H. S. HIGH,
County Central Committee.

☞ Mr. ROYAL S. MEAD, on Friday afternoon, while engaged in his mill, a short distance south of the city, was caught by a circular saw and so horribly mangled that death soon afterward ensued.

☞ In answer to an application from Governor DENNISON, asking that officers of experience from the regular army might be assigned to command the Ohio regiments of volunteers, the General-in-chief has informed him that the regular regiments, old and new, are now so nearly without officers of experience, the interests of the service forbid that others should be detailed.

☞ The army worm is devouring the oats and corn in Cuyahoga, Huron, Trumbull, Mahoning, Wayne, Stark and Tuscarawas counties.

☞ The County Commissioners will hold a special session on Tuesday next, Aug. 13.

☞ The "heated term" has undergone but little abatement. The Cincinnati papers record repeated instances of death from sun stroke.

☞ According to the *Journal*, some respectable people on Town street are very much scandalized at the conduct of a man on that street, who is in the habit of whipping his wife. The *Journal* gives him notice to quit.

☞ The Probate Court in Cincinnati issued thirty-nine marriage licenses during the week ending Friday night—thirteen to one in this county during the same time.

☞ The fifteen days of grace given to the Democratic State Central Committee, within which to signify their desire, if any they had, to amalgamate with the Republicans, having expired on Friday last, the Cincinnati *Gazette* states, "by authority," of course, that "the Republican Committee will immediately issue a call for a People's Union Convention." Hurry up the call, gentlemen. The country is anxious and waiting to hear the sound of the trumpet summoning a new party to take the place of the defunct Republican organization.

☞ The following companies arrived at Camp Chase on Friday last:

Captain Wm. M. Brown, Logan, ... 100 men.
" Wm. B. Monroe, Springfield, ...
" Wm. A. Palmer, Mechanicsburg, 77
" Richard Allen, Elyria, ...
Total, ... 314

☞ When last heard from, the Twenty-sixth Regiment, Col. FRYE, had been ordered from Charleston to Somerville, Va.

☞ The 27th and 30th Regiments, now at Camp Chase, are nearly full. It is thought they will be ready to be mustered into the service next week.

☞ The 31st, 40th, 49th and 43d Regiments are ordered to rendezvous at Camp Chase.

MILITARY APPOINTMENTS.—The following appointments were made on Thursday last:

Wm. M. Boller, Ironton, Lieutenant-Colonel, Eighteenth Regiment.

Samuel Beatty, Canton, Colonel, Nineteenth Regiment.

John S. Fulton, Ashland, Colonel, Sixteenth Regiment.

John J. Wiseman, Cleveland, Lieutenant-Colonel, Forty first Regiment.

Geo. S. Mygatt, Cleveland, Major, Forty-first Regiment.

Wm. E. Gillmore, ——, Colonel, Twenty-second Regiment.

☞ Lieutenant-Colonel C. H. TYLER, the Confederate prisoner of war now in confinement in Newport, Ky., Barracks, is kept in close quarters and well guarded by sentinels. His wife keeps him company in his loneliness.

☞ The United States Express Company sent forward on Friday last six boxes of army tents, each containing 1,200 pounds, directed to St. Louis, and intended for the use of General FREMONT's command.

☞ The Halls of the Senate and House of Representatives in the State House are now devoted to military purposes. The Captains of companies returned from Western Virginia are there making out their muster rolls, preparatory to being mustered out of the service, and paid off.

☞ Mr. GLOVER has been appointed Postmaster at Hilliard's Station, in place of Mr. DOBYN, who has held the office for several years.

CONDITIONAL MILITARY APPOINTMENTS.—A number of military gentlemen in Ohio have been given authority by the War Department to organize regiments, which will be accepted by the Secretary of War if reported full within a certain time which he fixes. The officers for these regiments must, however, be commissioned by Governor Dennison. Conditioned upon this understanding, the following named gentlemen have appointments:

Thomas Worthington, Chillicothe, Colonel Forty-Sixth Regiment.

