Remember that when the Stomach nerves fail or weaken, Dyspepsia or Indigestion must always follow. But, strengthen these same weak inside nerves with Dr. Shoop's Restorative, and then see how quickly health will again return. Weak Heart and Kidney nerves can also be strengthened with the Restorative, where Heart pains, palpitation, or Kidney weakness is found. Don't drug the Stomach, nor stimulate the Heart or Kidneys. That is wrong. Go to the cause of these ailments. Strengthen these weak inside nerves with Dr. Shoop's Restorative and get well. A simple, single test will surely tell. C. A. Milford.

Possess marvelous curative powers removes all disorders, makes health, strength and flesh. After taking Hollister's Rocky Mountain Tea you'll realize the wonderful good it does. 35 cents, Tea or Tablets.

is caused by stagnation of the liver and bowels. To get rid of it and headache and biliousness and the poison that brings jaundice, take Dr. King's New Life Pills, the reliable purifiers that do the work without grinding or griping. 25c. at Speed's drug store.

If you would like to fool some wise Coffee Critic, who "knows fine Coffee on taste and flavor," quietly make for him a batch of Dr. Shoop's "Health Coffee" and serve it piping hot. It deceived Mrs Shoop, and will I believe deceive any one. And there is not a grain of real Coffee in it. Health Coffee is made from pure toasted grains, malt, nuts, etc. Made in a Minute—no 20 to 30 minutes tedious boiling. 1½ pounds 25c. L. T. Miller.

LOWNDESVILLE.

Lowndesville, April, 1908.

Mrs. J. T. Latimer went to Abbeville Tuesday; was there for a day or two, then to Belton, and on home Saturday evening.

Mrs. A. A. Traylor, of Augusta, Ga., came up Tuesday and spent several days at the home of her brother-in-law, Mr. A. V. Barnes.

Mr. J. A. Kirkpatrick, of Donalds, having spent some time at the Hot Springs of Arkansas, for the benefit of his health, on his return to his home stopped and stayed several days here at the home of his brother, Dr. T. O. Kirkpatrick.

Miss May Shirley of Honea Path, for some time past has been with her relatives in above named home.

Misses Elise and Margie Brownlee, of Penny's Creek, were guests of Rev. H. C. Fennel from Friday till the next day, since then with the family of their uncle, Mr. E. W. Harper.

Mrs. M. C. Wharton came in Friday and for a day or two was with Mr. T. D. Cooley and family.

The Abbeville County Teachers Association as per announcement in the county papers, met in the school building in this place, Saturday at 11 a. m. There was a pretty full attendance of the teachers in reach. Superintendent of Education of Abbeville county was present. While the attendance of spectators in the town and nearby surrounding country was pretty good, yet it by no means numbered the friends of education in this section. Saturday is the worst of the seven for getting up a gathering of almost every kind especially so in towns and cities. That day suits teachers and others engaged in educational work, but it does not suit business people as it is decidedly the busiest of the seven with them. The writer for cause was deprived of the pleasure of attending, but from what he learns everything passed off pleasantly and in order. The good ladies of the town and country who were present, provided a basket dinner which was no doubt acceptable and enjoyable to all who partook of it.

Saturday morning there was considerable frost, and at places some ice, but no damage was done by either or both, so far as can be learned.

Dr. T. O. Kirkpatrick went to Abbeville Friday on business, returned the same day.

Mr. Ernest Allen went to Anderson yesterday.

On Wednesday our annual municipal election took place. Mr. E. J. Huckabee was reelected Intendant, and Messrs. E. W. Harper, J. C. Lomax, D. K. Cooley and R. T. Broadwell, Wardens.

Death Was On His Heels.

Jesse P. Morris, of Skippers, Va., had a close call in the spring of 1906. He says: "An attack of pneumonia left me so weak and with such a fearful cough that my friends declared consumption had me, and death was on my heels. Then I was persuaded to try Dr. King's New Discovery. It helped me immediately, and after taking two and a half bottles I was a well man again. I found out that New Discovery is the best remedy for coughs and lung disease in all the world." Sold under guarantee at P. B. Speed's drug store. 50c and $1.00. Trial bottle free.

To-day we want to talk to you about "Catarrh cures"

During the past few months we have been publishing what some of our good friends have called "heart-to-heart talks" on patent medicines.

That name suits us all right—"heart-to-heart talks" is just what we have intended. There can't be anything more serious to a sick man or sick woman than his ailment and the remedies he or she takes to cure it.

