use of Dr. Drake's Panacea, I will say, that although a perfect disbeliever in the existence of a PANACEA, or cure for ALL diseases, however valuable it may be in certain conditions of the system, still I have believed that a cure for Consumption would be discovered sooner or later, and curiosity led me to try your medicine in two very inveterate cases. They were pronounced by the attending physicians to be PULMONARY CONSUMPTION, and abandoned by them as INCURABLE. One of the persons had been under the treatment of several very able practitioners for a number of years, and they said she had "old fashioned Consumption combine with Scrofula," and that she might linger for some time but could not be permanently relieved. In both cases the effect of the Panacea has been most gratifying. Only four or five bottles were used by one of the persons before she began to improve rapidly. The other took about ten. I will only add that familiar as I am with consumption by inheritance and by extensive observation as a study, and knowing also the injurious effects in nine cases out of ten of tar, boneset, and other vegetable tonics, as well as of many of the expectorants and sedatives, I should never have recommended the use of Drake's Panacea if I had not been acquainted with the ingredients. Suffice it to say that those are recommended by our most popular and scientific physicians, and in their present combined state, form probably the best alterative that has ever been made. The cure is in accordance with a theory of Consumption broached in France a few years ago, by one of her most eminent writers on medicine, and now established by facts which admit of no dispute.

Very Respectfully Yours, L. C. GUNN.

To use the language of another, "Dr. Drake's Panacea is always salutary in its effects—never injurious. It is not a Opiate—it is not and Expectorant. It is not intended to lull the invalid into a fatal security. It is a great remedy—a grand healing and curative compound, the great and only remedy which medical science and skill has yet produced for the treatment of this hitherto unvanquished malady. And no person afflicted with this dread disease, will be just to himself and his friends, if he go down to the grave without testing its virtues. A single bottle, in most cases, will produce a favorable change in the condition of any patient, however low."

TO THE LADIES.

Ladies of pale complexion and consumptive habits, and such as are debilitated by those obstructions which females are liable to, are restored by the use of a bottle or two, to bloom vigor. It is by far the best remedy ever discovered for weakly children, and such as have bad humors; being pleasant, they take it. It immediately restores the appetite, strength and color.

Nothing can be more surprising than its invigorating effects on the human frame. Persons, all weakness and lassitude before taking it, at once become robust and full of energy under its influence. It immediate counteracts the nervelessness of the female frame.

CAUTION.—Be careful and see that you get the genuine Dr. DRAKE'S PANACEA—it has the signature of GEO. F. STORRS on the wrapper—and also the name "DR. DRAKE'S PANACEA, PHILA." blown in the glass.

Prepared only by STORRS & Co., Druggists, No. 21 North Sixth St., Philadelphia.

Agent for Sunbury—H. MASSER.

Sold also by WM. A. MURRAY & Co., Danville, H. SHARPE, Milton; MARY MCCOY, Northumberland; E. P. LUTZ, Bloomsburg.

SALAMANDER,

FIRE AND THIEF PROOF CHESTS,

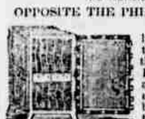
FIRE-PROOF DOORS FOR BANKS AND STORES

Seal and Letter-Copying Presses, Patent Slate-Lined Refrigerators, Water Filters, Patent Portable Water Closets, intended for the Sick and Infirm.

EVANS & WATSON,

76 *South Third Street*,

OPPOSITE THE PHILADELPHIA EXCHANGE.



Manufacture and keep constantly on hand, a large assortment of the above articles, together with their Patent Improved Salamander FIRE-PROOF SAFES, which are so constructed as to set at rest all manner of doubts as to their being strictly fire-proof, and that they will resist the fire of any building. The outside cases of these Safes are made of boiler iron, the inside case of soapstone, and between the outer case and inner case is a space of some three inches thick, and is filled in with indestructible material, so as to make it an impossibility to burn any of the contents inside of this Chest. These Soapstone Salamanders we are prepared and do challenge the world to produce any article in the shape of Book Safes that will stand as much heat, and we hold ourselves ready at all times to have them fairly tested by public bonfire. We also continue to manufacture a large and general assortment of our Premium Air-tight Fire Preof Safes of which there are over 800 now in use, and in every instance they have given entire satisfaction to the purchasers—of which we will refer the public to a few gentlemen who have them in use

Haywood & Snyder, Pottsville; Joseph G. Lawton Pottsville; Mr. William Carr, Doylestown, Pa.

