M. L. MAYNARD, *Sec'y.*

HAMPDEN, June 17th, 1859. 492 1"

**Dr. H. P. BUNCH, P. M., Beckett's** Store, Pickaway Co., Ohio, June 27, 1857, says: I have sold nearly all of the *Hoofland's German Bitters* you last sent me. It proves to be a most valuable medicine, and gives entire satisfaction to all who have used it. I prescribed it in some very bad chronic cases—cases which seemed almost hopeless. It is not very common for physicians to give much praise to patent medicines; but I am always willing to receive the truth, and to employ the best remedies, whether patent or not. One of my neighbors, a regular physician, stepped into my office soon after I received the Bitters, and asked what it was. Upon being informed, "Oh!" said he, "will you use those patent medicines? Don't you know that those medicines, which are said to cure everything, really cure nothing?"—"Yes, sir," I replied, "for whenever a medicine is said to cure all diseases, no matter how opposite in their nature, it is too much like the boasted panaceas of the profession (mercury and antimony), used in all cases, but not worth much in any; while this only proposes to cure a certain class of diseases." He said no more. I cheerfully recommend the Bitters, when I have so convincing a proof of their efficacy in the case of my wife, who has been vastly benefited by using them. Yours, truly,

H. P. BUNCH, M. D.

For sale at the Principal Office, 112 Arch St., Philadelphia, Pa., and sold by druggists and storekeepers in every town and village in the United States, Canadas, West Indies, and South America, at 75 cents per bottle. 492 2w

### MARRIED,

At the residence of the bride's father, in Auburn, on Thursday, the 16th inst., Mr R. P. HODGES, and Miss M. A. LUDLOW, both of Auburn.

On the evening of June 3d, by R. M. Johnson, Esq., Mr. ELI FOWLER, of Burton, and Mrs. LAURA SMITH, of Mesopotamia, Trumbull Co., Ohio.

Mr. Fowler is one of the pioneers of Ohio, having migrated from Connecticut, and settled in Burton, in 1798, with but $2 in his pocket. The country was then new, and inhabited only by Indians and massaugers. He still remains on or near the farm on which he settled in 1799, where he has obtained an abundance of the good things of this life, to maintain him and his bride all the days allotted to them; and I hope they will live to enjoy it, so long as life is desirable. He has lived to see one of the greatest calamities that ever shrouded old Burton, fever and ague not accepted—the frost on the eve after his marriage. He tells me that, at an early day, Burton was noted for its proportion of fever and ague; but that his constitution was too strong, for it died in him, or he wore it out, and has never been confined to his house with it, which many of the old settlers cannot say, as their graveyards tell us sorrowfully.

Mr. Fowler was 80 years old, the 7th of last February; and is still hale and healthy, and led his bride to the chair, as sprightly as a youngster of 21. His bride was 27 years old on the 7th of February last. She is his third wife. Having no heirs to take his possessions, he has adopted one, who keeps and eagle eye on his welfare. Success to him, and to the Printer long life and much happiness. R. M. JOHNSON.

In this village, on the 24 inst., by Rev. R. Norton, Mr. ASHBERRY PRESLEY, of Willoughby, and Miss NANCY ASHCRAFT, of Kirtland.

### HOSTETTER'S STOMACH BITTERS.

IT is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhœa, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nauseas nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

*For Persons in Advanced Years,* who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

DOCTOR HOOFLAND'S

*CELEBRATED*

### GERMAN BITTERS,

WILL EFFECTUALLY CURE

LIVER COMPLAINT, DYSPEPSIA, JAUNDICE, *Chronic or Nervous Debility, Diseases of the Kidneys, and all diseases arising from a disordered Liver or Stomach.*

SUCH AS CONSTIPATION, INWARD Piles, Fullness or Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust of Food, Fullness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Horrid and Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying posture, Dimness of Vision, Dots or Webs before the Sight, Fever and Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and Great Depression of Spirits.

The proprietors, in calling the attention of the public to this preparation, do so with a feeling of the utmost confidence in its virtues and adaptation to the diseases for which it is recommended.

It is no new and untried article, but one that has stood the test of a ten years' trial before the American people, and its reputation and sale are unrivalled by any similar preparation extant. The testimony in its favor given by prominent and well known Physicians and individuals in all parts of the country is immense, and a careful perusal of the Almanac, published annually by the proprietor, and to be had *gratis* of any of his Agents, cannot but satisfy the most skeptical that this remedy is really deserving the great celebrity it has obtained.

DR. HOOFLAND'S

### BALSAMIC CORDIAL,

For the speedy Cure of

*Coughs, Colds, Influenza, Croup, Hoarseness, Bronchitis, Pneumonia Diseases of the Bowels arising from Cold, Incipient Consumption, and for the relief and (if of all possible) cure of patients in advanced stages of the latter disease.*

THIS CELEBRATED PREPARATION, like the Bitters, may be confidently tested on. It is designed for a class of diseases more general and more fatal than any other to which the people of this country are subject—those springing from a "slight cold." That eminent authority, Dr. Bell says: "I will not say that colds are to our inhabitants what the *plague* and *yellow fever* are to those of other countries, but I can aver confidently that they usher in disease of greater complexity and mortality than these latter."