Charles C. Walcutt, Columbus, Major Forty-Sixth Regiment.

Leonard A. Harris, Cincinnati, Colonel Second Regiment.

John Kell, Franklin, Lieutenant Colonel Second Regiment.

CHAPLAINS FOR OHIO REGIMENTS.—The Governor commissions Chaplains, but they are appointed by the Colonel, according to instructions from the War Department, which are as follows, in order No. 15:

"There will be allowed to each regiment one Chaplain, who will be appointed by the Regimental Commander on the vote of the Field Officers and Company Commanders on duty with the Regiment at the time the appointment is to be made. The Chaplain so appointed must be a regularly ordained Minister of some Christian denomination, and will receive the pay and allowance of Captain."

☞ The Cincinnati three months' men have been paid off and mustered out of service.

☞ The Urbana *Free Press* says:

One boy of the Fourteenth, who is from Northern Ohio, came home with $300 in gold and silver and $750 in Virginia money. He found an officer's trunk and hid it until he had time to open it.

RECRUITS WANTED.—We invite attention to the advertisement of Capt. L. W. KELLOGG, in another column, headed "$100 Bounty." Persons wishing to enlist can make application at Col. CARRINGTON's headquarters, in the old Broadway Hotel building on West Broad street.

A BIRD'S EYE VIEW.—Could we be raised for for an instant to some lofty pinnacle where at a glance we could behold all the suffering of earth, how should we wonder at the number of victims claimed by disease, and how would our hearts bleed to see them writhing in agony from the pains of Scrofula and Erysipelas, Canker and Salt-Rheum, Sores and Ulcers, Rheumatism, Neuralgia or other causes. But this scene is no less true because unseen by us, and no one will deny its existence. For the benefit of such we publish abroad "Kennedy's Medical Discovery," knowing it to be a certain and speedy remedy in all cases where it is recommended by its proprietor.

LOSS OF HAIR.—Much of this deprivation is caused by sheer neglect after illness, or some other temporary drain upon the follicles at the root of the hair. Dr. Bellingham, of London, has identified his great name with a "*Stimulating Onguent*," invented by him expressly to meet such emergencies. Messrs. H. L. Hegeman & Co., of New York, now have the entire agency for the American continent. This is quite a sufficient indorsement of the universal reputation of the article. See their advertisement.

TELEGRAPHIC.

Burning of Hampton—News Received by a Deserter—A Lady Under a Flag of Truce.

FORT MONROE, Aug. 9.—Hampton has been burnt. Scouts and fugitives brought word of the approach of a large Confederate force from Yorktown. These rumors were confirmed by five o'clock P. M., by a deserter from the rebels, a native of Maine, but resident of Georgia. He has been stationed at Yorktown since June 1st. On Friday last, Magruder left Yorktown with a force of 7,000 men, including 2,500 cavalry and 8 pieces of artillery. Monday night the encampment at Great Bethel was completely deserted. Tuesday night they advanced toward Hampton, and at noon yesterday took up position on Baltic river, some three miles from the town. He thinks the object of the expedition is to draw out forces, attack Camp Hamilton or Newport News, if practicable, and at least to destroy Hampton, so as to prevent their using it for winter quarters. Gen. Butler at once repaired to this end of Hampton bridge, where he remained till eleven o'clock.

Col. Weber erected a barricade near the Hampton end of the bridge and placed a strong guard at various points this side of the creek. A few minutes past midnight Gen. Magruder, with about 500 rebels, entered the town and immediately fired it. The greater part of the 500 houses were built with wood, and no rain having fallen lately, a strong south wind soon produced a terrible conflagration. There were perhaps twenty white people and double that number of negroes remaining in the town from inability to move, some of whose houses were fired without waking the inmates. Several of the whites, and also the negroes, were hurried away to be pressed into the rebel service. A company of rebels attempted to force the passage of the bridge, but were repulsed with a loss of three killed and six wounded. The fire raged all night. The rebels withdrew toward morning, and at noon, to-day, when I visited the place, but seven or eight buildings were left standing.

