Help Wanted.

AGENTS WANTED for HORACE GREELEY'S HISTORY OF THE WAR—"THE AMERICAN CONFLICT"—MORE THAN 100,000 COPIES ALREADY SOLD.

The high character of this work has gained for it a reputation, even among the author's political opponents, accorded to no other history of the war. As a complete, lucid, impartial and authentic record of events, marked throughout by great care, discrimination and painstaking effort—inimitable alike in conception of plan and excellence of detail—it has no rival.

The great superiority of GREELEY'S HISTORY over all others is most emphatically attested by public men and the press of all parties; while, among its purchasers, it is everywhere conceded to be the most satisfactory work ever sold by Agents. This estimate is rendered still more significant by the fact that thousands of purchasers of the numerous inferior books, so loudly heralded as "standard" histories of the war, have already laid them aside and subscribed for this work.

Energetic efficient canvassers are wanted, either on commission or salary, as they may prefer. The success of our Agents may be inferred from the fact that *among a large number of efficient canvassers, no one has left our employ to engage in the sale of any other work.*

AGENTS WANTED—For "THE FIELD, DUNGEON, AND ESCAPE." By ALBERT D. RICHARDSON, N. Y. Tribune Correspondent. The unparalleled sale of 1,000 copies per day is abundant evidence of the popularity of this work. The most interesting and exciting book ever published, embracing Mr. Richardson's unparalleled experience for four years. Traveling through the South in the secret service of The Tribune at the outbreak of the war, with our armies and fleets, both East and West, his thrilling capture, his confinement for twenty months in seven different Rebel prisons, his escape and almost miraculous journey by night of nearly 400 miles. All those who want profitable employment, please send for a Circular. Address AMERICAN PUBLISHING COMPANY, Hartford, Conn.

AGENTS WANTED for ABBOTT'S GREAT HISTORY of the REBELLION, now complete in two large Royal Octavo Volumes of nearly 1,200 pages. It will also be bound in one volume (2 volumes in one) complete. 150,000 copies already sold.

The style of Mr. Abbott is clear, graphic and strikingly dramatic, and is peculiarly adapted to the tastes of the great public. With his vigor and originality of thought, exercised upon a fresh theme of national interest, and his unusual facilities for obtaining the most reliable data, Mr. Abbott has succeeded in writing the most complete history of the war yet published. There are half a dozen other histories of the Rebellion, but none which equal this—none which provide as well for the popular wants. The engravings are all of steel and of the highest character. For a thorough history of the war this work is unsurpassed.

Experienced and energetic agents will find this a rare opportunity to make money.

STEINWAY & SONS' GRAND, SQUARE AND UPRIGHT PIANO-FORTES.

Have taken 57 First Premiums, gold and silver medals, at the Principal Fairs held in this country within the last ten years, and in addition thereto they were awarded a First Prize Medal at the Great International Exhibition in London, 1862, in competition with 200 Pianos from all parts of the World.

That the great superiority of these instruments is now universally conceded is abundantly proven by the FACT that Messrs. Steinway's "scales, improvements, and peculiarities of construction" have been copied by the great majority of the manufacturers of both hemispheres (AS CLOSELY AS COULD BE DONE WITHOUT INFRINGEMENT OF PATENT RIGHTS), and that their instruments are used by the most eminent pianists of Europe and America, who prefer them for their own public and private use, whenever accessible.

STEINWAY & SONS direct special attention to their PATENT AGRAFFE ARRANGEMENT, which, having been practically tested in all their Grand and highest priced Square Pianos, and admitted to be one of the greatest improvements of modern times, will hereafter be introduced in EVERY PIANO MANUFACTURED BY THEM, WITHOUT INCREASE OF COST to the purchaser, in order that ALL their patrons may reap its benefit.

ADAMANTINE BRICK PRESS.

OFFICE OF THE ADAMANTINE BRICK PRESS COMPANY, No. 175 BROADWAY, NEW-YORK.

WE PRESENT to the public the first and only BRICK MACHINE ever invented, which makes PERFECT PRESSED BRICK from pure clay, without a crack or check, and so simple in its construction as to recommend it to general use, as a substitute for any and all brick machines known to the country.

It makes Brick smooth, perfect, and uniform in size and quality; cheaper than common mud brick can be made, and superior to any Philadelphia pressed brick ever offered in market.

The Machines are made with from one to eight molds, and will cost from $760 to $1,500. Two-horse power will run two molds, and two-horse power will run eight molds.

One mold will turn out 7,000 bricks in 10 hours, and eight molds 50,000.

The brick thus made are impervious to moisture, and consequently secure from the action of frost.

They are ready for burning when discharged from the machine—require no handling or drying—and may be immediately subjected to any degree of heat.

By this process of manufacture, the air and moisture are expelled from the clay by means of perforators, which enter the mold when filled, and are suddenly withdrawn, so the brick receives its final pressure consequently, EVERY BRICK BURNS PERFECTLY, WITHOUT CRACKING, CHECKING or WARPING, and EVERY BRICK is PERFECT WHEN IT COMES FROM THE KILN.

The Machine is now in operation in Jersey City, where it can be seen.

It is only necessary for practical business men to see the Machine in operation, and examine its product, to be convinced that it is destined to work an entire revolution in the manufacture of Brick.

We offer for SALE, Rights of States, Counties, Cities, and Towns, upon reasonable terms. Machines furnished to order.
L. C. WOODRUFF, President.
C. L. CORNISH, Treasurer.
J. M. WHITCOMB, Secretary.
