BOARD OF ALDERMEN.

The Property of the Corporation.

The Board met at 2 o'clock yesterday afternoon, the President, JOHN BRICE, esq., in the Chair. By resolution, the Controller was directed to withdraw from the sale of the corporation property (which takes place on the 21st inst.) the property known as St. John's-square, lying between Hoboken, West, and Washington-sts.

A resolution was presented and laid over, that St. John's-square be inclosed by a good and substantial railing.

After the transaction of a very large amount of general routine business, the Board adjourned to Monday next, at 2 o'clock p. m.

Board of Councilmen.

EXTENDING FERRY-ST.

The Board met, at 2 o'clock yesterday afternoon, the President, J. WILSON GREEN, in the chair.

The only business of importance transacted was the passage of a resolution to extend Ferry-st. through Spruce-st. to Printing-House-square.

The Board then adjourned to 2 p. m. on Thursday.

The Widening of Nassau-st.

At 12 o'clock noon, yesterday, there was a meeting of the Committee of the Board of Aldermen, who have under consideration the matter of removing the areas and stoops in Nassau-st., which project beyond the house-line more than 18 inches. Alderman ELY in the chair.

Mr. HENRY said he appeared for a number of the property-owners in this street, and he did not see that there was any necessity whatever for the passage of this measure.

Mr. DALY said he wished the matter to be postponed for a short time. The proposed alterations would involve not only much expense, but considerable inconvenience, and he therefore hoped the Committee would adjourn the matter till a future day.

The Committee then adjourned to Monday next, at 12 o'clock m.

The California Bond Robbery—Motion to Bond the Property.

In the U. S. District Court, yesterday, in the case of the U. S. agt. 7 Certificates and $5,000 in gold. Mr. Donohue moved that the claimants of this property be permitted to bond and remove it.

District Attorney S. G. Courtney opposed the motion, on the ground that the facts showed this case not to be within the discretion of the Court as to bonding. He read in opposition telegraphs, &c., from California, showing that the money belonged to Government, and had been stolen by one Lambert, from whose possession the Government had taken it by legal proceedings, and read an extract from *The Alta California*, a history of the robbery. He insisted that under the circumstances the funds should remain in the custody of the Government.

Mr. Donohue asked time to produce affidavits in rebuttal, and the Court granted to Tuesday morning.

MONDAY, May 14—P. M.

Gold opened under the European news at 130 and sold up to 130¾, closing at 130½.

Stocks were lower upon the street under the adverse news by the steamer, but soon rallied to the extreme prices of Saturday, with an advance in some instances. Government stocks at the Stock Exchange were a shade lower, the 5-20s of 1862 selling down to 101½. The 7.30s, on the other hand, were well supported, the 1st series selling at 102½. Railway mortgages are firm and offered in small amounts. For all Bank shares the inquiry is good, with few to be had. In the small stocks little is doing. Boston Water Power is quoted 39; Mariposa Preferred at the decline is passing into strong hands; Erie, under its April traffic report, sold as low as 72½, but soon rallied to 73½; Cleveland and Pittsburgh and Michigan Southern were in special demand at full prices. At the Second Board the market was steady, 5-20s of 1862 advancing to 101½. No 7.30s can be had under 102½; Erie rose to 74½, and Michigan Southern to 81½, and were in demand. At the extreme quotations there was a disposition to realize, but the market closed strong. The last prices were as follows: Ohio Certificates, 26½@26¾; Canton, 60½@60¾; Cumberland Coal, 45½@45¼; Quicksilver, 54½@54¾; Mariposa preferred, 23@23¼; New-York Central, 92½@92¾; Erie, 73¾@73¼; Reading, 107½@107¾; Michigan Southern, 80½@80¾; Illinois Central Scrip, 122½@122¾; Cleveland and Pittsburgh 84½@84¾; Cleveland and Toledo, 104½@104¾; Rock Island, 93½@93¾; North-Western, 28½@28¾; do. preferred, 59½@59¾; Fort Wayne, 99½@99¾.

Money continues abundant, and is offered in large amounts on call at 4@5 per cent. The supply of prime Commercial bills is small, and best names pass at 5@6 per cent. The Bank statement reflects the growing ease in money. The deposits are up $7,179,550, of which $3,055,- are in coin.