N. & G. Taylor, 120 north 3d st.; A Wright & Nephew Vine st. wharf; Alexander Caror, Conveyancer, corner of Filbert and 4th sts.; John M. Ford, 32 north 3d st.; Myers Bush, 20 north 3d st.; James M. Paul, 101 south 4th st.; Dr. David Jayne, 8 south 3d st.; Mathew T. Miller, 20 south 3d st.; and we could name some hundreds of others if it were necessary. Now we invite the attention of the public, and particularly those in want of Fire Proof Safes, to call at our store before purchasing elsewhere, and we can satisfy them they will get a better and cheaper article at our store than at any other establishment in the city.

We also manufacture the ordinary Fire Proof Chests, at at very low prices, cheaper than they can be bought at any other store in Philadelphia.

DAVID EVANS,
JOHANNES WATSON.

Philadelphia, April 8, 1848—1y

George J. Weaver,

ROPE MAKER & SHIP CHANDLER.

No. 19 Water Street and No. 11 North Wharves Philadelphia.

HAS constantly on hand, a general assortment of Cordage, Seine Twines, &c., viz: Tar'd Ropes, Fishing Ropes, White Ropes, Manilla Ropes, Tow Lines for Canal Boats. Also, a complete assortment of Seine Twines, &c. such as Hemp Shad and Herring Twine, Best Patent Gill Net Twine, Cotton Shad and Herring Twine, Shoe Threads, &c. &c. Also, Bed Cords, Plough Lines, Halters, Traces, Cotton and Linen Carpet Chains, &c., all of which he will dispose of on reasonable terms.

Philadelphia, June 24, 1848.—1y

THOMAS C. GARRETT & CO.

Their stock of JEWELRY is large and of the most fashionable kind, and they are well supplied with Silver Spoons, Forks, Mugs, Napkin Rings, Butter Knives, &c., and without making any display of prices in the public prints, they are prepared to sell as low as those who do, and invite persons wishing to purchase to call.

Philadelphia, June 10, 1848.—6m

Pictorial Edition of d'Aubigne's great Work on the Reformation

OF THE SIXTEENTH CENTURY IN GERMANY, SWITZERLAND, &C.—Will be published on or about the 1st of April, 1848, by JOS. A. SPEEL, No. 96 Cherry st. above 6th, his splendid 12mo edition of the above named work, with 18 engraved illustrations from original designs; 4 vols in 2, bound in extra cloth and library sheep.

The publisher respectfully calls the attention of the trade and the public generally, to this work being the only illustrated edition published in the United States—He trusts that the beauty of its embellishments, the strong and substantial manner in which it is bound, in conjunction with the known popularity of the work itself, will be a sure recommendation to public favor.

JOS. A. SPEEL, 96 Cherry st. above 6th.

J. A. S has also lately published, a new and beautiful Edition of Sergeant Bell's Raree Show, a suitable book for children, neatly done up in extra cloth.

Philadelphia, April 1, 1848—

FEVER & AGUE

Chill Fever, Dumb Ague, Intermittent & Remittent Fevers & all the various forms of Bilious Diseases

SPEEDILY & THOROUGHLY CURED

by Dr. Osgood's India Cholagogue

IN presenting the public with a remedy for the treatment and cure of FEVER AND AGUE and other bilious diseases, no apology is needed. Vast numbers in the United States, who suffer from these affections in their varied forms, are compelled to seek relief from other sources than the immediate prescriptions of the regular physician. It becomes therefore an object of humanity, as well as of public interest, to bring before them a remedy prepared from much experience, and which may always be relied upon as SAFE, EFFECTUAL, AND HARMLESS TO THE CONSTITUTION. That such is the true character of the INDIA CHOLAGOGUE, is amply attested by the universal success with which it has been employed.

☞ Extract from a communication of the Hon. WILLIAM WOODBRIDGE, of the U. S. Senate, late Governor of Michigan.