Gen. Magruder has encamped near New Market bridge. He will hardly venture to attack Newport News.

Mayhew, the deserter, says there have been about seven thousand rebel troops stationed at Yorktown, and some ten days ago a battalion came down to the outskirts of Hampton and carried away 180 negroes. Provisions were abundant at Yorktown, and most volunteers are receiving new uniforms for the winter campaign.

The destruction of the town was a wanton act of cruelty, both for the residents and Unionists; and, moreover, entirely useless, as Gen. Butler intends to winter his army many miles beyond Hampton. An attempt will be made to resist these acts on the General, but after 10 o'clock Wednesday night there was not a Federal soldier in Hampton.

A flag of truce is just in from Norfolk, with Miss Mayo, a niece of Gen. Scott, who is on her way from Richmond to New York. She states that the rebels attribute the act to Gen. Butler.

Activity at Washington—Care of Troops—The Blockade.

WASHINGTON, Aug 9.—The activity among Government teamsters is as great as it was any time previous to the late battle.

Much more regard than heretofore is paid to the comfort and subsistence of the soldiers, and little if any complaint now exists among them.

Soldiers arrive from time to time, including of late a large proportion of cavalry. They are judiciously distributed along our now extended Potomac lines.

The movement of troops during the night is certainly an improvement over their improper exposure to the sun.

Many of those recently appointed to military positions are waiting impatiently for their commissions.

The Southern newspapers will not much longer exult over the inefficiency of the blockade in localities which might be specified. The Navy Department is in possession of ample power, recently conferred by Congress, and is expeditiously completing arrangements applicable to all cases.

Washington Items.

WASHINGTON, Aug. 9.—Naval constructors have reported to the Navy Department that Vanderbilt's steamers are unfit for blockading and other naval services.

The following consular appointments have been made. Some were confirmed by the Senate, and others have been made since its adjournment: John Neall, of Kansas, to Kingston, Jamaica; M. M. Jackson, of Wisconsin, to Halifax; J. B. Bowman, of Indiana, to Mantanzas; R. Wheeler, of Iowa, to Genoa.

Prince Napoleon not having returned from his visit beyond our lines, it is supposed the Confederates have invited him to extend his visit.

There was an affair between pickets beyond Alexandria, last night, at which two were killed, but on which side is not stated.

Maryland Politics.

(Special to Commercial.)

WASHINGTON, August 9.—Conventions are to be held in Maryland, for the purpose of nominating State officers. One of them will favor the Government, and support its policy. The other will place itself on the platform of opposition to the war, and advocate peace on any terms. It is believed here that the Union men will triumph.

Senator Baker has declined a commission as Brigadier-General. He prefers his seat in the Senate. Senator Lane, of Kansas, has also declined the appointments tendered him, and will retain his seat in the Senate. This disposes of Mr. Stanton's claim.

Eighty removals have been made in the Patent Office since the 1st of June.

Some newspapers have already disregarded the agreement made with Gen. McClellan, in regard to the transmission of intelligence of army movements, and are to be subjected to stringent rules. General McClellan is determined to enforce his policy.

Prince Napoleon's Visit to Manassas.

[Times Dispatch.]

WASHINGTON, Aug. 9.—Late this evening Prince Napoleon returned with his suite from Manassas.

Three regiments of cavalry and four of rebel infantry held possession of Fairfax.

WHEN THE REBELS SAW MANASSAS that Prince Napoleon was coming, the enthusiasm was wild. Beauregard and Johnston were both at Manassas, and received the Prince with the greatest possible respect. All their pressing invitations and entreaties that he would go on to Richmond and see President Davis, the Prince firmly declined.

The fortifications at Manassas are formidable, and our guns, particularly of Sherman's battery, form an important part of the defenses. Beauregard informed the prince that he captured 62 guns at the battle of Bull Run.

The dead were not properly buried. They were simply put under ground, and some of their feet were seen above earth. Soldiers in Manassas are very numerous, but are poorly dressed.