Our talks have been "heart-to-heart." Every word we have printed has been written in absolute earnestness and sincerity, and judging from what our customers tell us, we have not been talking in vain. We are convinced that our frankness has been appreciated, and that our suggestions have been welcomed—which naturally encourages us to continue.

To-day, and perhaps for some time to come, we want to talk about that big class of remedies known generally as "catarrh cures."

Broadly speaking these are the patent medicines that have been the chief targets for the attacks of the "Ladies' Home Journal," "Collier's Weekly" and other magazines which are waging such a lively warfare against patent medicine abuses.

As we have pointed out in previous talks, it is not our business to pass judgment on the crusade of these well-known, highly-respected publications. The public alone must be the judge and jury. Our business, as we see it, is to carry in stock a complete line of patent medicines, and to sell those medicines at the lowest possible price.

We sell hundreds—yes, thousands of bottles of so-called "catarrh cures," and know nothing of their ingredients. The manufacturers advertise them, the public demands them; we order them from the manufacturers, and sell them at the lowest price. That is absolutely as far as our knowledge goes. The manufacturer keeps his formula a secret. It may be good, or it may not—we don't know, and we have no means of finding out.

Naturally, we would rather sell a remedy that we know is right—that we can back up with all our reputation for honesty and square-dealing.

And wouldn't you rather buy that kind of a remedy? Wouldn't you rather hold us responsible than to hold no one responsible? We are right here, right where you can get at us every day in the week, right where one false move on our part will bring upon us your condemnation, the loss of your friendship, your patronage, your influence. **Can we afford to tell you anything that you will learn later is not absolutely true?**

Are you not safer in taking our word for the merits of an article, than you are to rely on the printed statement of a patent medicine manufacturer, whom you never even saw and probably never will?

Common sense most emphatically tells you that we cannot afford to depart one hair's breadth from the rigid truth.

None of us can deny that there is such a disease known as "catarrh." Those who have it, or who have had it, know that it is one of the hardest diseases to cure.

Perhaps the worst thing about catarrh is its prevalence. Almost everyone—especially in a climate like ours—has catarrh in some form or another. That is what has made the "catarrh cure" business so profitable. There are so many thousands of cases of the disease and it is so hard to cure, that the patent medicine manufacturers have reaped a harvest in preparing remedies that appeal to this large class of sufferers.

One of the most serious things about catarrh is that it breaks down the system, so that the sufferer becomes a prey to other diseases. This fact has led the proprietors of so many "catarrh cures" to advertise their remedies as a specific for almost every disease under the sun.

We have ONE catarrh cure that we are willing to say to you; "We know this is all right. Take it home and use it with the full assurance that if it does not cure you, you can bring it back to us and we will promptly refund your money." That catarrh cure is

Rexall

NAME

MUCU-TONE

There is no guess work with us on Rexall Mucu-Tone. *We know what it is made of.*

Not only do we know, *but we will give you a copy of the formula.*

There is no secret about any Rexall remedy—we make them—one thousand of us leading druggists all over America—in our great co-operative laboratories at Boston, Mass. We own the laboratories, and everything in them, and we operate them just as skillfully as our combined brains and money will let us, and just as honestly as honest men know how.

The Ingredients of Mucu-Tone

The chief ingredients of Mucu-Tone are Gentian, Cubebs, Cascara Sagrada, Glycerine, and Sarsaparilla.

Gentian is recognized in medicine as one of the greatest tonics ever discovered. It is the foundation on which Mucu-Tone is built. Gentian combines in high degree the tonic powers of all the known "bitters," with none of the disadvantages applying to them.

Cubebs have long been recognized as a specific in the treatment of all catarrhal conditions. Its action is prompt and its benefits almost invariable. In whatever part of the body the inflamed or diseased condition of the mucous membrane exists, the use of Cubebs has been recommended by the best physicians for many generations.

Cascara Sagrada is especially introduced for its necessary laxative properties.

The combination of these with Glycerine and Sarsaparilla makes Mucu-Tone a remedy that attacks catarrh from every point, gradually restores and rebuilds the diseased tissues to their former health and strength, promotes digestion and creates a normal appetite. Large trial bottle, 50c.

For Sale Only at This Store.

How can you know whether or not you have catarrh?

Well, here are the symptoms that usually indicate its presence. Check them over, and if you have any of them, try a bottle of Rexall Mucu-Tone.