DETROIT, Oct. 21, 1846.

DOCTOR CHARLES OSGOOD,

DEAR SIR,—I have read with much interest, your little TREATISE upon the "causes, treatment and cure" of the febrile diseases which have so extensively prevailed in our country during the last few months—an interest increased no doubt, by the fact that I have individually suffered so much from them. Though I feel myself very incompetent to judge safely upon a subject so entirely professional, yet your theory seems to me well reasoned, and your conclusions just, and I think withal, that your pamphlet is calculated to produce much practical good.

Speaking of the medicine he says:—It fully justified your flattering expectations, and as a safe, convenient, and popular remedy, my own experience, so far, induces me to believe that it will prove a great public benefit. I am pleased to learn that you have recently established several agencies for its dispositon—though I regret that, with a view to a more general dissemination of it, you should have found it necessary to remove from your present residence among us.

With much respect I have the honor to be, sir,

Your obliged servant,

WILLIAM WOODBRIDGE.

☞ From Hon. STEPHEN V. R. TROWBRIDGE, of Michigan State Senate, to the Agent at Detroit.

BIRMINGHAM, OAKLAND CO., Dec. 13, 1841.

Sir—you wish me to inform you what I know of Dr. Osgood's India Chobagogue, or anti-bilious medicine. I do believe that if the virtue and efficacy of this medicine were generally known, the FEVER AND AGUE would disappear in Michigan.

I procured a bottle in the spring of 1841, and have good reason to believe that myself and family escaped the ague last season in consequence of its use.

Perhaps in no summer since the settlement of this fine peninsula, has the fever and ague been so prevalent as the last. I have recommended this medicine in numerous instances, and when the disease had become fixed and baffled the skill of physicians; and I have never known it fail. It has universally produced the most happy effects, and I believe it has never been exceeded by any medicine in removing the bilious diseases of the climate.

Yours, respectfully,

STEPHEN V. R. TROWBRIDGE.

CARD—Dealers in Cutlery, will find the above Stock worthy their attention, as the Subscriber's chief business is importing and selling cutlery.

Philadelphia, June 10th, 1848—1y.

PHILADELPHIA

MEDICAL HOUSE,

Established 15 years ago, by Dr. KINKELIN.

The oldest, surest and best hand to cure all forms of secret diseases, diseases of the skin and solitary habits of youth, is

DR. KINKELIN,

N. W. corner of 3d and Union sts., between Spruce and Pine, 1½ squares from the Exchange.

YOUNG MEN! if you value your life or your health, remember, the delay of a month, nay, even a week, may prove your ruin, both of body and mind. Hence let no false modesty deter you from making your case known to one who, from education and respectability, can alone befriend you. He who places himself under Dr. KINKELIN'S treatment, may religiously confide in his honor as a gentleman, and in whose bosom will be forever locked the secret of the patient.

Too many think they will hug the secret to their own hearts, and cure themselves, Alas! how often is this a fatal delusion, and how many a promising young man, who might have been an ornament to society, has faded from the earth.

COUNTRY INVALIDS,

finding it inconvenient to make personal application, can, by stating their case explicitly, together with all their symptoms, (per letter, post-paid,) have forwarded to them a chest containing Dr. K's medicines appropriated accordingly.

Packages of Medicines forwarded to any part of the United States at a moment's notice.

☞ POST PAID LETTERS, addressed to Dr. KINKELIN, Philadelphia, will be promptly attended to Oct. 30th, 1847.—1y

S. J. MEGARGEE & CO.

IMPORTING AND COMMISSION MERCHANTS,

And Dealers in Paper, and Paper Manufacturers' Materials.

No. 32 Commerce st., PHILADELPHIA.

KEEP constantly on hand a large assortment of printing and other paper. Newspapers in the country, can be supplied at all times, with paper of any size and quality, at the lowest prices.

Philadelphia, June 17th, 1848.—

M'ALLISTER'S OINTMENT.

IT has power to cause all EXTERNAL SORES, SCROFULOUS humors, SKIN DISEASES, POISONOUS WOUNDS to discharge their putrid matters, and then heals them.

