YACHTING.

A TRANS-ATLANTIC CRUISE.

The yacht Alice, sloop, of Boston, 27 44-100 tuns (new measurement), will sail from Boston on the 16th inst. for Liverpool. The party will consist of her owner, T. G. Appleton, esq., and two friends, three in crew and a steward, making seven all told.

Mr. Appleton expects to make the trip in about 25 days, but carries water and provisions for more than twice that length of time.

The Alice is new, having been launched this Spring. She was built by Townsend, of Portsmouth. She is in all respects, both as regards construction and finish, a first-class boat, is copper-fastened and treenailed throughout. Her cock-pit is finished in solid mahogany, and her cabin is cherrwood, oak and other hard woods, with light gilt moldings, &c.

She has three staterooms elegantly furnished, and in her main cabin, which is remarkably spacious for a boat of her size, four berths, which, in the day time are closed by folding doors. Her dimensions are: Length, 57 feet; beam, 15 feet; draft of water, about 6 feet 6 inches.

Thus while our New-York yachtsmen, with their large schooners, are raising a shout about ocean sailing and racing with the Englishmen, this plucky Boston gentleman, without making any bluster about it, starts quietly off in his little sloop to do the thing.

We wish him a prosperous voyage and safe return—and venture to express the hope that some of our New-York yacht owners may be stimulated soon to follow his example.

UPSETTING OF A YACHT—NARROW ESCAPE FROM DROWNING.

During the gale on Sunday night, about 7 o'clock, the yacht Sevinus, having on board 11 gentlemen and 3 ladies, was upset on the North River, off Fort Washington Depot. All of the party clung to the boat, which mostly drifted ashore at the foot of One-hundred-and-seventy-fifth-st. The party were assisted by the Thirty-second Precinct Police.

MONDAY, July 9—P. M.

Gold closes at 151½ after selling at 154 and 151½ during the day. The steamer from Aspinwall brings $1,120,833, of which $500,000 is for the United States Treasury.

Gold-bearing Government stocks are in active demand, not only at the Stock Exchange, but at bankers' counters. Holders of one-year certificates are free buyers of funded debt, and still higher rates are probable. In Railway mortgages little is doing, and only a moderate business in Bank shares. The small shares are neglected, and barely enough is done in them to keep them in memory. Chicago and North-Western stocks were stronger at higher rates. The chief interest in the share market centers in Erie common stock, which sold as high as 72¼ and closes at 71¼. As a speculation, it is probably dangerous to go short of this property, but it is still more hazardous to buy it hoping for profits. The Road is earning nothing for the common shares, and after the present gambling operations in Wall-st. are over the price will shrink. Its earnings in the first half of 1866 have been about $6,500,798
Less 81 per cent expenses leaves net 1,186,146
Six months interest on bonds $522,930
Six months interest on floating debt 140,000
Dividend on preferred stock ..... 208,739 — 1,271,670
Deficiency on six months $85,524

The common stock has been sunk, and buyers "for investment" cannot be too careful. At the Second Board the market was dull and steady. After the call Erie was active, but the balance of the list was neglected. The closing quotations were: New-York Central Railroad, 99½@99¾; Erie Railway, 71½@71¾; do. Preferred, 75¼; Hudson River Railroad, 113@114; Reading Railroad, 107¼; Michigan Central Railroad, 105; Michigan Southern and N. Indiana Railroad, 80@80¼; Illinois Central Railroad, 121½@122; Cleveland and Pittsburgh Railroad, 83½@83¾; Chicago and North-Western Railroad, 32¼@32½; do. Preferred, 62@62½; Cleveland and Toledo Railroad, 111½@112; Chicago and Rock Island Railroad, 96¾@96½; Pittsburgh, Fort Wayne and Chicago Railroad, 97½@97¾.

The money market is more active, and on call brokers pay 5@6 per cent. In commercial paper the transactions are limited, and best names are quoted at 5½, and good at 6@6½ per cent. The bank statement shows a decrease in legal tenders of $2,281,002, an increase of loans of $6,650,665, and an increase of coin of $2,068,048.

The following shows the condition of the New-York City banks:

ROMAN LOAN.

AMERICAN ISSUE—FOUR MILLION DOLLARS.

To insure the Treasury of the States of the Holy See complete independence during the negotiations pending between the Governments of France and Italy for the liquidation of the Papal State debt, His Holiness, Pope Pius IX., by Pontifical Act of the 11th of April, last, ordered the emission by subscription of the loan now offered to the public.

Although former loans have commanded nearly par, His Holiness, in view of the present condition of monetary markets, not wishing to impose a sacrifice upon those willing to contribute to augmenting his present temporary embarrassments, as well as to present inducements to capital, has decided to issue this loan at sixty-six (66) dollars gold for the one hundred dollar gold bond.

The Bonds, payable to bearer, are of 500 francs, or $100 (gold), each, bearing 5 per cent interest per annum in gold, the coupons payable semi-annually, on the 1st of April and the 1st of October, in Paris, or in New-York, Philadelphia and New-Orleans, at the current rate of exchange. The issue being at $66 (gold), will give more than 7½ per cent interest on the investment.

From 1870, $12,000 will be annually appropriated for the purchase of the Bonds. The amount of interest of those canceled will be applied to the further reduction of the debt.

It is believed that this loan will commend itself to capitalists generally, and undoubtedly will to all good Catholics having at heart a desire to prove that his Holiness never addresses himself to them in vain.

No investment can present greater security than one guaranteed, as this is, by the pledged faith of a State which has always punctually fulfilled every engagement of its Pontifical Head.

Subscriptions received and Coupons paid at the following Banking Houses:

Messrs. EDWARD BLOUNT & Co., Paris, France.
Messrs. DUNCAN, SHERMAN & Co., Nassau-st., corner Pine, New-York.
Messrs. DREXEL & Co., No. 34 South Third-st., Philadelphia.
Messrs. [illegible], New-Orleans.

Subscriptions also received by Mr. JOHN B. MURRAY, No. 13 Nassau-st., New-York.

Mr. Robert Murphy being the bearer to us of introductory letters from the Apostolic Nuncio at Paris, we feel authorized to commend most earnestly the objects of his mission to the Rev. Clergy and faithful of our diocese.

Given at New-York, this 23d day of June, A. D. 1866.