At departing, the rebels gave the Prince a salute with United States guns. On returning to Fairfax Col. Stewart approached the carriage of the Prince and said: "I hope you like our fortifications, Prince?" "Oh pretty well," "I hope," he said again, "you will interfere for us when you get home." The diplomatic Prince shrugged his shoulders as he replied, "I know nothing."

Three companies of Tousey's regiment of Kentucky cavalry reached Washington this morning.

It is well authenticated that the man Smith, in custody in New York, is a member of the rebel Congress. He will be held as a hostage for Mr. Ely, M. C., from New York.

WASHINGTON, August 9.—The Senate Finance Committee expect that the new revenue plan will realize $100,000,000 more than is required.

Ex-Minister Faulkner arrived here last night. He is believed to be bringing dispatches for the Governments from Europe.

ST. LOUIS, August 9.—Captain Jennison, of Kansas notoriety, arrived to-day, en route for Washington, to arrange with the War Department for mustering his men into the United States service. He had 640 well mounted, disciplined men, on the Western border.

Nothing new from Springfield.

Gen. Fremont ordered the number of Artillery Companies in this State to be increased to twenty-four.

Union Prisoners at Richmond and Manassas.

WASHINGTON, Aug. 9.—A letter was received to-day from Lieut. Parks, of the 7th Michigan regiment, dated Richmond, July 29th, in which he says he is a prisoner with hundreds of others in that city. More than thirty officers are with him. He has the names of 56 of his regiment, and believes these are all. Col. Butterworth, Lieuts. Marsh, Warren and Perkins and others, are still at Manassas Junction, wounded. Only three of his company are with him, named Geo. Phillips, Murray Shaker, and George Baker.

Appointment of Brigadier-Generals.

WASHINGTON, August 9.—The President today made the following appointments of Brigadier-Generals for the volunteer force, all of them, Prof. Mitchell excepted, being from the list recommended by the New York Congressional delegation: Cols. Blenker and Slocum, of the volunteers, and Major Wadsworth, aid to Gen. McDowell; Col. John A. Peck, Ex-Major of the regular army, who distinguished himself in the Mexican war; John H. Martindale, graduate at West Point; Ormsby M. Mitchell, Prof. of Astronomy of Cincinnati, a graduate of West Point and ex-army officer.

The Army of the Upper Potomac.

SANDY HOOK, Md., August 9.—Col. Stone has been assigned to be stationed at Point of Rocks, where it is believed the rebels intended establishing strong batteries to intercept transportation of supplies and troops from Baltimore to the lower Potomac.

Col. Hampton, of the 3d Wisconsin, has been appointed to command a division in place of Col. Stone.

The report that two rebel regiments were approaching from Leesburg, is untrue.

Major Doubleday has been practising with his guns to-day. Results very satisfactory.

New York Items—More Rifles for Fremont—The Secretary of the Treasury and the Bankers.

NEW YORK, Aug. 9.—It is rumored that the Austrian Ministership will be tendered to Jas. Gallatin, President National Bank.

Twenty thousand Austrian rifled muskets were sent forward to Gen. Fremont to day per Adams Express. Twenty thousand more already here and will soon follow.

It is stated that leading bankers have been invited to meet the Secretary of the Treasury at the residence of Mr. Cisco, this evening, with reference to arrangements for taking the lately authorized loans.

War and Murder in Southern Kansas.

LEAVENWORTH, August 9.—We have intelligence from the Southern Kansas border that great excitement prevailed there, owing to the action of a band of half-breed Cherokees, with some white outlaws, from Arkansas and Missouri, headed by John Mathews, a leader from the Osage county.

It is reported that 16 men have been killed, and sixty families driven from the Cherokee neutral land, who have taken refuge in Humboldt, Kansas. They threaten an attack on that place. A messenger has arrived here, requesting assistance from the Government.

From Fortress Monroe.

FORTRESS MONROE, August 9.—Nothing new has occurred since the sailing of the last steamer.

