MISCELLANEOUS.

THE AMALGAMATION OF LANGUAGES.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popularized in connection with Mr. Spalding's great headache remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Electrotype and many others whose distinction as foreign words has been worn away by common usage, until they seem "native and to the manor born."

'ardly Realized.

Ill 'ad 'a orrible headache this afternoon; hand I stepped into the hapothecary's, hand says hi to the man, "Can you hease me of an 'eadache?" "Does it hache 'ard?" says 'e. "Hexceedingly," says hi, hand upon that 'e gave me a Cephalic Pill, hand 'pon me 'onor it cured me so quick that I 'ardly realised I 'ad 'ad an 'eadache.

☞ HEADACHE is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and, viewed in this light, it may be looked on as a safeguard intended to give notice of disease which might otherwise escape attention, till too late to be remedied; and its indications should never be neglected. Headaches may be classified under two names, viz: Symptomatic and Idiopathic. Symptomatic Headache is exceedingly common, and is the precursor of a great variety of diseases, among which are Apoplexy, Gout, Rheumatism, and all febrile diseases. In its nervous form it is sympathetic of disease of the stomach, constituting *sick headache*, of hepatic disease constituting *bilious headache*, of worms, constipation, and other disorders of the bowels, as well as renal and uterine affections. Diseases of the heart are very frequently attended with headaches; anæmia and plethora are also affections which frequently occasion headache. Idiopathic headache is also very common, being usually distinguished by the name of *nervous headache* sometimes coming on suddenly in a state of apparently sound health, and prostrating at once the mental and physical energies, and in other instances it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instances the pain is in the front of the head, over one or both eyes, and sometimes provoking vomiting; under this class may also be named *Neuralgia*.

For the treatment of either class of headache the Cephalic Pills have been found a sure and safe remedy, relieving the most acute pains in a few minutes, and, by its subtle power, eradicating the diseases of which headache is the unerring index.

Bridget.—Missus wants you to send her a box of Cephalic Glue; so, a bottle of Prepared Pills—but I'm thinking that's not just it neither; but perhaps ye'll be after knowing what it is. Ye see she's nigh dead and gone with the Sick Headache, and wants some more of that same as relieved her before.

Druggist.—You must mean Spalding's Cephalic Pills.

Bridget.—Och! sure now and you've got it. Here's the quarther, and give the Pills, and don't be all day about it, either.

Constipation or Costiveness.

No one of the "many ills that flesh is heir to" is so prevalent, so little understood, and so much neglected as Costiveness, often originating in carelessness, or sedentary habits. It is regarded as a slight disorder, of to little consequence to excite anxiety, while in reality it is the precursor and companion of many of the most fatal and dangerous diseases, and unless early eradicated, it will bring the sufferer to an untimely grave. Among the lighter evils of which Costiveness is the usual attendant are Headache, Colic, Rheumatism, Foul Breath, Piles, and others of like nature, while a long train of frightful diseases, such as Malignant Fevers, Abscesses, Dysentery, Diarrhœa, Dyspepsia, Apoplexy, Epilepsy, Paralysis, Hysteria, Hypochondriasis, Melancholy, and Insanity, first indicate their presence in the system by this alarming symptom. Not unfrequently the diseases named originate in Constipation, but take on an independent existence unless the cause is eradicated in an early stage. From all these considerations, it follows that the disorder should receive immediate attention whenever it occurs, and no person should neglect to get a box of Cephalic Pills on the first appearance of the complaint, as their timely use will expel the insidious approaches of disease, and destroy this dangerous foe to human life.

A Real Blessing.

Physician.—Well, Mrs. Jones, how is that headache?

Mrs. Jones.—Gone! Doctor, all gone! the pill you sent cured me in just twenty minutes, and I wish you would send me more, so that I can have them handy.

Physician.—You can get them at any Druggists. Call for Cephalic Pills. I find they never fail, and I recommend them in all cases of Headache.

Mrs. Jones.—I shall send for a box directly, and shall tell all my suffering friends, for they are a *real blessing.*

TWENTY MILLIONS OF DOLLARS SAVED.—Mr. Spalding has sold two millions of bottles of his celebrated Prepared Glue, and it is estimated that each bottle saves at least ten dollars' worth of broken furniture, thus making an aggregate of twenty millions of dollars reclaiming from total loss by this valuable invention. Having made his Glue a household word, he now proposes to do the world still greater service by curing all the aching heads with his Cephalic Pills, and if they are as good as his Glue, Headaches will soon vanish away like snow in July.

☞ OVER EXCITEMENT, and the mental care and anxiety incident to close attention to business or study, are among the numerous causes of Nervous Headache. The disordered state of mind and body incident to this distressing complaint, is a fatal blow to all energy and ambition. Sufferers by this disorder can always obtain speedy relief from these distressing attacks by using one of the Cephalic Pills whenever the symptoms appear. It quiets the overtasked brain, and soothes the strained and jarring nerves, and relaxes the tension of the stomach which always accompanies and aggravates the disordered condition of the brain.