It is richly termed All-healing, for there is scarcely a disease, external or internal, that it will not benefit. I have used it for the last fourteen years for all diseases of the chest, consumption and liver, involving the utmost danger and responsibility, and I declare before heaven and man, that not in one single case has it failed to benefit when the patient was within the reach of mortal means.

I have had physicians, learned in the profession, I have had ministers of the gospel, judges of the bench, aldermen, lawyers, gentlemen of the highest erudition, and multitudes of the poor use it in every variety of way, and there has been but one voice—one universal voice—saying: "M'Allister, your Ointment is GOOD."

In Scrofula, Old Sores, Erysepelas, Tetter Liver Complaint, Sore Eyes, Quinsy, Sore Throat, Bronchitis, Broken or Sore Breast, Piles, all Chest Diseases, such as Asthma, Oppressions, Pain—Also, Sore Lips, Chapped Hands, Tumors, Children's Cutaneous Eruptions, Nervous Diseases, and of the Spine, there is no medicine now known as good.

SCALD HEAD.—We have cured cases that actually defied every thing known, as well as the ability of 15 or 20 doctors. One man told us he had spent $300 on his children without any benefit, when a few boxes of Ointment cured them.

BALDNESS.—It will restore the hair sooner than any other thing.

HEADACHE—The salve has cured persons of the headache of 12 years' standing, and who had it regular every week, so that vomiting often took place. DEAFNESS, EAR ACHE, AND AGUE IN THE FACE, are cured by this Ointment with like success.

BURNS.—It is one of the best things in the world for Burns. (Read the directions around the box.)

RHEUMATISM.—It removes almost immediately the inflamation and swelling when the pain ceases. (Read the Directions around the Box.)

COLD FEET.—Consumption, Liver Complaint, Pain in the chest or side, falling off of the hair, one or the other always accompanies cold feet. (This Ointment is the true remedy.) It is a sure sign of disease to have cold feet.

TETTER.—There is nothing better for the cure of Tetter.

PILES.—Thousands are yearly cured by this Ointment.

CORNS.—Occasional use of the Ointment will always keep Corns from growing. People need never be troubled with them if they will use it.

Read the following Communication,

Received from an old, respected and well known citizen of Philadalphia, and then judge for yourself:

Philadelphia, 10 mo., 13th, 1846.

To T. B. Peterson,—Having been requested to give my opinion on the merits of M'ALLISTER'S SALVE, I am willing to enumerate some of the benefits which I have experienced in the use of the article.

In the spring of 1845, I had an attack of Erysipelas in my face which became very painful, and extended into one of my eyes, being attended with fever, my distress was great and I began to be fearful of losing my eye.

Although not much of a believer in what is commonly called quack medicines, I purchased a box and made an application to my face. To my surprise the pain soon abated, and in a week's time it was entirely cured, and I firmly believe that it was the salve, under Providence that cured me.

From that time to the present, I have used the article as occasion required, and in every case where I have used it, I have found a decided benefit.

At one time, on going to bed at night, my throat was so sore that I swallowed with difficulty, but by an application of the salve I was relieved before morning.

I have used it in case of burns, bruises, sprains, and flesh cuts, all with the happiest effects, and one case of poisoning by a wild vine in the woods, has been dried up and cured by a few applications.

From my own experience, I would strongly recommend it to all, as a cheap, convenient, family medicine.

I have become so partial to it, that I expect to keep it constantly in my family.

Though not ambitious to appear in print, yet I cannot refuse to have this communication made public if judged best to serve the cause of humanity.

Respectfully thine,

WM. ADAMS,

No. 26, Old York Road.

CAUTION.—No Ointment will be genuine unless the names of James M'Allister, or James M'Allister & Co., are written with a pen on every label.

JAMES M'ALLISTER.

Sole proprietor of the above medicine.

VENI, VIDI, VICI.—Dr. ALLEN'S VEGETABLE COMPOUND, for the cure of DYSPEPSIA, LIVER COMPLAINT, NERVOUS DEBILITY, BILIOUS AFFECTIONS, &c. This Medicine is offered to the public under the assurance that there is no article in existence having stronger claims to their consideration. Being compounded by a regular Graduate of Jefferson College, Philadelphia, and a practising physician of twenty years' standing in Philadelphia, his long experience has confirmed him in the opinion that a compound medicine was required to prevent and remedy the debilitation produced by residing in low, miasmatic climates, and to counteract the pro-trating influences of many nervous disorders with which the human family are afflicted.

