TREAT THE HUMAN MACHINE GENTLY.—The winding passage, thirty feet in length, through which the main portion of the waste matter of the system is discharged, is lined with a membrane as delicate as silk and sensible as a net-work of nerves can make it. Neither constipation, cholic, diarrhœa, dysentery or any other bowel complaint can be cured by abusing and convulsing this tender membrane with a furious purgative. The best and safest remedy in such cases is that mild balsamic and delightful tonic laxative

**Tarrant's Effervescent Seltzer Aperient,**

which heals, tones and invigorates the irritated intestines, while it relieves them from the morbid humors which provoke abdominal disease. Sold by all druggists. dec27-1i
