CHERRY PECTORAL,

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

"And by the river, upon the bank thereof shall grow all trees for meat, whose leaf shall not fade and the fruit thereof shall be for meat and the leaf thereof for medicine."

Here was hope for the sick recorded long ago, and every year adds new proof to the assurance that these promises shall not fail.

As medical Science discovers and designates the remedies nature has given, one by one, the diseases that afflict our race yield to the control of art. Of all the maladies we suffer from, none has carried more victims to an untimely grave than Consumption of the Lungs. Subjoined we give some evidence that this too may be cured, and that Pulmonary Complaints, in all their forms, may be removed by Cherry Pectoral.

Space will not permit us to publish here any proportion of the cures it has effected, but the Agent below will furnish our Circular, free, wherein are full particulars and indisputable proof of these facts.

Sufferers: read and judge for yourselves.

For Influenza and Whooping cough.

Nashville, Tenn., June 26, 1851.

Sir:—I have repeatedly used your Cherry Pectoral for Whooping Cough and Influenza and have no hesitation in pronouncing it a complete remedy. Four of my children have been afflicted with these diseases, and the free use of the Pectoral has always afforded almost instant relief. JAMES GLOVER.

We attest the truth of the above statement

M. McGINTY, Editor of the Nashville Whig.
J. M. ZIMMERMAN, Druggist.

For a Consumptive Cough.

Pittsburgh, Pa., Feb. 25, 1851.

Dear Sir:—For three years I have been afflicted with a Cough, so distressing that I frequently despaired of recovery; much of the time I was obliged to sit up all night in my chair, as my cough would suffocate me when I laid down. Having used many remedies without much relief, I at last tried the CHERRY PECTORAL which under Providence has cured me altogether.

I am with gratitude Yours,
JAMES McCANDLESS.

This is one of the numerous Cures of ASTHMA which have been accredited to Cherry Pectoral.

Albany, N. Y., April 17, 1848.

Dr. Ayer, Lowell. Dear Sir: I have for years been afflicted with Asthma in its worst form, so that I was obliged to sleep in my chair for a larger part of the time, being unable to breathe on my bed. I had tried a great many medicines, but no purpose, until my physician prescribed, as an experiment, your Cherry Pectoral.

At first it seemed to make me worse; but in less than a week I began to experience the most gratifying relief from disease; and now, in four weeks, the disease is entirely removed. I can sleep on my bed with comfort, and enjoy a state of health which I had never expected to enjoy. GEORGE S. TRANT.

Commission and Forwarding Merchant.

From the President of Amherst College.

EDWARD HITCHCOCK, M. D., LL. D., &c.

J. C. Ayer, Sir: I have used your CHERRY PECTORAL in my own case of deep-seated bronchitis, and am satisfied, from its chemical constituents, it is the most suitable compound for the relief of laryngal and bronchial difficulties. If my opinion, as to its superior character, can be of any service, you are at liberty to use it as you think proper. EDWARD HITCHCOCK.

Amherst, Sept. 12, 1849.