DR. ALLEN is a well known physician, and has used the above medicine in his practice for 8 years with the most astonishing effect, having tested its qualities in above

FIVE THOUSAND CASES.

No medicine ever received more flattering recommendations from physicians of eminent standing than has been bestowed on this.

DYSPEPSIA OR INDIGESTION AND ITS CONSEQUENCES.—An eminent Professor says:—"It chiefly arises in persons who lead either a very sedentary or irregular life. Although not regarded as a fatal disease; yet if neglected or improperly treated, may bring on incurable Melancholy, Jaundice, Madness, or Vertigo, Palsy and Apoplexy. A great singularity attendant on it is, that it may and often does continue a great length of time without any remission of the symptoms.

CAUSES.—Grief and uneasiness of mind, intense study, profuse evacuations, excess in venery, excessive use of spirituous liquors, tea, tobacco, opium, and other narcotics, immoderate repletion, over distention of the stomach, a deficiency of the secretion of the bile or gastric juice, exposure to cold and damp air, are the chief causes of this disease.

SYMPTOMS.—Loss of appetite, nauses, heartburn, acidity, and fœtid eructations, gnawing of the stomach when empty, uneasiness in the throat, pain in the side, costiveness, chillness, languor, lowness of spirits, palpitations, and disturbed sleep."

TREATMENT.—*DR. ALLEN'S VEGETABLE COMPOUND* has never failed in affording immediate relief, and a radical cure for this disease.

☞ This Medicine can be had of H. B Masser, Sunbury; J. C. Martin, Pott-ville, Medlar & Bickel, Orwigsburg; and of Druggists generally.

ALLEN & WARD, Proprietors.

Philadelphia, Nov. 27, 1847.—eq 1y

BOARDING.

THE subscriber is prepared to receive and accommodate a few transient or permanent *Boarders*, at her residence in Sunbury. The location is in a handsome and pleasant part of the town, commanding a fine view of the Susquehanna, Northumberland and the scenery adjacent.—To persons from the city, who wish to spend a few months during the summer season, Sunbury affords a delightful retreat.

☞ On all banks marked thus (*) there are either counterfeit or altered notes of the various denominations, in circulation.

Time and Distance Saved!

SUNBURY FERRY.

THE subscribers having leased the Sunbury Ferry, beg leave to inform the public, that they are prepared to convey Teams, Pleasure Carriages and Foot passengers across the river with safety and without delay. They have provided themselves with new and commodious crafts, which will always be attended with able and careful hands.

Persons travelling to and from and through Sunbury to New Berlin, Lewisburg, Hartleton and other places, will find it greatly to their advantage to cross at this Ferry instead of the Bridges, as they would save from two to four miles in distance.

JOHN SPEECE.
LEWIS LENHART.

Sunbury, April 1, 1848—

C. BENKERT,

BOOT MAKER,

No. 40,

SOUTH FOURTH STREET, ABOVE CHESTNUT.

PHILADELPHIA.

Jan. 29th, 1848—

DR. SWEETSER'S PANACEA.

THIS Medicine is warranted, on oath, not to contain a particle of Calomel, Corrosive Sublimate, Arsenic, Chloride of Gold, or any deleterious minerals.

The principle upon which this Medicine acts, is by assisting and harmonising with nature; it drives out all foul scrimonious humors from the blood and body, and by assimilating with and strengthening the gastric juice of the stomach, it assists digestion; in short there is not a vein, artery, muscle or nerve in the human body, that is not strengthened by the PANACEA, and it also possesses the remarkable property of removing mercury from the bones and joints.

FOR ERUPTIONS OF THE SKIN,

Scurvy, Scorbutic Affections, Tumors, Scrofula or Kings' Evi, White Swellings, Erysipelas, Ulcers, Cancers, Running Sores, Scabs and Biles, time and a determined perseverance in D. SWEETSER'S PANACEA, will effect a cure.

FOR INDIGESTION.

Rejection of
