LIFT OIL PRIORITIES.

All priorities on fuel oil and gas oil have been abolished by the United States Fuel Administration, it was announced last night. The former order, creating twelve classes of consumers is completely set aside, the announcement said. All industrial consumers of natural gas are placed on an equal basis, but priorities are still in force for domestic consumers.

PENNSYLVANIA GOVERNOR ANNOUNCES APPOINTEES

PHILADELPHIA, Pa., Dec. 8.—Governor-elect Sproul has announced that Harry Mackey will be retained as head of the Pennsylvania workmen's compensation board and Howard Rooney will remain manager of the State insurance department.

Dr. Edward B. Martin, of this city, is slated to be State health commissioner.

A beautiful 1 15-100 carat Diamond; absolutely perfect... $310

Two matched Diamonds, weigh 4 22-100 carats. Special, $1,100

Adolph Kahn, 935 F St.

Every Good Physician Ought to Prescribe Nuxated Iron

OR SOME FORM OF ORGANIC IRON, SAYS DR. FERDINAND KING, NEW YORK PHYSICIAN AND MEDICAL AUTHOR, IN CERTAIN CASES

To Create Red Blood, Strength and Endurance

Says Sworn Statement of Composition of Formula of Nuxated Iron Printed Below, Should Convince Every Physician and Pharmacist, No Matter How Skeptical, That It Is a Product of Greatest Therapeutic Value.

Both the medical profession and the public at large should give great credit to the manufacturers of Nuxated Iron, says Dr. Ferdinand King, New York physician and medical author, on account of their voluntary act in authorizing the widespread publication of the sworn statement of the composition of the Nuxated Iron formula in newspapers and magazines for the information of the public and for their generous offer to send a signed typewritten copy of the exact formula to all physicians and others interested.

Dr. King further says: "A careful examination of this valuable formula should not only convince the three million people, whom it is estimated are now using it annually in America alone, that they have made no mistake in selecting it, but it should also convince every physician and pharmacist that it is a product of greatest therapeutic value which the general practitioner can prescribe almost daily in his practice with remarkable benefit to his patients, and one which, in my opinion, every good physician should at times prescribe if he wants to do the greatest possible good to those who consult him. There is, I believe, no form of iron which is so valuable as that particular special specific standard which is used in Nuxated Iron, and if a physician has a patient whose condition is one that requires iron, I would most earnestly suggest that no matter what other forms of iron he may prescribe without success, that he should try that particular form used in Nuxated Iron.

"There can be no strong, sturdy iron men, nor beautiful, healthy, rosy-cheeked women, without iron. Pallor means anaemia. Anaemia means iron deficiency. The skin of anaemic men and women is pale; the flesh flabby, the muscles lack tone, the brain fags and the memory fails and they often become weak, nervous, irritable, despondent and melancholy.

"Therefore, if you wish to preserve your vim and vigor to a ripe old age, you must supply the iron deficiency in your food by using some form of organic iron, just as you would use salt when your food has not enough salt."

Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, said: "I have taken Nuxated Iron myself and prescribed it for my patients, and I can truthfully say that it excels any preparation I have ever used for building up delicate, nervous, run-down folks and increasing the red-blood corpuscles, thereby enriching and fortifying the blood against the ravages of disease. Contrary to general opinion, lack of iron in the blood does not necessarily mean you do not have enough blood, but it means your blood is not of the right kind.

"If you feel tired in the mornings; restless at night; if you suffer from weakness or lack of vitality; go to your family doctor and have him take a specimen of your blood and examine it, and if it shows iron deficiency, get him to give you a prescription for organic iron—Nuxated Iron. Do this so as to be sure that you do not get hold of some of the numerous forms of metallic iron preparations on the market, which may do you more harm than good. Or if you do not want to go to this trouble, purchase an original package of Nuxated Iron and see for yourself that the words Nuxated Iron appear on the package. Not Nux and Iron, nor any other form of iron other than Nuxated Iron."

WHAT NUXATED IRON IS MADE FROM

SWORN STATEMENT OF COMPOSITION OF ITS FORMULA

Ask your doctor or druggist or any Pharmaceutical Chemist or Professor of Therapeutics in any Medical College in regard to this formula.

A copy of the actual sworn statement will be sent to anyone who desires it. It is as follows: Iron Peptonate (Special Specific Standard), Quantity given below. Sodium Glycerophosphates U. S. P. (Monsanto), Calcium Glycerophosphates U. S. P. (Monsanto), P. E. Nux Vomica U. S. P., Cascarine Bitter, Magnesium Carbonate, Fo. Ginger U. S. P., Oil Cassia Cinnamon U. S. P., Calcium Carbonate Precip. U. S. P. Each dose of two tablets of Nuxated Iron contains one and one-half grains of organic iron in the form of iron peptonate of a special specific standard, which in our opinion possesses superior qualities to any other known form of iron. By using other makes of Iron Peptonate we could have put the same quantity of actual iron in the tablets at less than one-fourth the cost to us, and by using metallic iron we could have accomplished the same thing at less than one-twelfth the cost, but by so doing we must have most certainly impaired their therapeutic efficacy. Glycerophosphates used in Nuxated Iron is one of the most expensive tonic ingredients known. It is especially recommended to build up the nerve force and thereby increase brain power, as glycerophosphates are said to contain phosphorus in that particular state so similar to that in which it is found in the nerve and brain cells of men.

As will be seen from the above, two important ingredients of Nuxated Iron (Iron Peptonate and Glycerophosphates) are very expensive products as compared with most other tonics.

Under such circumstances the temptation to adulteration and substitution by unscrupulous persons is very great, and the public is hereby warned to be careful and see every bottle is plainly labeled "Nuxated Iron," by the Due Health Laboratories, Paris, London, and Detroit, U. S. A., as this is the only genuine article. If you have taken other forms of iron without success, this does not prove Nuxated Iron will not help you.

Manufacturers' Note: Nuxated Iron, which is prescribed and recommended by physicians and which is now being used by over three million people annually, is not a secret remedy, but one which is well known to druggists everywhere. Unlike the other inorganic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by People's Drug Stores, Liggett Co., and all good druggists.

Dr. George F. Baker, formerly Physician and Surgeon in Monmouth Memorial Hospital of New Jersey, says: "During convalescence from SPANISH INFLUENZA (La Grippe) I find Nuxated Iron to be of great benefit."