Hampton is not occupied.

The fugitive citizens are being provided for by Gen. Butler.

The big gun Union has been mounted at Newport News, and will be experimented with on Monday.

☞ PHILADELPHIA, Aug. 9.—Armstrong was executed about 11 o'clock A. M. He manifested the same indifference to his fate that he displayed at his trial and throughout his imprisonment.

Addition to the Medical Staff.

WASHINGTON, Aug. 10.—Surgeon General Wood has taken measures for carrying into effect the late act of Congress for adding to the medical staff of the army a corps of cadets whose duty it shall be to act as dressers in the hospitals and as ambulance attendants in the field, with the same rate of pay as the West Point cadets.

Politicians Anticipate the Dissolution of the Democratic Party.

NEW YORK, Aug. 10.—The Times dispatch says the refusal of the Democrats of the State of New York to unite with the Republicans in the nomination and election of a ticket, causes some surprise here, as it seems to conflict with what was supposed to be a plan prearranged here at Washington, which had for its purpose the disorganization of the Republican party. The same idea of a Union Ticket was broached in Ohio and has been rejected.—These two coincidences, it is said, among politicians will cause now the entire dissolution of the Democratic party.

Arrest of a Supposed Spy.

BOSTON, Aug. 10.—The U. S. Marshal arrested a person last night who registered himself at the Parker House as C. Jordon, of Pittsburgh, Pa., but who subsequently has confessed himself as John Williams, of Norfolk, Va., and is supposed to hold a commission in the rebel army. He was arrested as a spy and by orders received from the Secretary of War. He will be sent to Fort Lafayette, New York Harbor.

CHILDREN TEETHING

MRS. WINSLOW,

an experienced Nurse and Female Physician, presents to the attention of mothers, her

SOOTHING SYRUP,

FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves and

RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and CAN SAY, IN CONFIDENCE AND TRUTH, of it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and medical virtues. We speak in this matter "WHAT WE DO KNOW" after ten years experience, AND PLEDGE OUR REPUTATION FOR THE FULFILLMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILLFUL NURSES in New England, and has been used with NEVER-FAILING SUCCESS in

THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC

and overcome convulsions, which, if not speedily remedied, end in death. PROF. L. MILLER'S

HAIR INVIGORATOR,

An Effective, Safe and Economical Compound,

FOR RESTORING GRAY HAIR

To its original color without dyeing, and preventing Hair from turning gray.

FOR PREVENTING BALDNESS,

And curing it, when there is the least particle of vital or recuperative energy remaining.

FOR REMOVING SCURF AND DANDRUFF

And all cutaneous affections of the Scalp.

FOR BEAUTIFYING THE HAIR.

Imparting to it an unequaled glow and brilliancy, making it soft and silky in its texture, and causing it to curl readily.

The great celebrity and increasing demand for this unequaled preparation, convinces the proprietor that one trial is only necessary to satisfy a discriminating public of its superior qualities over any other preparation in use. It cleanses the head and scalp from dandruff and other cutaneous diseases, causing the hair to grow luxuriantly, giving it a rich, soft, glossy and flexible appearance, and also, where the hair is loosening and thinning, it will give strength and vigor to the roots and restore the growth to those parts which have become bald, causing it to yield a fresh covering of hair.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations have failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the hair from turning until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty restore it to it to its original hue, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance, and the great facilities it affords in dressing the hair, which, when moistened with the Invigorator, can be dressed in any required form so as to preserve its place, whether plain or in curls; hence the great demand for it by the ladies as a standard toilet article which none ought to be without, as the price places it within the reach of all, being

Only Twenty-Five Cents

per bottle, to be had at all respectable Druggists and Perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the children's hair inclines to be weak. The use of it lays the foundation for a good head of hair, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its Hair.

CAUTION.—None genuine without the fac-simile LOUIS MILLER being on the outside wrapper. Also, L. MILLER'S HAIR INVIGORATOR, R. L. blown in the glass.