FACTS WORTH KNOWING.—Spalding's Cephalic Pills are a certain cure for Sick Headache, Bilious Headache, Nervous Headache, Costiveness, and General Debility.

GREAT DISCOVERY.—Among the most important of all the great medical discoveries of this age may be considered the system of vaccination for protection from Small Pox, the Cephalic Pill for relief of Headache, and the use of Quinine for the prevention of Fevers, either of which is a sure specific, whose benefits will be experienced by suffering humanity long after their discoverers are forgotten.

☞ Did you ever have the Sick Headache? Do you remember the throbbing temples, the fevered brow, the loathing and disgust at the sight of food? How totally unfit you were for pleasure, conversation, or study? One of the Cephalic Pills would have relieved you from all the suffering which you then experienced. For this and other purposes you should always have a box of them on hand to use as occasion requires.

All kinds of

Headache.

By the use of these Pills the periodic attacks of *Nervous or Sick Headache* may be prevented; and if taken at the commencement of an attack immediate relief from pain and sickness will be obtained.

They seldom fail to removing the *Nausea* and *Headache* to which females are so subject.

They act gently upon the bowels—removing *Costiveness.*

For *Literary Men, Students,* Delicate Females, and all persons of *sedentary habits*, they are valuable as a *Laxative*, improving the *appetite*, giving *tone* and *vigor* to the digestive organs, and restoring the natural elasticity and strength of the whole system.

THE CEPHALIC PILLS are the result of long investigation and carefully conducted experiments, having been in use many years, during which time they have prevented and relieved a vast amount of pain and suffering from Headache, whether originating in the nervous system or from a deranged state of the *stomach.*

They are entirely vegetable in their composition, and may be taken at all times with perfect safety without making any change of diet, *and the absence of any disagreeable taste renders it easy to administer them to children.*

ROXBURY, MASS.

DEAR MADAM:—The reputation of the Medical Discovery, in curing all kinds of humors, is so well established by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skillful physicians and the most careful Druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative power, in relieving all, and curing most of those diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother,

NURSING SORE MOUTH,

Is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessing to your husband and household.

In the more advanced stages of

CANKER

It extends to the stomach, causing

DYSPEPSIA,

which is nothing but canker on the stomach, then to the intestines and

KIDNEYS,

creating a sinking, gone feeling, and an indifference even to the cares of your family.

Your stomach is

RAW AND INFLAMED,

your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow and greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to

CURE;

Palpitation of the heart, pain in the side, weakness o the spine and small of the back, pain of the hip joint when you retire, irregularity of the bowels, and also, that most excruciating of diseases, the

PILES.

How many thousand of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the

MEDICAL DISCOVERY

you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you any injury.

THE MEDICAL DISCOVERY

is especialy intended for diseases of the blood, but since its introduction in the Western States, it is found to be the best

AGUE REMEDY

that was ever before the public.

No change of diet ever necessary—eat the best you can and get enough of it.

DIRECTIONS FOR USE—Adults one table spoonful per day—Children over ten years, dessert spoonful—Children from five to eight years, tea spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.

Yours truly,
DONNALD KENNEDY.

PROF. L. MILLER'S

HAIR INVIGORATOR,

An Effective, Safe and Economical Compound,

FOR RESTORING GRAY HAIR

To its original color without dyeing, and preventing the Hair from turning gray.

FOR PREVENTING BALDNESS,

And curing it, when there is the least particle of vitality or recuperative energy remaining.

FOR REMOVING SCURF AND DANDRUFF

And all cutaneous affections of the Scalp.

FOR BEAUTIFYING THE HAIR.

Imparting to it an unequaled gloss and brilliancy, making it soft and silky in its texture, and causing it to curl readily.

The great celebrity and increasing demand for this unequaled preparation, convinces the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation in use. It cleanses the head and scalp from dandruff and other cutaneous diseases, causing the hair to grow luxuriantly, giving it a rich, soft, glossy and flexible appearance, and also, where the hair is loosening and thinning, it will give strength and vigor to the roots and restore the growth to those parts which have become bald, causing it to yield a rich covering of hair.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations have failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the hair from turning until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty restore it to it to its original hue, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Bestorative it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in dressing the hair, which, when moist with the Invigorator, can be dressed in any required form so as to preserve its place, whether plain or in curls; hence the great demand for it by the ladies as a standard toilet article which none ought to be without, as the price places it within the reach of all, being

Only Twenty-Five Cents

per bottle, to be had at all respectable Druggists and Perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the children's hair inclines to be weak. The use of it lays the foundation for a *good head of hair*, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its Hair.
